Presentation: All Aboard Florida Update

LARSON
Consulting Services, LLC

October 24, 2017

Memorandum

To: William Spivey, Executive Director
Florida Development Finance Corp ("FDFC")

From: Jeff Larson, President, Larson Consulting Services, Orlando
Financial Advisor to FDFC

Re: FDFC Bond Resolution No. 17- 09 ; All Aboard Florida - Operations LLC ("the Company"); Up \$600,000,000 Florida Development Finance Corporation Surface Transportation Facility Revenue Bonds (Brightline Passenger Rail Project- South Segment), Series 2017 ("the Series 2017 Bonds")

Following the presentations to the FDFC Board by the Company and its Financing Team in 2015, and the FDFC Board's approval of Resolution No.15-04 on August 5, 2015 for up to \$1.75 Billion in Surface Transportation Revenue Bonds, the Company decided to not proceed with the marketing of the bonds that year. All Aboard Florida, supported by its own capital and other sources of financing, proceeded to finance the initial phase of this Project, the South Segment, from Miami Station thru Fort Lauderdale Station to a West Palm Beach Station.

The Company has requested a meeting to update the FDFC Board and provide revised documents regarding the bond financing of the South Segment Phase for up to \$600 Million. All Aboard Florida, d/b/a Brightline, has received DOT approval for up to \$600 Million for the private activity bonds and a TEFRA approval on August 1, 2017. A summary comparison of the 2015 Bond Financing and the proposed 2017 Bond Financing, prepared by the Company, is attached for your reference. Please allow this memo to serve as a summary of the proposed 2017 Bonds and adherence/application of FDFC's Conduit Issuance Policy. We are serving as the Financial Advisor to FDFC, and not as the Financial Advisor to the Company.

As cited in the draft Preliminary Limited Offering Memorandum ("PLOM") and a summary presentation prepared by the Company for the rating agencies, All Aboard Florida is working to select its Underwriting Team from a stable of large Wall Street leading firms. It is not expected to be able to achieve an Investment Grade underlying rating during the timetable to price and close a bond issue by calendar year end 2017. Therefore, for purposes of this memo, and FDFC Issuance Policy, we will assume that the bonds are either nonrated, or noninvestment grade rated.

Substantial progress has been made on this project, with an estimated investment of \$1.8 Billion, and the South Segment to begin train service the fourth quarter of 2017. The collateral package has been strengthened, with reduced leverage ratios, and the vast majority of any project completion risk eliminated. An updated October 2017 Brightline Ridership and Revenue Study is part of the material that has been reviewed as an Appendix to the PLOM.

A. BACKGROUND AND UPDATE FROM PRIOR FDIC APPROVAL

Key members of the Financing Team for the Company's 2017 Bonds, in addition to FDIC Issuer's Counsel, are listed below:

Borrower:	All Aboard Florida Operations, LLC ("Borrower")
Borrower's Financial Advisor:	NA
Management Company:	All Aboard Florida Operations Management, LLC, an affiliated company to the Borrower ("Manager")
Parent Company:	Florida East Coast Industries, LLC ("FECI"), is a diversified transportation, infrastructure and commercial real estate company and one of Florida's oldest and largest businesses. FECI, headquartered in Coral Gables, FL, is a private company currently owned by certain private equity funds managed by affiliates of Fortress Investment Group LLC ("Fortress"), that acquired FECI in May 2007, and had over \$70 billion in assets under management as of June 30, 2017. In February 2017, Fortress and Softbank announced a definitive merger agreement under which Softbank intends to acquire Fortress for \$3.3 Billion. Fortress's shareholders approved the sale on July 12, 2017. Softbank is a large Japanese multinational conglomerate that was established in 1981, and is expected to have Fortress operate as an independent business under Softbank. This acquisition is expected to close by the end of 2017.
Rail Service Operator:	Florida East Coast Railway, LLC ("FECR"). FECR, headquartered in Jacksonville, Florida, was established in 1885, and had been owned by Fortress funds since 2007. FECR currently operates a freight railroad on the South Segment tracks, and also all the way north up to Jacksonville, Florida representing 351 miles of mainline track. The service agreement with All Aboard Florida/Brightline contains several terms regarding the joint use of the track for both freight and passenger service, including the joint operation of train dispatch, which is managed via a 50-50 joint venture between the two companies that provides for priority scheduling of passenger trains. On June 30, 2017, FECR was sold to a subsidiary of Grupo Mexico, the largest owner and operator of freight railroads in Mexico, for \$2.1 billion, and AAF continues to maintain an operations service agreement with FECR.
Borrower's Counsel:	Skadden, Arps, Slate, Meagher and Flom, New York, NY

Bond Counsel: Greenberg Traurig, P.A., Miami, Florida

Underwriters: TBD

Underwriters' Counsel: Mayer Brown, LLP, Chicago, Illinois

Trustee, Collateral Agent: Deutsche Bank, Jacksonville, Florida

Dissemination Agent: Per recommendations from FDFC and LCS, Digital Assurance Corporation ("DAC"), Orlando, Florida. If done via SEC Rule 15c2-12 for continuing disclosure requirements as a limited offering to Qualified Institutional Investors ("QIBs"), then DAC will have that responsibility via a Continuing Disclosure Agreement for the investors, but no filings on EMMA since the Borrower is a privately held company.

PROJECT SUMMARY

The Series 2017 Bonds will finance, or refinance, in addition to Borrower and Parent Company funds, (i) the Project, or the South Segment Phase 1 (the design, development, acquisition, construction, installation, equipping, ownership and operation of a privately owned and operated express intercity passenger rail system and related facilities, and stations in Miami, Ft. Lauderdale and West Palm Beach), (ii) capitalized interest, (iii) a Debt Service Reserve Fund, and (iv) cost of issuance. According to Borrower and Fortress representatives, a majority of the 2017 proceeds will be used to pay off higher coupon debt (\$504 Million in taxable Senior Secured Notes and \$98 Million Rolling Stock credit facility) that the Company and its affiliates had borrowed from institutional investors and banks.

The South Segment will include Express passenger rail service on an approximately 67 mile track between the Miami, Ft. Lauderdale and West Palm Beach Station, and expected to take about hour and have speeds of up to 125 MPH. Construction of the stations and rail upgrades is substantially complete, with service expected to run in the fourth quarter of 2017. The 2017 Bonds will only finance or refinance capital expenditures in the three counties of Miami- Dade, Broward, and Palm Beach. To date, the Borrower and its affiliated companies have invested approximately \$1.8 Billion dollars to date as set forth below:

- \$700 Million- Corridor and Station Land
- \$575 Million- Rail Infrastructure
- \$260 Million- New Rolling Stock
- \$250 Million- Station Land

Rolling stock includes 5 Trainsets from Siemens (four in service and one spare, with each trainset comprising two state of the art diesel-electric locomotives, and four stainless steel coaches). Each coach seats up to 240 passengers, expected to be a mix of business, and leisure travelers, for a total capacity of 960.

B. PROPOSED BOND STRUCTURE

The Borrower has structured the Series 2017 Bonds similar to the earlier structured 2015 bond issuance credit. Following the selection of a Senior Managing Underwriter and an Institutional Investor Roadshow, the Borrower is expected to finalize the details given investor input, and update the PLOM. The basic structure is expected to be a Multi modal arrangement, with the initial bonds going out in a Term Mode at a Term Rate for a Seven to Ten Year **interest only** Period at a spread over comparable U.S. Treasury Bonds or the equivalent MMD scale, depending on the market reception from investors, the Term Mode selected, and prevailing interest rates for a Non Rated, High Yield, Tax Exempt AMT Bond.

At the end of the initial Term Period, the bonds can be remarketed to investors following a mandatory put, via a new PLOM, to either investors for (i) another Term Mode Period, or (ii) to a longer Term Fixed Rate Mode, with a final maturity not to exceed Thirty years from the initial closing date (i.e. December 2047). The Company does not expect to arrange any liquidity facility for remarketing purposes. The Series 2017 Bonds are expected to also be subject to an extraordinary optional redemption at par plus a “to be determined” premium in the event of a Company arranging financing to (a) refund the South Segment Bonds and (b) finance the “North Segment Project” from West Palm Beach Station via Brevard County to the Orlando Station at the Orlando airport.

(1) Company Contribution to increase to cover these items as they are developed.

As FA to FDFC, LCS will review the estimated COI with the Borrower and financing team, and follow the bond pricing via the Senior Managing Underwriter via IPREO. The professionals selected by the Borrower all have extensive experience with large complex Project Financings,

and we look forward to getting a market update from the selected Senior Managing Underwriter and more detailed Sources and Uses and Debt Service Schedules. The Company expects to fund and maintain a Debt Service Reserve Fund, and to fund an initial Ramp-Up Reserve, in each case using a combination of funds to be contributed at closing, and funds available from excess Project cash flows.

Security Structure: The documents have been amended since 2015 with a simpler, and vastly improved collateral package for investor review and consideration. Via the Trust Indenture, and Senior Loan Agreement, and assignment of FDFC's issuer rights to the Trustee, the Borrower will have an obligation to pay the debt service on the Series 2017 Bonds to the Trustee. Deutsche Bank will also serve as the Collateral Agent and Account Bank for the collateral and certain key accounts and funds including the Revenue Fund, Debt Service Reserve Fund, and Ramp Up Reserve Fund. Collateral will include all real and personal property of the Borrower (see Capital Investment to date of \$1.8Billion), and structured with two mortgages. AAF/Brightline net equity after 2017 Bonds of \$1.2Billion represents 67% of project value. The Right of Way or ROW Mortgage will cover the Shared Corridor and Passenger Rail Easements for the South Segment. The Station Mortgage will cover the real estate for the Fort Lauderdale and West Palm Beach Stations, and the air rights for the Miami Station. (Outside of our financing and the collateral, the Borrower and its affiliated companies will also be developing commercial real estate adjacent to the three Stations that is expected to help provide additional passenger amenities and attract rail passenger traffic).

Ratings Status: Packages have been supplied to Moodys, S&P Global, and Fitch, but ratings are not expected to be available in time for a December pricing and closing.

Minimum Denominations: \$100,000 and multiples thereof, if sold only to QIBs.

Investors: The 2015 Bonds were approved by FDFC at that time based on its Conduit Issuance Policy, and investors were restricted to either QIBs or AIs. Given the nature of this non rated credit, and the Borrower's plans to focus on an Institutional Road Show with its underwriters, we would recommend that the 2017 Bonds be made available only to Qualified Institutional Buyers ("QIBs") per Rule 144A of Securities Act of 1933 ("the Act"). If either (a) the selected Senior Managing Underwriter feels that this needs to be offered also to Accredited Investors, or (b) the Series Bonds are issued with an Investment Grade underlying rating, then we feel that inclusion of AIs would be acceptable but subject to Executive Director approval and an increase in the minimum denominations to \$250,000. LCS will be involved in the bond pricing via IPREO, and we understand that the Underwriters will provide FDFC and the Trustee at closing with a certification that the investors are QIBs, and therefore have the knowledge and experience in financial and business matters, capable of evaluating the merits and risks of the Bonds, and are not purchasing for more than one account or with a view to distributing the bonds. LCS and Issuer's Counsel will review this Certificate on behalf of FDFC.

Financial Covenants: The current version of the PLOM, Trust Indenture, Senior Loan Agreement, and Collateral Agreement do not have a full listing of the proposed financial covenants for the Series 2017 Bonds. We understand that the Borrower will work with the "to be selected" Senior Managing Underwriter to develop these items, and then amend them, as needed,

following the Institutional Investor Roadshow and discussions. We understand and are comfortable with this approach. We will continue to be part of the PLOM and bond document review process along with FDFC staff, Issuer's Counsel, and Trustee/Trustee's Counsel until closing. Financial covenants, per the existing 2015 structure approved by FDFC, as amended, are expected to include, but not be limited to:

- *Levels of Permitted Existing Senior Indebtedness In Addition to Series 2017 Bonds:* Leverage is significantly less than in 2015, with \$600 Million in Debt against \$1.8 Million in Collateral, or Debt as a % of Capitalization of 33%.
- *Additional Bonds Test:* Limited to a refunding of the 2017 Bonds, other than some TBD levels permitted on Senior Debt for Working Capital needs, and Subordinated Debt.
- *Maintenance of Major Maintenance Expense Reserves:* Will be formula-based on outside consultant's determination, built into annual operating budget.
- *Minimum Debt Service Coverage Levels:* To be determined.
- *Ramp Up Reserve:* Funded initially at closing via Borrower funds, and then increased via net excess Project Fund Revenues. To be determined.
- *Restrictions on Distributions to Borrower from Net Excess Project Fund Revenues:* Any funds deposited into the Distribution Account will only be made after all other required deposits made to funds noted above, satisfactory minimum debt coverage levels met, and other items per Investor negotiations to be determined.
- *Reporting Requirements:* Expected to include quarterly filings of unaudited financials and other metrics that the QIBs will ask for, and annual Audit and Covenant Compliance Certificate.
- *Collateral Monitoring:* By Trustee as Collateral Agent, as negotiated with QIBs and Company.
- *Cross Default Provisions:* TBD
- *Change of Control Provisions:* TBD

C. BRIGHTLINE RIDERSHIP AND REVENUE STUDY

Louis Berger US, Inc. provided the Borrower with an updated October Ridership Study for the South Segment Project. It is a very thorough 81 page Study that provides a good bit of detail, research, summaries from local potential passenger surveys and discussion as to the potential demand for Brightline Express Rail Service between these three Stations. Composition of the projected passengers, above average household income levels, and employment trends in this three county region, and existing and competing modes of transportation (auto, local rail, rail, and bus) were all discussed. A few key items are noted below. The FDFC Staff and Board are encouraged to go thru this Study, and take advantage of the summary charts, diagrams, and material provided.

Demographics:

This three County of Florida represents a population of over 6 Million, having grown significantly from 2.8 Million in 1975. This includes 2.9 Million, 1.6 Million, and 1.5 Million approximately in Miami Dade, Broward, and Palm Beach counties, respectively. The downtown City location of the three Stations in the cities of Miami, Fort Lauderdale, and West Palm Beach

are key to ridership estimates as representing a majority of the county's population (within a ten mile radius), proximity to employment centers, and other local connecting transportation providers (busing, local transit, light rail, etc.). This three county area represents approximately 1/3rd of all Florida population, and household income.

Transportation Analysis

The vast majority of current travel in this region is by auto (99%), with this area of Florida also documented in regional, State and Federal studies as one of the most congested areas of travel in the State and Country, notwithstanding the options of both I -95 and the Florida Turnpike. Brightline's City Center to City Center Express Rail Service is expected to find the most resistance from current auto travelers due in large part to the need to then find local transportation to the departing Station, and from the arriving Station. Ridership market share estimates seem to be conservative and represent following Ramp Up Period only 0.74% of total annual trips taken by all modes of transportation, or roughly 365 million trips per year.

58% of the trips are expected to be Miami- Ft Lauderdale (32 miles, with Brightline travel time of est. 24 minutes versus 44 to 48 minutes by car), with 26% Ft. Lauderdale- West Palm Beach (46 miles, Brightline travel time of 34 minutes versus auto of 60-65 minutes, and 16% of the trips Miami- WPB (73 miles, and Brightline travel time of 65 minutes versus auto of est. 91-99 minutes).

Brightline projects to offer 32 trains a day, 16 Southbound and 16 northbound. Monday to Friday service is expected to begin at 6:00 am in West Palm Beach, and 6:20 am in Miami up until around 10 to 11 pm. There is expected to be hourly departures seven days a week, with the perceived advantages over other options for travelers including:

- Travel Time Savings (versus auto, bus, traditional rail, est. 25 to 50%)
- Frequency and Reliability
- Booking (online, mobile, same day or advance, coach, business, etc.)
- Amenities (free WiFi, sufficient electrical outlets, seats similar to First Class Airline, Food & Beverage)

Projected Cash Flow From Operations and Debt Service Coverage: As provided by the Company, and to be further developed in the subsequent drafts of the PLOM, projected cash flows from Project System Revenues for the South Segment, following a two year ramp up period in 2018-2019, are summarized on the following page:

Cash Flow Summary

(\$ and Passengers In Millions)	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>Total</u>
Ramp Up	40%	80%	100%	100%	100%	
Passengers	1.1	2.3	2.9	3.0	3.0	12.3
CASH FLOW						
Revenue	\$57	\$112	\$142	\$147	\$154	\$612
Opex	<u>(60)</u>	<u>(60)</u>	<u>(63)</u>	<u>(65)</u>	<u>(66)</u>	<u>(314)</u>
EBITDA	(3)	52	79	82	88	298
Maintenance Capex	(7)	(4)	(4)	(4)	(4)	(23)
Cash Flow Before Debt Service	(10)	48	75	79	84	276
Interest	24	24	24	24	24	120
Debt Amort. (1)	N/A	N/A	N/A	N/A	N/A	N/A
Cash Flow After Debt Service (2)	(\$34)	\$24	\$51	\$55	\$60	\$156

- (1) Per Company, assumes amortization begins in Year Six, Debt fully amortized over 25 year period. Initial interest only period estimated Term Mode Rate of 4.00%.
- (2) Shortfalls in ramp up period expected to be covered via withdrawal from Ramp Up Reserve Fund, and this Reserve to be funded at closing of 2017 from Borrower Funds.

D. REPORTING REQUIREMENTS- CONTINUING DISCLOSURE TO INVESTORS VIA THE DISSEMINATION AGENT

Once the Senior Managing Underwriter has determined the list of QIBs for the Series 2017 bonds following investor calls and bond pricing, there is expected to be an obligation of the Trustee to maintain this list as Register and Tender Agent. The Dissemination Agent is expected to serve as Information repository and dissemination agent on the QIB/Company agreed upon interim unaudited financials, annual audits, covenant compliance, collateral positions, and any other required material. Due to the nature of this privately held company and limited distribution to only QIBs, it is not anticipated to require filings to EMMA.

Economic Development/Employment Metrics for FDFC:

Since the Series 2017 bonds are a refinancing of prior Company debt, there is an assumption for FDFC to request an annual report for three years post closing as part of the Continuing Disclosure Agreement (“CDA”) with DAC to include, on an annual basis beginning with the FYE 2018 Audit;

- \$ amount of capital expenditures spent for that year,
- Number of employees added that year, and total salary levels, and
- Number of passengers and ticket revenues

E. FINANCIAL ADVISOR RECOMMENDATION

We have had a chance to review the updated Company material, initial round of amended bond documents, amended draft PLOM, and support material on this proposed bond financing over a compressed period of time. This review has also included the key areas of FDFC’s Board adopted Conduit Issuance Policy.

We recommend this proposed All Aboard Florida bond issue, as amended from prior Board approvals, to you, and to the Board, as part of their consideration of Resolution No. 17-09 on October 27th, subject to:

- (1) It is only to be sold to QIBs and in minimum denominations of \$100,000. If requested by the Borrower and underwriters to include AIs, then this would require Executive Director approval at a minimum denominations of \$250,000.
- (2) Continued receipt and review by LCS, Broad and Cassel, FDFC Staff, Trustee and Trustee’s Counsel of the updated PLOM, Numbers, Bond Documents, Collateral Agreement, Ridership Study, and continuing disclosure agreements, as changes and inserts are made.
- (3) Close coordination with the Company, Senior Managing Underwriter, and Legal Team, on the proposed Financing Timetable, including, but not limited to, the proposed date of PLOM distribution, proposed pricing date, and closing date.
- (4) LCS’ participation on behalf of FDFC in the Bond Pricing and Allocation of initial bonds to the QIBs following the Investor Calls, so as to confirm for FDFC, along with the Underwriter’s BPA certification, that these were sold only to QIBs and that the Delegation Parameters in the Bond Resolution were met. As requested by FDFC, LCS will also review that the pricing is done at current market coupons and yields for a comparable Nonrated Tax Exempt AMT bond issue
- (5) Per the PLOM and bond citation/CUSIPs, any future resale of the Bonds in the secondary market can only occur with that future Investor certifying to the Trustee, with a form approved by FDFC Counsel at closing, that they are buying the bonds for their own account, and they are a QIB.
- (6) Receipt of appropriate Indemnification from the Company regarding this financing, to the satisfaction of FDFC Issuer’s Counsel and LCS.

- (7) Receipt of a Good Faith Check payable to FDFC from the Company in the amount of \$100,000, to be held in escrow and uncashed by Issuer's Counsel, received prior to the release of Resolution No. 17-09, if approved by the FDFC Board. Good Faith Check to be used, in the event of the Series 2017 bonds not closing, by FDFC to cover the reasonable fees and expenses of Issuer's Counsel, Issuer's Financial Advisor and FDFC Staff. If not used, then returned uncashed following closing to the Company.

We appreciated the opportunity to support FDFC on this proposed Bond issue, as amended. I have a prior out of town commitment at 10 am on the 27th, but would be happy to discuss this with any Board member prior to the 27th and help address any questions.

The Bonds will be issued under the Act and initially secured under the provisions the Transaction Documents. The Bonds shall mature in the years, bear interest, be purchased at the prices and be subject to optional and mandatory redemption at the times and in the amounts, all as set forth in Schedule II attached hereto. The Authorized Denominations, Record Dates, Interest Payment Dates, Sinking Fund Payment Dates, and other details and particulars of the Bonds shall be as described in the Transaction Documents and the Limited Offering Memorandum (as defined below) of the Issuer.

3. **Limited Public Offering.** The Underwriters agree to make a *bona fide* limited public offering of the Bonds at a price not in excess of the initial offering price or prices or yields not less than the yields set forth on the inside cover page of the printed paper form of the Limited Offering Memorandum of the Issuer; *provided, however*, the Underwriters reserve the right to change such initial public offering prices as the Underwriters deem necessary or desirable, in their sole discretion, in connection with the marketing of the Bonds, and may offer and sell the Bonds to certain dealers, unit investment trusts and money market funds, certain of which may be sponsored or managed by one or more of the Underwriters at prices lower than the public offering prices or yields greater than the yields set forth therein. The Parties acknowledge that the Underwriters shall limit the sale of the Bonds only to qualified institutional buyers (“Qualified Institutional Buyers”), as defined in Rule 144A promulgated under the Securities Act of 1933, as amended (the “1933 Act”), and accredited investors (“Accredited Investors”), as defined in Rule 501 of Regulation D promulgated under the 1933 Act, and that further resale of the Bonds by such persons shall be restricted to Qualified Institutional Buyers, Accredited Investors. Each of the Underwriters agrees to deliver to the Issuer at Closing a certificate confirming that the sales of the Bonds have been limited to Qualified Institutional Buyers or Accredited Investors.

4. **Issue Price.**

(a) The Representative, on behalf of the Underwriters, agrees to assist the Issuer in establishing the issue price of the Bonds and shall execute and deliver to the Issuer at Closing an “issue price” or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit A, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Representative, the Issuer and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the Issuer under this section to establish the issue price of the Bonds may be taken on behalf of the Issuer by the Issuer’s municipal advisor identified herein and any notice or report to be provided to the Issuer may be provided to the Issuer’s municipal advisor.

(b) Except as otherwise set forth in Schedule II attached hereto, the Issuer will treat the first price at which 10% of each maturity of the Bonds (the “10% test”) is sold to the public as the issue price of that maturity (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% test). At or promptly after the execution of this Purchase Agreement, the Representative shall report to the Issuer the price or prices at which the Underwriters have sold to the public each maturity of Bonds. If at that time the 10% test has not been satisfied as to any maturity of the Bonds, the Representative

Each of the Issuer and the Company acknowledges and agrees that: (i) the primary role of the Underwriters, as underwriters, is to purchase securities for resale to investors in an arm’s length commercial transaction among the Issuer, the Company and the Underwriters, and the Underwriters have financial and other interests that differ from those of the Issuer and the Company; (ii) the Underwriters are acting solely as principals and are not acting as municipal advisors, financial advisors or fiduciaries to the Issuer or the Company, and have not assumed any advisory or fiduciary responsibility to the Issuer or the Company with respect to the transaction contemplated hereby and the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriters have provided other services or are currently providing other services to the Issuer or the Company on other matters); (iii) the only obligations the Underwriters have to the Issuer or the Company with respect to the transaction contemplated hereby expressly are set forth in this Purchase Agreement; and (iv) each of the Issuer and the Company has consulted its own financial and/or municipal, legal, accounting, tax and other advisors, as applicable, to the extent it has deemed appropriate.

2. **Description and Purpose of the Bonds.** The Bonds have been authorized pursuant to The Florida Development Finance Corporation Act of 1993 (Chapter 288, Part X, Florida Statutes) (the “Act”) and Resolution No. 15-04, adopted by the Issuer on August 5, 2015 as amended by Resolution No. [_____] , adopted by the Issuer on [_____, 2017] (collectively, the “Authorizing Resolution”). The Bonds shall be dated as of their date of delivery. The Bonds shall be issued and secured under and pursuant to the Indenture of Trust, dated as of [November][December] 1, 2017 (the “Indenture”), by and between the Issuer and Deutsche Bank National Trust Company, as trustee (the “Trustee”). The Bonds are secured by the Trust Estate which includes payments provided for in the Senior Loan Agreement between the Issuer and the Company, dated as of [November][December] 1, 2017 (the “Senior Loan Agreement”).

The proceeds of the sale of the Bonds will be loaned to the Company to (a) pay or reimburse a portion of the costs of the Project; (b) fund certain reserve accounts; and (c) pay or reimburse certain costs of issuing the Bonds.

Contemporaneously with the issuance of the Bonds, the following documents are contemplated to be executed and delivered: the Tax Regulatory Agreement and No Arbitrage Certificate dated the Closing Date (defined below) (the “Tax Certificate”), between the Issuer and the Company; the Collateral Agency, Intercreditor and Accounts Agreement, dated as of the Closing Date (the “Collateral Agency Agreement”), among the Company, the Collateral Agent, Deutsche Bank National Trust Company, as the Account Bank, the Trustee and the other parties thereto from time to time; and the Disclosure Dissemination Agent Agreement, dated as of [November][December] 1, 2017 (the “Dissemination Agent Agreement”), between the Company, and Digital Assurance Certification, LLC, as dissemination agent. The Dissemination Agent Agreement, together with this Purchase Contract, the Senior Loan Agreement, the Indenture, the Tax Certificate and the Collateral Agency Agreement, shall be collectively referred to as the “Transaction Documents”). agrees to promptly report to the Issuer the prices at which Bonds of that maturity have been sold by the Underwriters to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until the 10% test has been satisfied as to the Bonds of that maturity or until all Bonds of that maturity have been sold to the public.

(c) The Representative confirms that the Underwriters have offered the Bonds to the public on or before the date of this Purchase Agreement at the offering price or prices (the “initial offering price”), or at the corresponding yield or yields, set forth in Schedule II attached hereto, except as otherwise set forth therein. Schedule II also sets forth, as of the date of this Purchase Agreement, the maturities, if any, of the Bonds for which the 10% test has not been satisfied and for which the Issuer and the Representative, on behalf of the Underwriters, agree that the restrictions set forth in the next sentence shall apply, which will allow the Issuer to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the “hold-the-offering-price rule”). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriters will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (i) the close of the fifth (5th) business day after the sale date; or
- (ii) the date on which the Underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Representative shall promptly advise the Issuer when the Underwriters have sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

The Issuer acknowledges that, in making the representation set forth in this subsection, the Representative will rely on (i) the agreement of each Underwriter to comply with the hold-the-offering-price rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an Underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, as set forth in the retail distribution agreement and the related pricing wires. The Issuer further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement regarding the hold-the-offering-price rule and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

- (d) The Representative confirms that:

- (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the Representative is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the Representative that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative and as set forth in the related pricing wires, and

- (ii) any agreement among underwriters relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such retail distribution agreement to (A) report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the Representative or the Underwriter that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative or the Underwriter and as set forth in the related pricing wires.

(e) The Underwriters acknowledge that sales of any Bonds to any person that is a related party to an Underwriter shall not constitute sales to the public for purposes of this section. Further, for purposes of this section:

- (i) "public" means any person other than an underwriter or a related party,
- (ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public),
- (iii) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of

their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

- (iv) "sale date" means the date of execution of this Purchase Agreement by all parties.

5. Delivery of the Limited Offering Memorandum and Other Documents.

(a) The Issuer and the Company have delivered or caused to be delivered to the Underwriters copies of the Preliminary Limited Offering Memorandum dated [_____, 2017], which, together with the cover page and appendices thereto is herein collectively referred to as the "Preliminary Limited Offering Memorandum." It is acknowledged by the Issuer and the Company that the Underwriters may deliver the Preliminary Limited Offering Memorandum and a final Limited Offering Memorandum (as hereinafter defined) electronically over the internet and in printed paper form. For purposes of this Purchase Agreement, the printed paper form of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum are deemed controlling. The Issuer and the Company deem the Preliminary Limited Offering Memorandum final as of its date and as of the date hereof for purposes of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended ("Rule 15c2-12"), except for any information which is permitted to be omitted therefrom in accordance with paragraph (b)(1) thereof.

(b) Within seven (7) business days from the date hereof, and in any event not later than two (2) business days before the Closing Date, the Issuer and the Company shall deliver to the Underwriters a final Limited Offering Memorandum relating to the Bonds dated the date hereof (such Limited Offering Memorandum, including the cover page, and all appendices attached thereto, together with all information previously permitted to have been omitted by Rule 15c2-12 and any amendments or supplements and statements incorporated by reference therein or attached thereto, as have been approved by the Issuer, Issuer's Counsel, the Company, Bond Counsel, and the Representative, is referred to herein as the "Limited Offering Memorandum") and such additional conformed copies thereof as the Representative may reasonably request in sufficient quantities to comply with Rule 15c2-12, rules of the Municipal Securities Rulemaking Board ("MSRB") and to meet potential customer requests for copies of the Limited Offering Memorandum. The parties acknowledge and agree that the Underwriters and their counsel have assumed primary responsibility for the preparation of the Preliminary Limited Offering Memorandum and the final Limited Offering Memorandum and shall be obligated to take such reasonable actions as are necessary to assist the Issuer and the Company with their respective obligations in this Section 5(b). The Underwriters agree to file a copy of the Limited Offering Memorandum, including any amendments or supplements thereto prepared by

the Issuer and the Company, with the MSRB on its Electronic Municipal Markets Access ("EMMA") system. The Company shall execute the Limited Offering Memorandum by an authorized officer of the Company. The Limited Offering Memorandum shall be in substantially the same form as the Preliminary Limited Offering Memorandum and, other than information previously permitted to have been omitted by Rule 15c2-12, the Issuer and the Company shall only make such other additions, deletions and revisions in the Limited Offering Memorandum which are approved by and the Representative (such approval not to be unreasonably withheld, conditioned or delayed). The Underwriters hereby agree to cooperate and assist in the preparation of the Limited Offering Memorandum. The Issuer and the Company hereby agree to deliver to the Underwriters an electronic copy of the Limited Offering Memorandum in a form that permits the Underwriters to satisfy their obligations under the rules and regulations of the MSRB and the U.S. Securities and Exchange Commission ("SEC"). The Issuer and the Company hereby ratify, confirm and approve the use and distribution by the Underwriters before the date hereof of the Preliminary Limited Offering Memorandum and hereby authorize the Underwriters to use the Limited Offering Memorandum and the Indenture (and other Transaction Documents) in connection with the limited public offering and sale of the Bonds.

(c) In order to assist the Underwriters in complying with Rule 15c2-12, the Company will undertake, pursuant to the Dissemination Agent Agreement, to provide annual financial information and operating data and notices of the occurrence of specified events. A description of the Dissemination Agent Agreement is set forth in, and a form of such agreement is attached as an appendix to the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

6. Representations of the Issuer. The Issuer represents to and agrees with the Underwriters that:

(a) The Issuer is duly organized and validly existing, with full legal right, power and authority to issue, sell and deliver the Bonds to the Underwriters pursuant to the Indenture, and execute, deliver and perform its obligations, as the case may be, under this Purchase Agreement, the Indenture, the Senior Loan Agreement and the Bonds, (collectively, the "Issuer Documents") and to perform and consummate all obligations and transactions required or contemplated by each of the Issuer Documents and the Limited Offering Memorandum.

(b) The Bonds, when duly issued and authenticated in accordance with the Indenture and delivered to the Underwriters as provided herein, will be validly issued and outstanding obligations of the Issuer, entitled to the benefits of the Indenture and payable from the sources therein specified.

(d) Each of the Issuer Documents constitutes, or will, as of the Closing Date, constitute, a valid and binding obligation of the Issuer enforceable in accordance with its terms,

As used in this Section 6, the term "Material Judgment or Agreement" means any judgment or decree or any loan agreement, indenture, bond, note or resolution or any material agreement or other instrument to which the Issuer is a party or to which the Issuer or any of its property or assets is otherwise subject (including, without limitation, the Act, the Authorizing Resolution and the Issuer Documents) and which would materially adversely affect the Issuer's obligations under the Issuer Documents or its issuance and delivery of the Bonds.

(f) All approvals, consents and orders of any governmental authority, board, agency, council, commission or other body having jurisdiction which would constitute a condition precedent to the performance by the Issuer of its obligations hereunder and under the Issuer Documents have been obtained; *provided*, that the Issuer makes no representations as to any approvals, consents or other actions which may be necessary to qualify the Bonds for offer and sale under Blue Sky or other state securities laws or regulations.

(g) Any certificates executed by any officer of the Issuer and delivered to the Underwriters pursuant hereto or in connection herewith shall be deemed a representation and warranty of the Issuer as to the accuracy of the statements therein made.

(j) If the Issuer Covered Sections contained in the Limited Offering Memorandum are supplemented or amended, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended) at all times subsequent thereto up to and including the time of the Closing, the Issuer Covered Sections contained in the Limited Offering Memorandum as so supplemented or amended will be true and correct in all material respects and will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(k) If between the date hereof and the time of Closing, any event shall occur which might or would cause the Issuer Covered Sections contained in the Limited Offering Memorandum, as then supplemented or amended, to contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the Issuer shall notify the Representative thereof, and if, in the opinion of the Representative, such event requires the preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the Issuer shall promptly (and in any event before the Closing) prepare and furnish (at the expense of the Company) a reasonable number of copies of an amendment of or supplement to the Limited Offering Memorandum in form and substance satisfactory to the Representative.

(l) Except as described in the Limited Offering Memorandum, no litigation, proceeding or official investigation of any governmental or judicial body is pending against the Issuer or against any other party of which the Issuer has notice or, to the knowledge of the Issuer, threatened against the Issuer, which if determined adversely to the Issuer would, (i) seek to restrain or enjoin the issuance, sale or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, (ii) in any way contest or affect any authority for the issuance of the Bonds or the validity or binding effect of any of the Issuer Documents, (iii) in any way contest the creation, existence, powers or jurisdiction of the Issuer or the validity or effect of the Indenture or the Act or any provision thereof or the application of the proceeds of the Bonds or (iv) if adversely determined, could materially adversely affect the financial position or operating condition of the Issuer or the transactions contemplated by the Limited Offering Memorandum or any of the Issuer Documents. As used in this Section 7, the term "Material Judgment or Agreement" means any material judgment or decree or any material loan agreement, indenture, bond, note or resolution or any material agreement or other instrument to which the Company is a party or to which the Company or any of its property or assets is otherwise subject (including, without limitation, the Company Documents).

(e) Any certificates executed by any officer of the Company and delivered to the Underwriters pursuant hereto or in connection herewith shall be deemed a representation and warranty of the Company as to the accuracy of the statements therein made.

(f) Between the date hereof and the time of the Closing, the Company shall not, without the prior written consent of the Representative, offer or issue in any material amount any bonds, notes or other obligations for borrowed money, or incur any material liabilities, direct or contingent, except in the course of normal business operations of the Company or except for such borrowings as may be described in or contemplated by the Limited Offering Memorandum.

(h) The execution and delivery of the Senior Loan Agreement and each of the Security Documents to which the Company and any of the pledgors is a party will be effective to create in favor of the Trustee a valid and enforceable security interest in the proceeds of the Series 2017 Loan upon recordation and filing of the UCC-1 financing statement (the "Financing Statement"), with the priority purported to be created thereby to the extent that such lien and security interest can be perfected by filing. The Financing Statement on the Closing Date will be in appropriate form for filing (including the description of the collateral set forth therein) in each office and in each jurisdiction where required to perfect the lien and security interest in such proceeds of the Series 2017 Loan. The Security Documents will conform in all material respects to the description thereof in the Limited Offering Memorandum.

(i) To the knowledge of the Company, there have been no releases of Hazardous Materials at, on, under or from any property that is part of the Project, and the Company has no current liability on its part, whether contingent or otherwise, arising out of or resulting from the release or discharge on or to the Project of any Hazardous Material, that could reasonably be expected to materially and adversely affect the Project; further, to the knowledge

This indemnity agreement shall not be construed as a limitation on any other liability which the Company may otherwise have to any Underwriter Indemnitee.

(b) The Company shall indemnify, defend and hold harmless the Issuer and its directors, officers, members, employees and agents and each person who controls the Issuer within the meaning of Section 15 of the Securities Act (any such person being herein sometimes called an “Issuer Indemnitee”), against any and all losses, claims, damages or liabilities, joint or several, (i) to which any such Issuer Indemnitee may become subject, under any statute or regulation at law or in equity or otherwise, insofar as such losses claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement of a material fact set forth in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum or any amendment or supplement to either, or arise out of or are based upon the omission to state therein a material fact which is necessary in order to make the statements made therein, in the light of the circumstances in which they were made, not misleading, except such indemnification shall not extend to (A) the Issuer Covered Sections in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum or (B) statements in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum under the caption “UNDERWRITING,” and (iii) to the extent of the aggregate amount paid in any settlement of any litigation commenced or threatened arising from a claim based upon any such

shall have the right to retain a single legal counsel (plus a single local counsel in each different jurisdiction) of its own choosing and the reasonable legal and other expenses incurred by such Indemnified Party shall be borne by the Indemnifying Party.

An Indemnifying Party shall not be liable for any settlement of any such action effected without its consent by any Indemnified Party, but if settled with the consent of the Indemnifying Party or if there be a final judgment for the plaintiff in any such action against the Indemnifying Party or any Indemnified Party, with or without the consent of the Indemnifying Party, the Indemnifying Party agrees to indemnify and hold harmless such Indemnified Party to the extent provided herein.

(e) If the indemnification provided for in this Section 11 is unavailable or insufficient to hold harmless an Indemnified Party under subsection (a), (b) or (c) above, then each Indemnifying Party shall contribute to the amount paid or payable by such Indemnified Party as a result of the losses, claims, damages, liabilities or expenses referred to in subsection (a), (b) or (c) above (i) in such proportion as is appropriate to reflect the relative benefits received by the Issuer, the Company and the Underwriters from the offering of the Bonds or (ii) if the allocation provided by clause (i) above is not permitted by applicable law in such proportion as is appropriate to reflect not only the relative benefits referred to in clause (i) above but also the relative fault of the Issuer, the Company and the Underwriters in connection with the statements or omissions which resulted in such losses, claims, damages, liabilities or expenses as well as any other relevant equitable considerations. The relative benefits received by the Issuer, the Company and the Underwriters shall be deemed to be in the same proportion as the total net proceeds from the offering (before deducting expenses) received by the Issuer and the Company bear to the total underwriting discounts and commissions received by the Underwriters. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Issuer, the Company or the Underwriters and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. The amount paid by an Indemnified Party as a result of the losses, claims, damages, liabilities or expenses referred to in the first sentence of this subsection (e) shall be deemed to include any legal or other expenses reasonably incurred by such Indemnified Party in connection with investigating or defending any action or claim which is the subject of this subsection (e). Notwithstanding the provisions of this subsection (e), each Underwriter shall not have any obligation under this subsection (e) to contribute an amount in excess of the amount of its *pro rata* compensation under this Purchase Agreement. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the 1933 Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The Underwriters' obligations in this subsection (e) to contribute are several in proportion to their respective underwriting obligations and not joint.

(f) The Underwriters acknowledge and agree that, as between the Issuer and the Company, the Company bears all risk and liability associated with any pending or threatened litigation with respect to the Project or the Bonds. Furthermore, the Underwriters acknowledge and agree that the Underwriters shall look only to the Company, and not the Issuer, for any fees,

untrue statement or omission, if such settlement is effected with the written consent of the Company; and will reimburse any legal or other expenses reasonably incurred by any such Issuer Indemnitee in connection with investigating or defending any such loss, claim, damage, liability or action. This indemnity agreement shall not be construed as a limitation on any other liability which the Company may otherwise have to any Issuer Indemnitee.

(c) The Underwriters shall indemnify, defend and hold harmless, to the extent permitted by law, the Company and its directors, officers, members, employees and agents and each person who controls the Company within the meaning of Section 15 of the 1933 Act (any such person being therein sometimes called a “Company Indemnitee”) and the Issuer Indemnitees, against any and all losses, claims, damages or liabilities, joint or several, to which such Issuer Indemnitee or Company Indemnitee may become subject under any statute or at law or in equity or otherwise, and shall promptly reimburse any such Issuer Indemnitee or Company Indemnitee for any reasonable legal or other expenses incurred by it in connection with investigating any claims against it and defending any actions, but only to the extent that such losses, claims, damages, liabilities or actions arise out of or are based upon any untrue statement of a material fact contained in, or the omission to state therein a material fact necessary to make the statements therein in light of the circumstances under which they were made not misleading, the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum, or any amendment or supplement thereof, under the caption “UNDERWRITING.” This indemnity agreement shall not be construed as a limitation on any other liability which the Underwriters may otherwise have to any Issuer Indemnitee or Company Indemnitee. The liability of any Underwriter obligations under this Section 11 shall not exceed the amount of its *pro rata* compensation under this Purchase Agreement.

(d) For purposes of this subsection (d) and subsection (e) below, an “Indemnified Party” means an Underwriter Indemnitee, an Issuer Indemnitee or a Company Indemnitee as the context dictates and an “Indemnifying Party” means the Company or an Underwriter who is under the obligation to indemnify an Indemnified Party under this Section 11. An Indemnified Party shall, promptly after the receipt of notice of the commencement of any action against such Indemnified Party in respect of which indemnification may be sought against an Indemnifying Party, notify the Indemnifying Party in writing of the commencement thereof; provided that the failure to so notify the Indemnifying Party will not relieve it from any liability which it may have to any indemnified party under this Section 11 except to the extent that it has been materially prejudiced by such failure (through the forfeiture of substantive rights and defenses). TERMS OF BONDS

Section 4.1 Form of Bond, Registered Form, Denominations and Numbering of Bonds. The Bonds shall be issuable only as fully registered Bonds in Authorized Denominations (provided that no individual Bond may be issued for more than one maturity), without coupons, in substantially the form set forth in Exhibit A attached to this Indenture, with such necessary or appropriate variations, omissions and insertions as are permitted or required by this Indenture. The Bonds may have endorsed thereon such legends or text as may be necessary or appropriate to conform to any applicable rules and regulations of any Governmental Authority or any custom, usage or requirement of law with respect thereto. The Bonds shall be numbered from R-1 consecutively upward in order of issuance or in such other manner as the Trustee shall designate, and shall bear appropriate "CUSIP" identification numbers (if then generally in use).

Section 4.2 Registration of Bonds; Persons Treated as Owners; Transfer and Exchange of Bonds.

(a) Records for the registration and transfer of the Bonds shall be kept by the Trustee which is hereby appointed the registrar for the Bonds. The principal and purchase price of, interest on and Redemption Price of any Bond shall be payable only to or upon the order of the Owner or his legal representative (except as otherwise herein provided with respect to Record Dates and Special Record Dates for the payment of interest). Upon surrender for transfer of any Bond at the Designated Payment Office of the Trustee, duly endorsed for transfer or accompanied by an assignment duly executed by the Owner or his attorney duly authorized in writing, the Trustee shall enter such transfer on the registration records and shall execute and deliver in the name of the transferee or transferees a new fully registered Bond or Bonds of a like maturity,

aggregate principal amount and interest rate, bearing a number or numbers not previously assigned.

(b) Fully registered Bonds may be exchanged at the Designated Payment Office of the Trustee for an equal aggregate principal amount of Bonds of the same maturity and interest rate but of other Authorized Denominations. The Trustee shall execute and deliver Bonds which the Owner making the exchange is entitled to receive, bearing numbers not previously assigned.

(c) All Bonds issued upon any transfer or exchange of Bonds shall be the valid obligations of the Issuer, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Bonds surrendered upon transfer or exchange.

(d) The Trustee may require the payment, by the Owner of any Bond requesting exchange or transfer, of any reasonable charges as well as any taxes, transfer fees or other governmental charges required to be paid with respect to such exchange or transfer.

(e) The Trustee shall not be required to transfer or exchange (i) all or any portion of any Bond during the period beginning at the opening of business 15 days before the day of the sending by the Trustee of notice calling any of the Bonds for prior redemption and ending at the close of business on the day of such sending or (ii) all or any portion of a Bond after the sending of notice calling such Bond or any portion thereof for prior redemption.

(f) Except as otherwise herein provided with respect to Record Dates and Special Record Dates for the payment of interest, the Person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal of and interest on or Redemption Price of any Bond shall be made only to or upon the written order of the Owner thereof or his legal representative, but such registration may be changed as herein provided. All such payments shall be valid and effectual to satisfy and discharge such Bond to the extent of the sum or sums paid.

Section 4.3 Transfer Restrictions. Upon a sale or transfer of a Bond (including the initial sale of the Bonds), each purchaser or transferee shall be deemed to have certified, acknowledged and represented to the Trustee, the Borrower, the Issuer and the Underwriters that such purchaser (i) is a "qualified institutional buyer" within the meaning of Rule 144A promulgated under the Securities Act or an "accredited investor" within the meaning of Rule 501(a) of Regulation D under the Securities Act, and (ii) will only transfer, resell, reoffer, pledge or otherwise transfer its Bond to a subsequent transferee who such transferor reasonably believes is a qualified institutional buyer within the meaning of said Rule 144A or to a subsequent transferee who is an "accredited investor" within the meaning of said Rule 501(a) who is willing and able to conduct an independent investigation of the risks involved with ownership of such Bond and agrees to be bound by the transfer restrictions applicable to such Bond. The foregoing transfer restrictions shall not apply if (i) the Trustee has received a municipal bond insurance policy or other form of credit enhancement securing payment of principal and interest on the

Bonds, provided that the policy provider or credit enhancer is rated in one of the three highest categories by a Nationally Recognized Rating Agency and such insurance policy or credit enhancement has a term not less than the final maturity of the Bonds (or, if shorter, may be drawn upon in full upon its expiration), or (ii) a Nationally Recognized Rating Agency has assigned the Bonds an Investment Grade Rating, without any form of third party credit enhancement. A legend shall be printed on the face of each Bond indicating the foregoing transfer restrictions.

Section 4.4 Mutilated, Lost, Stolen or Destroyed Bonds. In the event that any Bond is mutilated, lost, stolen or destroyed, a new Bond of like series, date, maturity, interest rate and denomination as that mutilated, lost, stolen or destroyed shall be executed, authenticated and delivered in accordance with the terms and conditions of this Indenture to the Owner of such Bond upon receipt by the Trustee of such evidence, information or indemnity from the Owner of the Bond as the Trustee may reasonably require and, in case of any mutilated Bond, upon the surrender of the mutilated Bond to the Trustee. If any such Bond shall have matured, instead of issuing a duplicate Bond, the Trustee may pay the same without surrender thereof. The Trustee and the Issuer may charge the Owner of the Bond for its reasonable fees and expenses in connection therewith and require payment of such fees and expenses, and in the case of a lost, stolen or destroyed Bond, the Issuer and the Trustee may require indemnity reasonably satisfactory to each, as a condition precedent to the delivery of a new Bond. Every new Bond issued pursuant to this Section by reason of any Bond being mutilated, lost, stolen or destroyed (a) shall constitute, to the extent of the outstanding principal amount of the Bond lost, mutilated, stolen or destroyed, an additional contractual obligation of the Issuer, regardless of whether the mutilated, lost, stolen or destroyed Bond shall be enforceable at any time by anyone, and (b) shall be entitled to all of the benefits of this Indenture equally and proportionately with any and all other Outstanding Bonds.

Section 4.5 Payment of Debt Service and Redemption Price.

(a) The principal, Purchase Price and Redemption Price of any Bond shall be paid to the Owner thereof as shown on the registration records of the Trustee upon the maturity, mandatory tender or prior redemption thereof in accordance with this Indenture and upon presentation and surrender at the Designated Payment Office of the Trustee.

(b) Interest on the Bonds (other than interest paid as part of the Redemption Price of a Bond) shall be paid (i) by check or draft of the Trustee mailed, on or before each Interest Payment Date, to the Owner thereof at his address as it last appears on the registration records of the Trustee at the close of business on the Record Date, (ii) in the case of Bonds in book-entry form, to DTC in immediately available funds and disbursement of such funds to owners of beneficial interests in Bonds in book-entry form will be made in accordance with the procedures of DTC or (iii) by such other method as mutually agreed in writing between the Owner of the Bond and the Trustee. Any such interest not so timely paid shall cease to be payable to the person who is the Owner thereof at the close of business on the Record Date and shall be payable to the person who is the Owner thereof at the close of business on a Special Record Date for the payment of such defaulted interest. Such Special Record Date shall be fixed by the Trustee whenever moneys become available for payment of the defaulted interest, and

notice of the Special Record Date shall be given by the Trustee to the Owners of the Bonds, not less than 10 days prior to the Special Record Date, by certified or first-class mail to each such Owner as shown on the Trustee's registration records (or in accordance with the procedures of DTC) on a date selected by the Trustee, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest. Alternative means of payment of interest may be used if mutually agreed to in writing between the Owner of any Bond and the Trustee, provided that the Trustee shall provide the Issuer and the Borrower with a copy of any such agreement.

Section 4.6 Redemption of Bonds and Redemption Payments.

(a) The Series 2017 Bonds shall be subject to redemption as set forth in the Form of Bonds attached as Exhibit A to this Indenture.

(b) On the dates specified in the Form of Bonds attached as Exhibit A to this Indenture, the Issuer shall pay or cause to be paid to the Trustee, but solely from funds received from (or on behalf of) the Borrower, including funds provided pursuant to the Collateral Agency Agreement, for deposit into the Series 2017 Redemption Account of the Series 2017 Debt Service Fund, or any applicable sub-account thereof, moneys sufficient to pay the Redemption Price of the Series 2017 Bonds to be redeemed on the date fixed for redemption. Subject to the terms of Article V and the Collateral Agency Agreement, the Issuer and the Trustee shall make such payment solely from moneys available to the Issuer or the Trustee, as applicable, from (or on behalf of) the Borrower, including funds provided pursuant to the Collateral Agency Agreement. The Trustee shall use the moneys paid to it for such purpose and such other available moneys in such Account of the Series 2017 Debt Service Fund to pay the Redemption Price due on the appropriate series of Bonds to be redeemed on the date fixed for redemption. Upon the giving of notice and the deposit of such funds as may be available for redemption pursuant to this Indenture, interest on the Bonds or portions thereof thus called for redemption shall no longer accrue from and after the date fixed for redemption.

(c) The Trustee shall pay to the Owners of the Bonds so redeemed, the amounts due on their respective Bonds, at the Designated Payment Office of the Trustee upon presentation and surrender of the Bonds.

Section 4.7 Notice of Redemption. Notice of any redemption of Series 2017 Bonds shall be as set forth in the Form of Bonds attached as Exhibit A to this Indenture.

Section 4.8 Tender of Bonds. Bonds in the Term Rate Mode shall be subject to mandatory tender for purchase on each Mandatory Tender Date. Each Owner and each beneficial owner of Term Rate Bonds, by its acceptance of such Term Rate Bonds, agrees to tender its Term Rate Bonds to the Trustee for purchase on each Mandatory Tender Date. The Trustee shall give notice of such mandatory purchase by mail (or, in the case of Term Rate Bonds in book-entry form, in accordance with the procedures of DTC) to the Owners of the Term Rate Bonds subject to mandatory purchase no less than fifteen (15) days prior to the Mandatory Tender Date. Any notice shall state the Mandatory Tender Date, the Purchase Price, the numbers of the Term Rate Bonds to be purchased if less than all of the Term Rate Bonds

the Bonds shall be paid by wire transfer to DTC. The Issuer has entered into a Letter of Representations with DTC. DTC may determine to discontinue providing its service with respect to the Bonds at any time by giving notice to the Issuer and the Trustee and discharging its responsibilities with respect thereto under applicable law. If there is no successor securities depository appointed by the Issuer, the Issuer shall execute and the Trustee will authenticate and deliver Bonds to the beneficial owners thereof. The Issuer, at the direction of the Borrower, may determine not to continue participation in the system of book-entry transfers through DTC (or a successor securities depository) at any time by giving reasonable notice to DTC (or a successor securities depository) and the Trustee. In such event, the Issuer will execute and the Trustee will authenticate and deliver Bonds to the beneficial owners thereof pursuant to Section 4.2 hereof. Neither the Issuer nor the Trustee shall have any liability to DTC, Cede & Co., any substitute securities depository, any Person in whose name the Bonds are reregistered at the direction of any substitute securities depository, any beneficial owner of the Bonds or any other Person for (i) any determination made by the Issuer pursuant to this Section or (ii) any action taken to implement such determination and the procedures related thereto that is taken pursuant to any direction of or in reliance on any information provided by DTC, Cede & Co., any substitute securities depository or any Person in whose name the Bonds are reregistered.

Section 4.11 Delivery of New Bonds upon Partial Redemption of Bonds. Upon surrender and cancellation of a Bond for redemption in part only, a new Bond or Bonds of the same maturity and interest rate and in an Authorized Denomination equal to the unredeemed portion of the original partially redeemed Bond, shall be executed on behalf of and delivered by the Issuer and the Trustee in accordance with Sections 3.2 and 4.1 hereof.

Section 4.12 Nonpresentment of Bonds. In the event any Bond shall not be presented for payment on any date when the principal thereof becomes due, either at maturity, or at the date fixed for redemption thereof, or as set forth in any Supplemental Indenture regarding deemed tenders or redemptions or otherwise, and if funds sufficient to pay such Bond shall have been made available to the Trustee for the benefit of the Owner thereof, all liability of the Issuer to the Owner thereof for the payment of such Bond shall forthwith cease, terminate and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such funds uninvested for three (3) years, for the benefit of the Owner of such Bond, without liability for interest thereon to such Owner, who shall thereafter be restricted exclusively to such funds, for any claim of whatever nature on his part under this Indenture or on, or with respect to, such Bond.

(a) Except as may otherwise be required by applicable law, in case any moneys deposited with the Trustee for the payment of the principal of, or interest or premium, if any, on any Bond remain unclaimed for more than three (3) years after such principal, interest or premium has become due and payable, the Trustee may, and upon receipt of a written request of the Borrower shall, pay over to the Borrower the amount so deposited in immediately available funds, without additional interest, and thereupon the Trustee and the Issuer shall be released from any further liability with respect to the payment of principal, interest or premium, and the owner of such Bond shall be entitled (subject to any applicable statute of limitations) to look only to the Borrower as an unsecured creditor for the payment thereof.

owned by such Owner are to be purchased, and that, unless the Issuer defaults in the payment of the Purchase Price, interest on the Term Rate Bonds subject to mandatory purchase shall cease to accrue from and after the Mandatory Tender Date. The failure to send such notice with respect to any Term Rate Bond shall not affect the validity of the mandatory purchase of any other Term Rate Bond with respect to which notice was so sent. Any notice sent will be conclusively presumed to have been given, whether or not actually received by any Owner or beneficial owner.

Section 4.9 Conversion. While Bonds are in a Term Rate Mode, on each Mandatory Tender Date, the Borrower may convert all or a portion of such Term Rate Bonds to bear interest at a new Term Rate for a new Term Rate Period or convert all or a portion of such Term Rate Bonds to bear interest at a Fixed Rate. When a portion of the Term Rate Bonds is subject to a conversion, the Borrower may change the series designation for such portion with notice to the Trustee and the Issuer. On any Business Day which is at least twenty (20) days before the proposed Conversion Date, the Borrower shall give written notice to the Notice Parties stating that the Term Rate Bonds will be converted to a new Term Rate for a new Term Rate Period or to the Fixed Rate, as applicable, and setting forth the proposed Conversion Date. Not later than the fifteenth (15th) day next preceding the Conversion Date, the Trustee shall, in accordance with written instructions from the Borrower, send, in the name of the Issuer, a notice of such proposed conversion to the Owners of the Term Rate Bonds stating that the Term Rate Bonds will be converted to a new Term Rate for a new Term Rate Period or to a Fixed Rate, as applicable, the proposed Conversion Date and that such Owner is required to tender such Owner's Bonds for purchase on such proposed Conversion Date. The new Mode shall commence on the Conversion Date and the interest rate(s) shall be determined by the Remarketing Agent in the manner provided in Section 3.1(b) hereof.

(a) The conversion to a new Term Rate for new Term Rate Period or to the Fixed Rate, as applicable, shall not occur unless a Favorable Opinion of Bond Counsel dated as of the Conversion Date and addressed to the Notice Parties shall have been delivered to the Notice Parties on or prior to the Conversion Date.

(b) Upon conversion of any Term Rate Bonds to the Fixed Rate Mode, the Bonds shall be remarketed at par, shall mature on the same maturity date(s) and be subject to the same mandatory sinking fund redemption, if any, and optional redemption provisions as set forth in this Indenture prior to such conversion; provided, however, that if the Borrower shall deliver to the Trustee a Favorable Opinion of Bond Counsel, the Borrower may elect to (1) have some of the Bonds be Serial Bonds with different interest rates for different Serial Maturities and some subject to sinking fund redemption even if such Bonds were not Serial Bonds or subject to mandatory sinking fund redemption prior to such change, (2) change the optional redemption dates and/or premiums set forth in the Form of Bonds attached hereto as Exhibit A, and/or (3) sell some or all of the Bonds at a premium or a discount to par.

Section 4.10 Book-Entry Registration. Except as set forth below in this Section 4.10, the Bonds shall be delivered only in book-entry form registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"), New York, New York, acting as the securities depository of the Bonds and the principal of and interest on and Redemption Price of

Section 4.13 Cancellation of Bonds. Whenever any Outstanding Bonds have been paid or redeemed or are otherwise delivered to the Trustee for cancellation, upon payment or redemption thereof or before or after replacement, the respective Bonds shall be promptly cancelled by the Trustee. The Issuer may not issue new Bonds to replace Bonds it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a transfer or exchange in accordance with the terms of this Indenture.

Section 4.14 Open Market Purchases/Purchase in Lieu of Redemptions. The Borrower may, to the extent permitted by applicable law, at any time and from time to time purchase Bonds in the open market, on an exchange or by tender or by private agreement at any price. Any purchase of Bonds by tender shall be made available to all Owners of such Bonds. Any Bonds so purchased may be held by or for the account of the Borrower, and the Borrower may surrender such Bonds to the Trustee for cancellation. At any time prior to giving notice of redemption, the Trustee shall, upon direction of the Borrower, apply any amounts in the Series 2017 Redemption Account (excluding accrued interest, which is payable from the Series 2017 Interest Account) to the purchase of Bonds subject to optional redemption pursuant to the Form of Bonds attached hereto as Exhibit A, at public or private sale, as and when and at such prices (including brokerage and other charges) as the Borrower may direct, except that the purchase price may not exceed the Redemption Price then applicable to such Bonds.

Section 4.15 Remarketing. (a) The Borrower shall, not later than thirty (30) days prior to each Mandatory Tender Date, appoint and employ the services of a Remarketing Agent. The Remarketing Agent shall be authorized by law to perform all of the duties imposed upon it by this Indenture. The Remarketing Agent appointed by the Borrower shall use its best efforts to offer for sale at par: (i) all Term Rate Bonds required to be purchased on a Mandatory Tender Date as described in Section 4.8, and (ii) any Borrower Bonds (as hereinafter defined), provided that in no event shall the Remarketing Agent remarket any Bonds to the Issuer. On each date on which a Term Rate Bond is to be purchased:

(i) the Remarketing Agent shall notify by Electronic Means the Trustee and the Borrower by 10:30A.M. on such date if it has been unable to remarket all the tendered Bonds, and shall include in such notice the principal amount of Bonds it has been unable to remarket;

(ii) if the Bonds are no longer in the book-entry-only system, the Remarketing Agent shall notify the Trustee and the Borrower by Electronic Means by 1:00 P.M. on such date of the names of the purchasers of the remarketed Bonds and such information as may be necessary to register the Bonds and the registration instructions, including, without limitation, the names, addresses and taxpayer identification numbers of the purchasers and the desired Authorized Denominations with respect thereto; and

(iii) if the Bonds are no longer in the book-entry-only system, the Trustee shall authenticate new Bonds for the respective purchasers thereof which shall be available for delivery to purchasers.

(c) The Remarketing Agent shall cause the proceeds of the sale of tendered Term Rate Bonds to be paid to the Trustee in immediately available funds by 10:00 A.M. on the Mandatory Tender Date. The Remarketing Agent shall cause to be paid to the Trustee on each Mandatory Tender Date for tendered Term Rate Bonds all amounts representing proceeds of the remarketing of such Bonds.

(d) On each date on which a Term Rate Bond is to be purchased, if the Remarketing Agent shall have given notice to the Borrower that it has been unable to remarket all the Bonds, then by 1:30 P.M. the Borrower shall pay or cause to be paid, by wire transfer of immediately available funds in the amount of the Purchase Price of the unremarketed tendered Term Rate Bonds specified in the notice provided above, to the Trustee. Bonds so purchased with amounts furnished by the Borrower shall be "Borrower Bonds."

(e) By 3:00 P.M. on the date on which a Term Rate Bond is to be purchased, the Trustee shall purchase tendered Term Rate Bonds from the tendering Owners at the applicable Purchase Price by wire transfer in immediately available funds. Funds for the payment of such Purchase Price shall be derived solely from the following sources in the order of priority indicated and none of the Trustee or the Remarketing Agent shall be obligated to provide funds from any other source:

In furtherance of this covenant, the Issuer agrees to comply with the covenants set forth in the applicable Federal Tax Certificate for the Series 2017 Bonds or the Additional Parity Bonds, if any. (e) The occurrence and continuance, with respect to the Issuer, of a Bankruptcy Event (provided that solely for purposes of this clause, all references to the "Borrower" within the definition of the term "Bankruptcy Event" shall be substituted with the "Issuer").

Section 7.2 Remedies Following and During the Continuance of an Event of Default.

(a) Upon the occurrence and during the continuance of an Event of Default, Owners of at least 25% in aggregate principal amount of the Outstanding Bonds or the Issuer may deliver to the Trustee a written notice, with a copy to the Issuer, the Collateral Agent and the Borrower, that an Event of Default has occurred and is continuing. The Trustee shall not be deemed to have any knowledge of the occurrence of an Event of Default, except with respect to an Event of Default described in Section 7.1(a) or (b) hereof, unless and until it has received such a notice from the relevant party.

(b) At any time during which an Event of Default has occurred and is continuing commencing on the date of delivery to the Trustee of the notice described in Section 7.2(a) above (except with respect to an Event of Default described in Section 7.1(a) or (b) hereof in which no notice shall be required), the Majority Holders shall have the right to give the Trustee one or more enforcement directions directing the Trustee to take on behalf of the Owners of the Bonds, subject to the terms of the Collateral Agency Agreement and Section 7.2(c) below, whatever action at law or in equity may appear necessary or desirable to enforce the rights of the Owners of the Bonds.

(c) Upon the occurrence and during the continuance of an Event of Default, if so instructed by the Majority Holders, the Trustee, subject to the immediately succeeding provisos, shall, by notice delivered to the Issuer and the Borrower, declare all Bonds, all interest accrued and unpaid thereon, and all other amounts payable in respect of the Bonds to be due and payable, whereupon the same shall become immediately due and payable without presentment, demand, protest or further notice of any kind, all of which are waived by the Issuer; *provided* that the Bonds may be accelerated pursuant to this clause (c) only to the extent the underlying Series 2017 Loan under the Senior Loan Agreement (or any other loan pursuant to any Additional Parity Bonds Loan Agreement) shall have been accelerated.

(d) The Majority Holders may, by written notice to the Trustee, on behalf of all of the Owners, rescind any acceleration and its consequences, if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of principal, interest or premium that has become due solely because of the acceleration) have been cured or waived and the Issuer has paid or deposited, or caused to be paid or deposited, with the Trustee a sum sufficient to pay all sums paid or advanced by the Trustee hereunder and the reasonable and documented compensation, expenses and disbursements of the Trustee, its agents and counsel. In case of any such rescission,

Senior Loan Agreement and any Additional Parity Bonds Loan Agreement. The Issuer agrees that wherever in the Senior Loan Agreement or any Additional Parity Bonds Loan Agreement it is stated that the Issuer will notify the Trustee, gives the Trustee some right or privilege, or in any way attempts to confer upon the Trustee the ability for the Trustee to protect the security for payment of the Bonds, that such part of the Senior Loan Agreement and any Additional Parity Bonds Loan Agreement shall be as though it were set out in this Indenture in full. The Issuer agrees that the Trustee (subject to the terms of the Collateral Agency Agreement) in its name or in the name of the Issuer may enforce all rights of the Issuer (other than Reserved Rights) and all obligations of the Borrower under and pursuant to the Senior Loan Agreement and Additional Parity Bonds Loan Agreement (if executed) and on behalf of the Owners, whether or not the Issuer is in default hereunder. The Issuer further agrees that the Trustee (subject to the terms of the Collateral Agency Agreement) in its name or in the name of the Issuer may enforce all rights of the Issuer under and pursuant to the Collateral Agency Agreement and hereby designates and authorizes the Trustee to serve as the Secured Debt Representative for the Issuer under the Collateral Agency Agreement.

Section 6.10 Indebtedness. The Issuer shall not create, incur, assume or permit to exist any indebtedness of the Issuer with respect to the Trust Estate pledged under this Indenture, other than the Series 2017 Bonds, any Additional Parity Bonds issued pursuant to Article XII herein or any Permitted Additional Senior Indebtedness.

ARTICLE 7.

DEFAULTS AND REMEDIES

Section 7.1 Events of Default. Any of the following shall constitute an "Event of Default" under this Indenture with respect to all of the Outstanding Bonds:

(a) Failure to pay any portion of the principal or purchase price of any Outstanding Bond when due and payable;

(b) Failure to pay any portion of interest on any Outstanding Bond within ten (10) business days after such interest payment is due and payable;

(c) Failure by the Issuer to cure any noncompliance with any other provision of this Indenture within 60 days after receiving written notice of such noncompliance from the Trustee or the Collateral Agent (with a copy to the Borrower and the Collateral Agent or the Trustee, as applicable) with respect to the Bonds; provided, however, that such noncompliance shall not be an Event of Default at the end of such sixty (60) day period, so long as: (i) the Issuer is proceeding diligently to cure such breach; and (ii) such breach, in any event, is cured within one hundred twenty (120) days of such written notification from the Trustee or the Collateral Agent;

29

MIA 185447051v4

then and in every such case the Issuer, the Trustee and the Owners shall be restored to their former positions and rights.

(e) All rights and actions and claims under this Indenture may be prosecuted and enforced by the Trustee on behalf of the Owners of the Bonds. In the case of pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization or other similar judicial proceeding relative to the Issuer or the Trust Estate, the Trustee, subject to the terms of the Collateral Agency Agreement, shall be entitled to file and prove a claim for the amount of the Issuer's and the Borrower's obligations to the Owners of the Bonds owing and unpaid and to file such other papers or documents as may be necessary in order to have the claims of the Owners allowed in such judicial proceeding and, to the extent permitted by Law, to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same in accordance with the terms hereof and of the Collateral Agency Agreement.

Section 7.3 Use of Moneys Received from Exercise of Remedies. After an acceleration pursuant to Section 7.2(c) hereof, moneys received by the Trustee from the Collateral Agent pursuant to the Collateral Agency Agreement, this Indenture and the other Security Documents in respect of the Issuer's obligations hereunder shall be applied first to pay the reasonable and proper fees and expenses (including the reasonable fees and expenses of counsel) of and indemnification payments owing to the Trustee pursuant to the Financing Documents, including those incurred in connection with the exercise of remedies following such Event of Default, and thereafter remaining amounts shall be applied promptly by the Trustee as follows:

First, ratably, to the payments then due and payable by the Borrower to the Series 2017 Rebate Fund and any rebate fund established by a Supplemental Indenture with respect to Additional Parity Bonds;

Second, ratably, to all accrued and unpaid interest on the Bonds;

Third, ratably, to the outstanding principal amount on the Bonds; and

Fourth, to the Borrower, upon termination, expiration or payment in full of all commitments, any surplus to be applied at the Borrower's discretion.

Section 7.4 Limitations on Rights of Owners Acting Individually. Subject to the Collateral Agency Agreement, no Owner shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any remedy hereunder or for the enforcement of the terms of this Indenture, unless an Event of Default under this Indenture has occurred and is continuing and the Owner has made a written request to the Trustee, and (i) has given the Trustee 60 days to take such action in its capacity as Trustee, (ii) the Trustee shall have been provided reasonable security or indemnity against costs, expenses and liabilities to be incurred in connection with such action to be taken, (iii) the Trustee shall have refused or unreasonably neglected to comply with such request, and (iv) during such sixty (60) day period, no direction inconsistent with such written request shall have been delivered to the Trustee. Nothing in this Section shall affect or impair the right of the Owner to enforce the payment of the

principal of and interest on or Redemption Price or Purchase Price of any Bond at and after the date such payment is due, subject, however, to the limitations on remedies set forth in Section 7.2 hereof. In addition, any action by any Owner taken with respect to the Trust Estate shall only be taken in accordance with the provisions of Section 7.2 hereof.

Section 7.5 Trustee May Enforce Rights without Bonds. All rights of action and claims under this Indenture or any of the Outstanding Bonds may be enforced by the Trustee without the possession of any of the Bonds or the production thereof in any trial or proceedings relative thereto; any suit or proceeding instituted by the Trustee shall be brought in its name as Trustee, without the necessity of joining as plaintiffs or defendants any Owners; and any recovery of judgment shall be for the ratable benefit of the Owners, subject to the provisions hereof and the Collateral Agency Agreement.

Section 7.6 Trustee to File Proofs of Claim in Receivership, Etc. In the case of any receivership, insolvency, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceedings affecting the Trust Estate, the Trustee shall, subject to the Collateral Agency Agreement, to the extent permitted by law, be entitled to file such proofs of claim and other documents as may be necessary or advisable in order to have claims of the Trustee and of the Owners allowed in such proceedings for the entire amount due on the Bonds under this Indenture, at the date of the institution of such proceedings and for any additional amounts which may become due by it after such date, without prejudice, however, to the right of any Owner to file a claim on its own behalf, to the extent permitted hereunder.

Section 7.7 Delay or Omission No Waiver. No delay or omission of the Trustee or of any Owner to exercise any remedy, right or power accruing upon any Event of Default or otherwise shall exhaust or impair any such remedy, right or power or be construed to be a waiver of any such Event of Default, or acquiescence therein; and every remedy, right and power given by this Indenture may be exercised from time to time and as often as may be deemed expedient.

Section 7.8 Discontinuance of Proceedings on Event of Default; Position of Parties Restored. In case the Trustee or any Owner shall have proceeded to enforce any right under this Indenture and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the Trustee or such Owner, then and in every such case the Issuer, the Trustee and the Owners shall be restored to their former positions and rights, and all rights, remedies and powers of the Trustee, the Issuer and the Owner shall continue as if no such proceedings had been taken.

Section 7.9 Waivers of Events of Default. The Trustee, notwithstanding anything else to the contrary contained in this Indenture, shall waive any Event of Default upon the written direction of the Majority Holders; *provided, however*, that any Event of Default in the payment of the principal of or interest on, or the Redemption Price of, any Bond when due shall not be waived (except as contemplated in Section 7.2(d) hereof) without the consent of the Owner of each Bond affected thereby, unless, prior to such waiver, all such amounts (with interest on amounts past due on any Bond at the interest rate on such Bond) and all expenses of and indemnity payments to the Trustee (with interest on amounts past due with respect to any expenses of the Trustee at a rate per year equal to the highest yield on any series of Outstanding Bonds) in connection with such Event of Default have been paid or provided for. In case of any

Any reasonable expenses of hiring such agent shall be reimbursed by the Borrower, in accordance with the terms of the Senior Loan Agreement, any Additional Party Bonds Loan Agreements (if executed) and any agreement between the Borrower and the Trustee with respect thereto.

(c) The Trustee shall not be responsible for any recital herein, in the Bonds or in any of the Financing Documents to which it is a party, for the validity of the execution by the Issuer of this Indenture or any instruments of further assurance or for the sufficiency of the security for the Bonds issued hereunder or intended to be secured hereby, for the validity or perfection of the lien on the Trust Estate or for the value of the Trust Estate. The Trustee shall have no obligation to perform any of the duties of the Issuer under this Indenture; and the Trustee shall not be responsible or liable for any loss suffered in connection with any investment of funds made by it pursuant to instructions from the Borrower in accordance with Section 5.5 hereof.

(d) The Trustee shall not be accountable for the use of any Bonds delivered to the Underwriters pursuant to this Indenture. The Trustee may become the Owner of the Bonds with the same rights which it would have if not Trustee.

(e) The Trustee shall be fully protected in acting upon any notice, request, consent, certificate, order, affidavit, letter, telegram or other paper or document which it in good faith reasonably believes to be genuine and correct and to have been signed or sent by the proper Person or Persons and the Trustee shall be under no duty to make any investigation as to any statement contained in any such document. Any action taken by the Trustee pursuant to (and as permitted by) this Indenture or the other Financing Documents to which it is a party upon the request or instruction or consent of any Person who at the time of making such request or giving such instruction or consent is the Owner of any Bond shall be conclusive and binding upon any Bonds issued in place thereof.

(f) The Trustee may employ or retain such counsel, accountants, appraisers or other experts or advisers as it may reasonably require for the purpose of determining and discharging its rights and duties hereunder and, in the absence of the Trustee's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisors, may act and rely and shall be protected in acting and relying in good faith on the opinion or advice of or information obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower, the Issuer or by the Trustee, in relation to any matter arising in the administration hereof, and shall not be responsible for any act or omission on the part of any of them. In addition, the Trustee shall not be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or subcustodians except to the extent of its negligence, bad faith or willful misconduct in nominating or appointing such persons.

(h) The Trustee shall not be required to take notice or be deemed to have notice of any Event of Default hereunder or under any Financing Document to which it is a party, except failure to pay the principal of and interest on, or Redemption Price of, any Bond, unless the Trustee shall be specifically notified in writing of such Event of Default by the Issuer, the Collateral Agent, the Borrower or an Owner of a Bond.

(j) The Trustee shall not be required to give any bond or surety in respect of the execution of the said trusts and powers or otherwise in respect of the premises.

(k) Notwithstanding anything to the contrary in this Indenture or any Financing Document to which the Trustee is a party, the Trustee shall have the right, but shall not be required, to reasonably request in respect of the delivery of any Bonds, the withdrawal of any cash, or any action whatsoever within the purview of this Indenture or any Financing Document to which it is a party, any showings, certificates, appraisals or other information, or corporate action or evidence thereof, in addition to that by the terms hereof required, as a condition of such action by the Trustee.

(l) The permissive right of the Trustee to do things enumerated hereunder or under other Financing Documents shall not be construed as a duty unless so specified herein or therein, and in doing or not doing so, the Trustee shall not be answerable for other than its own bad faith, gross negligence or willful misconduct.

(m) Before taking any action or refraining from taking any action under this Indenture or any Financing Document to which it is a party, the Trustee may require that indemnity reasonably satisfactory to it be furnished for the reimbursement of all expenses to which it may be put and to protect it against all liability, including costs incurred in defending itself against any and all charges, claims, complaints, allegations, assertions, or demands of any nature whatsoever, except liability which is adjudicated to a result of the Trustee's bad faith, negligence or willful misconduct in connection with any such action.

(q) The immunities extended to the Trustee also extend to its directors, officers, employees and agents.

(r) The Trustee is authorized and directed to enter into the Financing Documents and any other documents related thereto to which the Trustee is a party. In entering into and performing any duties and obligations of the Trustee under the Financing Documents and any other documents related thereto, the Trustee shall be entitled to the provisions of this Indenture, including without limitation, the protections, immunities, limitations from liability and indemnification accorded to the Trustee under this Indenture.

(s) In no event shall the Trustee be responsible or liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

Section 8.3 Compensation of Trustee. The Trustee shall be entitled to compensation in accordance with its agreement with the Borrower, which, notwithstanding any other provision hereof, may be amended at any time by agreement of the Borrower and the Trustee without the consent of or notice to the Owners. In no event shall the Trustee be obligated to advance its own funds in order to take any action hereunder.

Section 8.4 Resignation or Replacement of Trustee.

(a) The present or any future Trustee may resign by giving written notice to the Issuer and the Collateral Agent (with a copy to the Borrower) not less than 60 days before such resignation is to take effect. The present or any future Trustee may be removed at any time by (i) the Majority Holders with the consent of the Issuer and, so long as no Event of Default has occurred and is continuing, the Borrower or (ii) the Issuer at the direction of the Borrower, so long as no Event of Default has occurred and is continuing, such consent not to be unreasonably withheld, by an instrument or concurrent instruments in writing signed by such Owners; provided, however, that in case such vacancy continues for at least thirty (30) days the Issuer, by an instrument signed by the Chairman of the Issuer and attested by its Executive Director under its seal or the Borrower, by certificate signed by a Responsible Officer of the Borrower, may appoint a temporary Trustee to fill such vacancy until a successor Trustee shall be appointed by the Owners in the manner provided above.

(b) In case the present or any future Trustee shall at any time resign or be removed or otherwise become incapable of acting, a successor may be appointed by the Owners in the manner provided above.

(c) Every successor Trustee shall be a bank or trust company in good standing, qualified to do business in the State, duly authorized to exercise trust powers and subject to examination by federal or state authority, qualified to act hereunder and having a capital and surplus of not less than \$500,000,000. Should any instrument in writing from the Issuer be required by any successor for more fully and certainly vesting in and confirming to such successor the properties, rights, powers and duties hereby vested or intended to be vested in the predecessor, such instrument in writing shall, at the reasonable discretion of the Issuer, be made, executed, acknowledged and delivered by the Issuer on request of such successor.

(d) Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor, and also to the Issuer and the Borrower an instrument in writing accepting such appointment hereunder, and thereupon such successor, without any further act, deed or conveyance, shall become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of the Issuer, the Borrower or any respective successor thereof, execute and deliver an instrument transferring to such successor all the estates, properties, rights, powers and trusts of such predecessor hereunder; and every predecessor Trustee shall deliver all securities and moneys held by it as the Trustee hereunder to its successor. (e) The instruments evidencing the resignation or removal of the Trustee and the appointment of a successor hereunder, together with all other instruments provided for in this Section shall be filed and/or recorded by the successor Trustee in each recording office, if any, where this Indenture shall have been filed and/or recorded.

Section 8.5 Conversion, Consolidation or Merger of Trustee. Any bank or trust company into which the Trustee or its successor may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its trust business as a whole shall be the successor of the Trustee under this Indenture with the same rights, powers, duties and obligations and subject to the same restrictions, limitations and liabilities as its predecessor, all without the execution or filing of any papers or any further act on the part of any of the parties hereto or thereto, anything herein or therein to the contrary notwithstanding provided that so long as no Event of Default has occurred and is continuing, the Owners may appoint a successor trustee other than the entity into which the Trustee may be converted or merged in the manner provided above. In case any of the Bonds shall have been executed, but not delivered, any successor Trustee may adopt the signature of any predecessor Trustee, and deliver the same as executed; and, in case any of such Bonds shall not have been executed, any successor Trustee may execute such Bonds in the name of such successor Trustee.

Section 8.6 Intervention by Trustee. In any judicial proceeding to which the Issuer is a party relating to the Senior Loan Agreement, the Security Documents or this Indenture and which in the reasonable opinion of the Trustee, the Collateral Agent and their respective counsel has a substantial bearing on the interests of the Owners, the Trustee or the Collateral Agent, as applicable, may, subject to the Collateral Agency Agreement, intervene on behalf of the Owners. In addition, the Collateral Agent shall be entitled to the same protections, indemnification and reimbursement for fees and expenses as set forth herein in connection with the Security Documents and all actions taken by or on behalf of the Collateral Agent pursuant to the Security Documents.

Section 8.7 Books and Records; Reports.

(a) The Trustee shall at all times keep, or cause to be kept, proper books of record and account in which complete and accurate entries shall be made of all transactions relating to the Bonds and all Funds and Accounts established pursuant to this Indenture. Such books of record and accounts shall be available for inspection by the Issuer, the Borrower, and any Owner or their agents or representatives duly authorized in writing, at reasonable hours and under reasonable circumstances and upon reasonable prior written request.

(b) The Trustee shall maintain records of all receipts, disbursements, and investments of funds with respect to the Funds and Accounts until the fifth anniversary of the date on which all of the Bonds shall have been paid in full.

MIA 185447051v4

(c) The Trustee hereby agrees to provide a monthly report to the Collateral Agent four Business Days prior to each Transfer Date setting forth, among other things, the balance for each Fund and Account, including any sub-accounts, established and created pursuant to this Indenture.

Section 8.8 Notices, Etc. Subject to the provisions of Section 8.2(i) of this Indenture, the Trustee shall promptly deliver to the Issuer, the Borrower (other than with respect to any notices set forth in subclause (a) below) and the Collateral Agent:

(a) any notice provided to it by the Borrower under the terms of the Senior Loan Agreement and Additional Parity Bonds Loan Agreement (if executed);

AMENDMENT OF AND CERTAIN ACTIONS UNDER SENIOR LOAN AGREEMENT

Section 10.1 Amendments to Senior Loan Agreement Not Requiring Consent of Owners. Except with respect to any proposed amendment, modification or waiver affecting the Reserved Rights, the Issuer hereby delegates and assigns its right to amend, modify or waive any provision of the Senior Loan Agreement to the Trustee. (b) to cure any ambiguity, or to cure, correct or supplement any defect, mistake, error, omission or inconsistent provision contained therein;

(c) to amend any existing provision thereof or to add additional provisions which, in the opinion of Bond Counsel, are necessary or advisable (i) to qualify, or to preserve the qualification of, the interest on any Bonds for exclusion from gross income for federal income tax purposes or (ii) to qualify, or preserve the qualification of, any Bonds for an exemption from registration or other limitations under the laws of any state or territory of the United States;

(b) No Supplemental Indenture entered into pursuant to Section 9.2 hereof shall be effective until, in addition to the conditions set forth in subsection (a) of this Section, subject to the provisions of any Supplemental Indenture, Owners of the required percentage of the Bonds have consented to the Supplemental Indenture. It shall not be necessary for the consent of the Owners under Section 9.2 hereof to approve the particular form of any proposed Supplemental Indenture, but it is sufficient if such consent approves the substance thereof. A notice that describes the nature of the Supplemental Indenture shall be sent to Owners (or delivered in accordance with the procedures of DTC) promptly after the effectiveness of such Supplemental Indenture. Any failure to send such notice, or any defect therein, will not, however, in any way impair or affect the validity of any such Supplemental Indenture.

Provisions of the Senior Loan Agreement may also be amended without Owner consent, with the written consent of the Borrower, on the date of any mandatory tender of Term Rate Bonds, but only with respect to the applicable portion of the Term Rate Bonds so tendered, provided that notice of any such amendment is included in the notice of mandatory tender for purchase of such Term Rate Bonds.

The Trustee shall upon being reasonably satisfactorily indemnified with respect to expenses, cause notice of such proposed amendment, modification or waiver to be given in the same manner as provided by Section 9.3 hereof with respect to Supplemental Indentures; provided, that prior to the delivery of such notice or request, the Trustee may require that a Favorable Opinion of Bond Counsel be furnished with respect to such amendment, modification or waiver. Such notice shall briefly set forth the nature of such proposed amendment, modification or waiver and shall state that copies of the instrument embodying the same are on file at the Designated Payment Office of the Trustee for inspection by all Owners.

Such notice shall briefly set forth the nature of such requested consent or action and shall state that any copies of such request from the Borrower are on file at the Designated Payment Office of the Trustee for inspection by all Owners; and/or

(b) upon direction from Owners of not less than the required percentage in aggregate principal amount of the Outstanding Bonds, the Trustee shall, upon being satisfactorily indemnified with respect to expenses, take any such directed action in accordance with the Senior Loan Agreement or any Additional Parity Bonds Loan Agreement (if executed); *provided*, that prior to the delivery of such notice or request, the Trustee may require that a Favorable Opinion of Bond Counsel be furnished with respect to such consent or action.

(c) Any Bonds that are defeased as provided in this Section shall automatically no longer be secured by or entitled to any right, title or interest in or to the Trust Estate, and the principal of and interest on and Redemption Price thereof shall be paid solely from the Defeasance Securities and money held in the Defeasance Escrow Account.

Section 11.3 Opinion of Bond Counsel. Prior to any discharge of this Indenture pursuant to Section 11.1 hereof or the defeasance of any Bonds pursuant to Section 11.2 hereof, Bond Counsel (or, with respect to the opinion in clause (i) below, other counsel reasonably satisfactory to the Trustee) must have delivered to the Trustee a written opinion to the effect that (i) all requirements of this Indenture for such discharge or defeasance have been complied with and (ii) such discharge or defeasance will not adversely affect the tax-exempt status of interest on the Bonds of any series (other than Taxable Bonds).

Section 11.4 Defeasance of Less than all Bonds. If less than all of the Bonds, any particular maturity or any Bonds with a particular interest rate within a maturity are defeased, the Trustee shall institute a system to preserve the identity of the individual Bonds or portions thereof that are defeased, regardless of changes in Bond numbers attributable to transfers and exchanges of Bonds.

Section 12.2 Additional Parity Bonds.

(a) The Issuer may issue Additional Parity Bonds in accordance with Section 12.1 hereof only for the purpose of refunding any Outstanding Senior Indebtedness so long as the debt service payable on all Senior Indebtedness Outstanding after the issuance of such Additional Parity Bonds does not exceed the debt service payable on all Senior Indebtedness Outstanding prior to the issuance of such Additional Parity Bonds in each Bond Year through the final maturity of the Senior Indebtedness Outstanding prior to such refunding or defeasance; and (y) if all then Outstanding Bonds are to be refunded, prepaid or defeased prior to maturity, all necessary instructions or arrangements will have been made (or concurrently made with the issuance of the Additional Parity Bonds), in order to give effect to such refunding, prepayment or defeasance; and (z) if less than all then Outstanding Bonds are to be refunded, prepaid or defeased prior to maturity in connection with such issuance of Additional Parity Bonds, all necessary instructions or arrangements will have been made (or concurrently made with the issuance of the Additional Parity Bonds), in order to give effect to the refunding, prepayment or defeasance of the Bonds which will not remain Outstanding.

(c) To the extent that any or all of the Series 2017 Bonds (or any Additional Parity Bonds) are outstanding at the time the Additional Parity Bonds are proposed to be incurred, the additional financing documents entered into in connection therewith (1) shall not prohibit the Borrower from incurring new indebtedness to refinance such Bonds (at least to the extent permitted hereunder and under the Senior Loan Agreement) and (2) shall provide that all principal and interest payment dates with respect to such Additional Parity Bonds will be the same principal and interest payment dates as for the Bonds to remain Outstanding through maturity of such Bonds;

Any notice sent will be conclusively presumed to have been given, whether or not actually received by any Owner or beneficial owner. The Series 2017 Bonds in the Fixed Rate Mode shall not be subject to mandatory tender for purchase.

Conversion. (e) In the event that the Borrower should fail to make any of the payments required in this Section, the amount so in default shall continue as an obligation of the Borrower until the amount in default shall have been fully paid, and the Borrower agrees to pay the same with interest thereon, to the extent provided under the Indenture or under the fee agreement between the Borrower and the Trustee or as permitted by law, from the date when such payment was due, at a rate per year equal to the highest yield on any Outstanding Series 2017 Bonds.

(f) To the extent any moneys have been deposited by the Borrower, or on the Borrower's behalf, into any Account or subaccount of the Series 2017 Debt Service Fund for the purpose of paying interest on and principal of the Series 2017 Bonds when due, the Borrower's payment obligations pursuant this Section 4.01 with respect to the applicable Interest Payment, Principal Payment, mandatory tender or redemption of such Bonds will be deemed satisfied.

(a) The Borrower shall maintain or shall require its contractors to maintain Insurance that is required to be obtained by the Borrower and its contractors to satisfy the requirements set forth in **Attachment B** of this Agreement (such coverage to include provisions waiving subrogation against the Issuer, the Trustee, the Collateral Agent and all other Secured Parties, except in the case of Insurance for professional liability or workers' compensation). Such policies, to the extent they are commercial general liability policies, shall name the Collateral Agent, on behalf of the Secured Parties, as additional insured, and to the extent they are casualty policies, as loss payee as its interests may appear (pending any existing contractual overrides). Each Insurance policy required to be obtained by the Borrower shall require the insurer or insurance broker to endeavor to provide at least thirty (30) days (or such shorter period, if any, as is available on a commercially reasonable basis) prior written notice of cancellation, termination or lapse in coverage by the insurer to the Trustee and the Collateral Agent.

(b) The Borrower shall not take, or fail to take, any action, which would result in any Insurance obtained by the Borrower, lapsing, becoming cancelled or otherwise being rendered void, voidable or ineffective and shall not cancel or vary any policy of Insurance required to be maintained by it in either case unless (i) this Agreement requires or permits otherwise or (ii) such Insurance is (prior to its cessation) replaced by Insurance that satisfies the insurance requirements set forth in **Attachment B** to this Agreement.

(c) Prior to expiration of any such policy or upon renewal, the Borrower shall furnish the Trustee and the Collateral Agent with evidence that the policy or certificate has been renewed or replaced in compliance with this Senior Loan Agreement or is no longer required by this Senior Loan Agreement.

(d) No later than ninety (90) days after the end of every third (3rd) Fiscal Year of the Borrower, starting with the Fiscal Year ending December 31, 2019, the Borrower shall cause an independent insurance agent, provider or consultant qualified to survey risks and to recommend

Any amounts so advanced by the Trustee or the Collateral Agent shall become an additional obligation of the Borrower, shall be payable on demand, and shall be deemed a part of the obligations of the Borrower.

(f) The Borrower shall use commercially reasonable efforts to enforce the obligations of all providers of Insurance policies under the insurance policies issued to the Borrower or with respect to the Series 2017 Project as required pursuant to this Section 6.03 and shall use commercially reasonable efforts to enforce the obligations of all other parties to the Financing Documents to maintain Insurance as required by the applicable Financing Document.

Section 6.04 Accounts and Reporting.

(a) The Borrower shall keep proper records and books of accounts in which entries shall be made of its transactions in accordance with GAAP. Such records and books shall, to the extent permitted by Law, be subject to the inspection of the Collateral Agent and the Trustee or their respective representatives upon reasonable notice and at reasonable times during business hours, *provided* that absent an Event of Default the Borrower shall not be responsible for the cost of any such inspection in excess of once each year. The Borrower may (i) only expend proceeds of the Series 2017 Bonds on portions of the Series 2017 Project that are located within the jurisdictional limits of the Series 2017 Counties; and (ii) not expend proceeds of the Series 2017 Bonds to acquire any building or facility that will be, during the term of the Series 2017 Bonds, used by, occupied by, leased to or paid for by any state, county or municipal agency or entity.

(e) Neither the Borrower nor its owners shall take any action to cause the Borrower to become treated as an association (or publicly traded partnership) taxable as a corporation for U.S. federal, state or local income tax purposes.

Section 6.08 Further Assurances and Corrective Instruments.

The Issuer and the Borrower agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required for carrying out the expressed intentions of this Senior Loan Agreement and the Indenture, including as may be reasonably necessary or desirable for establishing, maintaining, assuring, conveying, granting, assigning, securing, perfecting and confirming the pledge of the Trust Estate and the lien thereon set forth in the Indenture and the Security Interests (whether now existing or hereafter arising) granted by or on behalf of the Borrower to the Collateral Agent for the benefit of the Secured Parties, pursuant to the Security Documents, or intended so to be granted pursuant to the Security Documents, or which the Borrower may become bound to grant, and the subject of each such Security Interest will comply with the requirements under the Financing Documents and the Borrower's representations and warranties in Section 2.02 hereof.

Nothing in this paragraph shall require the Borrower to disclose trade secrets, violate confidentiality or non-disclosure agreements, violate applicable law or waive attorney-client privilege.

(b) The Borrower shall retain independent auditors of nationally recognized standing to audit its annual financial statements.

(e) The Borrower agrees to promptly furnish to the Collateral Agent notice of any amendments or modifications to the Financing Documents.

Section 6.06 Compliance with Laws.

The Borrower shall comply with, and shall ensure that the Series 2017 Project is operated in compliance with, all applicable Laws and Governmental Approvals, including Environmental Laws, as and when required, except, in each case, for any failure to comply which would not reasonably be expected to have a Material Adverse Effect.

Section 6.07 Use of Proceeds; Tax Covenant.

30

(b) The Borrower may, at its expense, contest in good faith any such levy, tax, assessment, claim or other charge, but the Borrower may permit the items otherwise required to be paid under Section 6.12(a) to remain undischarged and unsatisfied during the period of such contest related to such items and any appeal therefrom only if the Borrower shall provide to the Trustee and the Collateral Agent an Opinion of Counsel to the Borrower (who may be in-house counsel to the Borrower) that by non-payment of any such items, the rights of the Trustee or the Collateral Agent with respect to this Senior Loan Agreement created by the assignment under the Indenture and the Security Documents, as to the rights assigned under this Senior Loan Agreement or any part of the payments to be made under this Senior Loan Agreement will not be materially endangered, nor will the Series 2017 Project or any part thereof or any of the Collateral be subject to loss or forfeiture. If the Borrower is unable to deliver such an Opinion of Counsel, the Borrower shall promptly pay or bond or cause to be satisfied or discharged all such unpaid items or furnish, at the expense of the Borrower, indemnity satisfactory to the Trustee and the Collateral Agent; but provided further, that any tax, assessment, charge, levy or claim shall be paid forthwith upon the commencement of proceedings to foreclose any lien securing the

(c) If the Borrower shall fail to pay any of the items required to be paid by it pursuant to (a) above, the Issuer, the Collateral Agent or the Trustee may (but shall be under no obligation to) pay the same, and any amounts so advanced therefor by the Issuer, the Collateral Agent or the Trustee shall become an additional obligation of the Borrower to the one making the advancement of such amounts, together with interest thereon at a rate per year equal to the highest yield on any Outstanding Series 2017 Bonds, from the date of payment. The Borrower agrees to reimburse any such amounts on demand therefor.

ARTICLE VII ASSIGNMENT; INDEMNIFICATION

Section 7.01 Assignment.

Except as expressly contemplated herein, in the Indenture and in the Security Documents, neither the Borrower nor the Issuer may assign its interest in this Senior Loan Agreement. In the event of any permitted assignment of its interest in this Senior Loan Agreement by the Issuer, the Issuer (solely for this purpose as a non-fiduciary agent on behalf of the Borrower) shall maintain or cause to be maintained a register for interests in this Senior Loan Agreement in which it shall register the issuance and transfer of such interests. All transfers of such interests shall be recorded on the register maintained by the Issuer or its agent, the register shall be conclusive absent manifest error, and the parties hereto shall regard the registered holder of such interests as the actual owner thereof for all purposes.

Section 7.02 Release and Indemnification Covenants.

(a) The Borrower shall and hereby agrees to indemnify, defend, hold harmless and save the Issuer, the Trustee, and the members, servants, officers, counsel to the Issuer, employees, advisors and other agents, now or hereafter, of the Issuer or the Trustee (each an "indemnified party") harmless against and from all claims, demands, suits, actions or proceedings whatsoever by or on behalf of any Person arising from or purporting to arise from this Senior Loan Agreement, the Indenture, the Series 2017 Bonds or the transactions contemplated thereby, including without limitation, (1) any condition of the Series 2017 Project, (2) any breach or default on the part of the Borrower in the performance of any of its obligations under this Senior Loan Agreement, (3) any act or negligence of the Borrower or of any of its agents, contractors, servants, employees or licensees, (4) any act or negligence of any assignee or lessee of the Borrower, or of any agents, contractors, servants, employees or licensees of any assignee or lessee of the Borrower, or (5) the Issuer's authorization, approval or execution of the Series 2017 Bonds, the Financing Documents or any other documents, opinions, certificates or agreements executed in connection with the transactions contemplated by this Senior Loan Agreement, the Indenture, the Series 2017 Bonds or the transactions contemplated thereby. The Borrower shall indemnify and save the Issuer, the Trustee, and the members, servants, officers, counsel to the Issuer, employees, advisors and other agents, now or hereafter, of the Issuer or the Trustee harmless from any such claim, demand, suit, action or other proceeding whatsoever arising as aforesaid and upon notice from the Issuer or the Trustee, the Borrower shall defend such parties, as applicable, in any such action or proceeding.

(b) The Issuer and the Trustee, each separately agree that, upon the receipt of notice of the commencement of any action against the Issuer or the Trustee or their respective members, servants, officers, counsel to the Issuer, employees, advisors and other agents, now or hereafter, as applicable, or any Person controlling it as aforesaid, in respect of which indemnity, costs, expenses or defense may be sought on account of any agreement contained herein, the Issuer or the Trustee, as applicable, will promptly give written notice of the commencement thereof to the Borrower, but the failure so to notify the Borrower of any such action shall not relieve the Borrower from any liability hereunder to the extent it is not materially prejudiced as a result of such failure to notify and in any event shall not relieve it from any liability which it may have to

Failure of the Borrower to comply with the requirements of Rule 15c2-12, as amended or supplemented, shall not be an Event of Default hereunder. The Borrower acknowledges and agrees that the Issuer shall have no liability with respect to these obligations.

Section 6.24 No Distributions. The Borrower will not declare or pay dividends or make any distributions, except in accordance with the Flow of Funds set forth in the Collateral Agency Agreement as in effect on the Closing Date; provided that this restriction shall not be deemed to preclude the Borrower from paying Project Costs such as development fees, as otherwise contemplated herein.

Section 6.25 Hazardous Materials. The Borrower shall not cause any releases of Hazardous Materials at the Series 2017 Project site that would be reasonably likely to result in an environmental claim against the Borrower or the Series 2017 Project, other than those environmental claims that, individually or in the aggregate, would not be reasonably expected to result in a Material Adverse Effect.

Section 6.26 Major Maintenance Plan.

Not later than December 31, 2020 and not later than December 31 of each year thereafter, the Borrower shall submit the Major Maintenance Plan to the Collateral Agent. The Borrower will provide a copy to the Issuer upon written request of the Issuer.

In case such notice of any such action shall be so given, the Borrower shall be entitled to participate at its own expense in the defense or, if it so elects, to assume the defense of such action, in which event such defense shall be conducted by counsel chosen by the Borrower and reasonably satisfactory to the indemnified party or parties who shall be defendant or defendants in such action, and such defendant or defendants shall bear the fees and expenses of any additional counsel retained by them; but if the Borrower shall elect not to assume the defense of such action, the Borrower will reimburse such indemnified party or parties for the reasonable fees and expenses of any counsel retained by them; provided, however, if the defendants in any such action (including impleaded parties) include both the indemnified party and the Borrower and counsel for the Borrower shall have reasonably concluded that there may be a conflict of interest involved in the representation by a single counsel of both the Borrower and the indemnified parties, the indemnified party or parties shall have the right to select separate counsel, at the Borrower's expense and satisfactory to the Borrower, to participate in the defense of such action on behalf of such indemnified party or parties (it being understood, however, that the Borrower shall not be liable for the expenses of more than one separate counsel (in addition to local counsel) representing the indemnified parties who are parties to such action).

(c) Without the consent of the Borrower neither the Trustee nor the Issuer shall settle, compromise or consent to the entry of any judgment in any claim in respect of which indemnification may be sought under the indemnification provision of this Senior Loan Agreement, unless such settlement, compromise or consent (1) includes an unconditional release of such other applicable party from all liability arising out of such claim and (2) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such other applicable party.

(d) Notwithstanding anything to the contrary contained herein, the Borrower shall have no liability to indemnify the Trustee against claims or damages resulting from such parties' own gross negligence or willful misconduct, or the Issuer against claims or damages resulting from such parties' own willful misconduct.

(e) The indemnification obligation of the Borrower under this Section 7.02 shall survive the termination of this Senior Loan Agreement.

ARTICLE VIII EVENTS OF DEFAULTS AND REMEDIES

Section 8.01 Events of Default Defined.

Any one or more of the following events shall constitute "Events of Default" under this Senior Loan Agreement:

(a) Failure by the Borrower to pay any amount required to be paid under Section 4.01(a) hereof and, solely in the case of any such failure to pay interest, such failure is not remedied within five (5) Business Days after the applicable due date; or failure by the Borrower to pay any other amount required to be paid hereunder, which failure is not remedied within ten (10) days after notice in writing thereof is given by the Issuer or the Trustee to the Borrower;

40

(b) Failure by the Borrower to observe and perform in any material respect any covenant, condition or agreement on its part to be observed or performed under this Senior Loan Agreement, the Indenture or any other Financing Document, other than as covered by another provision of this Section 8.01 and other than failure to observe or perform the covenants set forth in Section 6.24 and the Continuing Disclosure Agreement, and such non-compliance shall remain unremedied for a period of sixty (60) days after the earlier of (1) written notice specifying such failure shall have been given to the Trustee by the Borrower, or (2) written notice specifying such failure and requesting that it be remedied shall have been given to the Borrower by the Trustee or the Issuer, or such longer period as is reasonably necessary under the circumstances to remedy such failure, such extension not to exceed one hundred twenty (120) days without prior written approval by the Trustee acting at the direction of the Majority Holders delivered by the Trustee pursuant to Section 10.4 of the Indenture;

(c) The occurrence of a Bankruptcy Event with respect to the Borrower;

(d) Any of the representations, warranties or certifications of the Borrower made in or delivered pursuant to any Financing Document, including this Senior Loan Agreement, shall prove to have been incorrect when made and a Material Adverse Effect would reasonably be expected to result therefrom, unless such misrepresentation is capable of being cured and is cured within thirty (30) days after the Borrower's receipt of written notice from the Trustee of such misrepresentation;

(e) An "Event of Default" occurs under Section 7.1(a) or 7.1(b) of the Indenture or any payment default occurs under any agreement or instrument involving any other Senior Indebtedness having a principal amount in excess of \$_____ (such amount to be adjusted annually by an increase in the Consumer Price Index) (after giving effect to any applicable grace periods and any extensions thereof);

(f) An "Event of Default" occurs under Section 7.1 of the Indenture or an event of default occurs under any agreement or instrument governing any other Senior Indebtedness with a principal amount in excess of \$_____ (such amount to be adjusted annually by the increase in the Consumer Price Index from the prior year), in each case other than as described in clause (e) immediately above, beyond the grace period, if any, provided, but only where such Event of Default under Section 7.1 of the Indenture results in an acceleration of the Bonds then Outstanding under the Indenture or such event of default in respect of other Senior Indebtedness results in the holder or holders of such other Senior Indebtedness causing such Senior Indebtedness to become due prior to its stated maturity;

(g) A non-appealable final judgment (to the extent such judgment is not paid or covered by insurance), which judgment in combination with all other such judgments is for an amount in excess of \$_____ (such amount to be adjusted annually by the increase in the Consumer Price Index from the prior year), shall have been entered against the Borrower and, in the event such judgment is not covered by insurance, the same shall remain unsatisfied without any procurement of a stay of execution for a period of sixty (60) consecutive days after such judgment has become final;

Any amounts collected pursuant to action taken under this Section and the Security Documents paid to the Trustee shall be applied in accordance with Section 7.3 of the Indenture.

Any rights and remedies as are given to the Issuer under this Senior Loan Agreement will also extend to the Owners of the Series 2017 Bonds, and the Trustee, subject to the provisions of the Indenture, will be entitled to the benefit of all covenants and agreements contained in this Senior Loan Agreement, subject to the terms of the Security Documents.

In case proceedings shall be pending for the bankruptcy or for the reorganization of the Borrower under the federal bankruptcy laws or any other applicable law, or in case a receiver or trustee shall have been appointed for the property of the Borrower or in the case of any other similar judicial proceedings relative to the Borrower, or the creditors or property of the Borrower, then the Trustee shall be entitled and empowered, by intervention in such proceedings or otherwise, to file and prove a claim or claims for the whole amount owing and unpaid pursuant to this Agreement and, in case of any judicial proceedings, to file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee allowed in such judicial proceedings relative to the Borrower, its creditors or its property, and to collect and receive any moneys or other property payable or deliverable on any such claims, and to distribute such amounts as provided in the Indenture after the deduction of its reasonable charges and expenses to the extent permitted by the Indenture. Any receiver, assignee or trustee in bankruptcy or reorganization is hereby authorized to make such payments to the Trustee, and to pay to the Trustee any amount due it for reasonable compensation and expenses, including reasonable expenses and fees of counsel incurred by it up to the date of such distribution.

Section 8.03 Right to Cure.

Notwithstanding anything to the contrary contained in Section 6.32, in the event that the Borrower fails to comply with the requirements of the Total DSCR, until the expiration of fifteen (15) Business Days following the date that the certificate calculating such Total DSCR is required to be delivered to the Collateral Agent and the Trustee, the Borrower shall have the right to issue Permitted Subordinated Debt, and FECL, its Affiliates or any other direct or indirect owner of the Borrower, shall have the right to make an Additional Equity Contribution to the Borrower (collectively, the "Cure Right"), and upon the receipt by the Borrower of cash (the "Cure Amount") pursuant to the exercise of the Cure Right, the Total DSCR shall be recalculated giving effect to the following pro forma adjustments:

(i) Free Cash Flow shall be increased, solely for the purposes of measuring the Total DSCR in Section 6.32 and not for any other purpose under this Senior Loan Agreement or any other Financing Document, by an amount equal to the Cure Amount; and

(ii) if, after giving effect to the foregoing recalculations, the Borrower shall then be in compliance with the Total DSCR requirements, the Borrower shall be deemed to have satisfied such requirements as of the relevant Calculation Date with the same effect as though

43

(h) Any Security Document ceases, except in accordance with its terms or as expressly permitted under the Financing Documents, to be effective to grant a perfected Security Interest on any portion of the Collateral exceeding \$_____ in fair market value, other than as a result of actions or failure to act by the Trustee, the Collateral Agent or any other Secured Party;

(i) Any Insurance required under Section 6.03 and the other Financing Documents is not, or ceases to be, in full force and effect at any time when it is required to be in effect and such failure continues for a period of ten (10) Business Days, unless such insurance is (prior to its cessation) replaced by insurance on substantially similar terms and as evidenced by a certificate from a nationally recognized insurance broker confirming the same, which shall be sent to the Issuer and the Trustee;

(j) An ERISA Event has occurred which, when taken together with all other such ERISA Events for which liability is reasonably expected to occur, would reasonably be expected to result in a Material Adverse Effect; or

(k) Any event that constitutes a Change of Control has occurred.

Section 8.02 Remedies on Event of Default.

Whenever any Event of Default hereunder shall have occurred and be continuing, the Trustee shall have the right to, in conjunction with its available remedies under the Indenture, take one or any combination of the following remedial steps, by notice to the Borrower and the Collateral Agent:

(a) Declare that all or any part of any amount outstanding under this Senior Loan Agreement is (1) immediately due and payable, and/or (2) payable on demand by the Trustee, and any such notice shall take effect in accordance with its terms but only if all amounts payable with respect to the Outstanding Series 2017 Bonds are being accelerated pursuant to Section 7.2(c) of the Indenture, or if all of the Outstanding Series 2017 Bonds are being defeased pursuant to Article 11 of the Indenture or otherwise paid in full; provided that, upon the occurrence of an Event of Default under Section 8.1(c), all principal of, and accrued interest on the Series 2017 Loan shall be immediately due and payable without any presentment, demand or notice from any Person;

(b) Pursuant to the terms of any Security Document, direct the Collateral Agent or other applicable Secured Party to take or cause to be taken any and all actions necessary to implement any available remedies with respect to the Collateral under any of the Security Documents;

(c) Have reasonable access to and inspect, examine and make copies of the books and records and any and all accounts, data and income tax and other tax returns of the Borrower during regular business hours of the Borrower and following prior reasonable notice; or

there had been no failure to comply therewith at such date, and the applicable breach or default that had occurred shall be deemed cured for the purposes of this Senior Loan Agreement.

The Cure Amount shall be deposited in the Revenue Account and available to make payments described in Section 5.02(b) in the Collateral Agency Agreement as in effect on the Closing Date.

Notwithstanding the foregoing, beginning in the fifth full year after the Closing, the Borrower shall not be permitted to exercise a Cure Right more than four times consecutively.

For the avoidance of doubt, the forgoing Cure Right is available to the Borrower to remedy a default pursuant to Section 6.32 and shall not be used to satisfy the Restricted Payment Conditions.

Section 8.04 Rescission and Waiver.

(a) The Trustee shall rescind any acceleration and its consequences immediately after the acceleration of the Series 2017 Bonds has been rescinded in accordance with the Indenture.

(b) The Trustee shall waive any Event of Default immediately after any such Event of Default has been waived in accordance with the Indenture.

(c) The Trustee shall have the right to, but shall be under no obligation to (except with respect to clauses (a) and (b) of this Section 8.03), waive any other Event of Default at any time.

(d) In case of any such waiver or rescission, then and in every such case the Issuer, the Trustee and the Borrower shall be restored to their former positions and rights, but no such waiver shall extend to any subsequent or other Event of Default, or impair any right consequent thereon.

Section 8.05 No Remedy Exclusive.

Subject to Section 7.2 of the Indenture, no remedy hereunder is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Senior Loan Agreement or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Issuer or the Trustee to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be required by law or in this Article. Any such rights and remedies as are given to the Issuer hereunder shall also extend to the Owners of the Series 2017 Bonds, and the Trustee, subject to the provisions of the Indenture, shall be entitled to the benefit of all covenants and agreements herein contained, subject to the terms of the Security Documents.

44

Section 8.06 Agreement to Pay Attorneys' Fees and Expenses.

Following the occurrence and during the continuance of an Event of Default, if the Issuer shall employ attorneys or financial advisors or incur other expenses for the collection of payments required hereunder or the enforcement of performance or observance of any obligation or agreement on the part of the Borrower herein contained, the Borrower agrees that it will within thirty (30) days of request therefor pay to the Issuer the reasonable fees of such attorneys and such other reasonable and documented expenses so incurred by the Issuer in connection with the same. This Section shall continue in full force and effect, notwithstanding the full payment of all obligations under this Agreement or the termination of this Agreement for any reason.

Following the occurrence and during the continuance of an Event of Default, the Trustee may, at the Borrower's reasonable and documented costs and expense, employ or retain such counsel, accountants, appraisers or other experts or advisers as it may reasonably require for the purpose of determining and discharging its rights and duties hereunder and, in the absence of the Trustee's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisors, may act and rely and shall be protected in acting and relying in good faith on the opinion or advice of or information obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower or by the Trustee, in relation to any matter arising in the administration hereof, and shall not be responsible for any act or omission on the part of any of them. In addition, the Trustee shall not be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or subcustodians except to the extent of its gross negligence, bad faith or willful misconduct in nominating or appointing such persons and so long as such persons are permitted to act hereunder.

Section 8.07 No Additional Waiver Implied by One Waiver.

In the event any agreement contained in this Senior Loan Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

ARTICLE IX MISCELLANEOUS

Section 9.01 Term of Agreement.

Except to the extent otherwise provided herein, this Senior Loan Agreement shall be effective upon its execution and delivery and shall expire at such time as all of the Series 2017 Bonds and the fees and expenses of the Issuer and the Trustee shall have been fully paid or provision made for such payments, whichever is later; provided, however, that this Senior Loan Agreement may be terminated prior to such date pursuant to Article V of this Senior Loan Agreement and Article 11 of the Indenture, but in no event before all of the obligations and duties of the Borrower hereunder have been fully performed, including, without limitation, the payments of all costs and fees mandated hereunder or under any other Financing Document to which the Borrower is a party; provided further, however, that the indemnity obligation of the Borrower under Section 7.02 shall survive the termination of this Senior Loan Agreement.

ATTACHMENT A

PROVISIONS EVIDENCING THE SUBORDINATION OF PERMITTED SUBORDINATED DEBT

Permitted Subordinated Debt shall be issued pursuant to, or evidenced by, an instrument containing provisions for the subordination of such Permitted Subordinated Debt to all Bonds, substantially as follows.

All capitalized terms used in this Attachment A but not defined herein shall have the meanings ascribed to such terms in the Definitions Annex of the Collateral Agency Agreement.

SUBORDINATION OF PERMITTED SUBORDINATED DEBT

General.

Notwithstanding any provision of this agreement to the contrary, the Borrower and the holder of the Permitted Subordinated Debt, for themselves and for all present and future holders of such Permitted Subordinated Debt, hereby covenant and agree that the Permitted Subordinated Debt shall be and is hereby expressly made subordinate and junior in right of payment to the prior payment (in cash or cash equivalents) and performance in full of all Bonds to the extent and in the manner provided below.

Waiver.

The holder of the Permitted Subordinated Debt (or any instrument evidencing the same) by acceptance hereof waives any and all notice of the creation or accrual of any such Bonds and notice of proof of reliance upon these subordination provisions by any holder of Bonds and hereby assents to any renewal, extension or postponement of the time of payment of Bonds or any other indulgence with respect thereto, to any increase in the amount of Bonds, and to any substitution, exchange or release of collateral therefor; and any such Bonds shall conclusively be deemed to have been created, contracted or incurred in reliance upon these subordination provisions and all dealings between the Borrower and any holder of Bonds so arising shall be deemed to have been consummated in reliance upon these subordination provisions.

Effects of Certain Defaults in Respect of Bonds.

If the Borrower shall default in the payment of any principal of or interest on or other amount with respect to the Bonds when the same becomes due and payable, whether at maturity or at a date fixed for redemption or by declaration or otherwise (a "Senior Default"), and unless and until such Senior Default shall have been remedied or waived or shall have ceased to exist, no direct or indirect payment by the Borrower from any source whatsoever shall be made on account of the principal of, or premium, if any, or interest on or other amount with respect to, the Permitted Subordinated Debt.

Limitation on Payments and Demand for Payments.

For so long as any Bonds are outstanding, (i) the Borrower shall not, directly or indirectly, make, or permit any of its Affiliates to make, any payment of principal or interest on account of the Permitted Subordinated Debt, except for payments made in accordance with clauses Eleventh and Twelfth of Section 5.02(b) of the Collateral Agency Agreement, and (ii) the holder of the Permitted Subordinated Debt shall not demand, sue for, retain, or accept from the Borrower or any other Person any payment of principal or interest on account of such Permitted Subordinated Debt, except for payments made in accordance with clauses Eleventh and Twelfth of Section 5.02(b) of the Collateral Agency Agreement.

Limitation on Acceleration.

For so long as any Bonds are outstanding, the Permitted Subordinated Debt may not be declared to be due and payable before its stated maturity unless all Bonds have become due and payable, at maturity or at a date fixed for redemption or by declaration or otherwise and, in the case of any such declaration, such declaration has not been rescinded.

Insolvency, Etc.

(a) In the event of any liquidation, reorganization, dissolution, winding up or composition or readjustment of the Borrower or its interests (whether voluntary or involuntary, or in bankruptcy, insolvency, reorganization, liquidation, receivership proceedings, or upon a general assignment for the benefit of the Borrower's creditors or any other marshalling of the assets and liabilities of the Borrower, or otherwise), all Bonds (including any claim for interest thereon accruing at the contract rate after the commencement of any such proceedings and any claim for additional interest that would have accrued thereon but for the commencement of such proceedings, whether or not, in either case, such claim shall be enforceable in such proceedings) shall first be paid in full in cash or cash equivalents before any direct or indirect payment or distribution, whether in cash or cash equivalents, securities or other property, is made in respect of the Permitted Subordinated Debt, and any cash, securities or other property which would otherwise (but for these subordination provisions) be payable or deliverable in respect of the Permitted Subordinated Debt directly or indirectly by the Borrower from any source whatsoever shall be paid or delivered directly to the holders of Bonds in accordance until all Bonds (including claims for interest and additional interest as aforesaid) shall have been paid in full in cash or cash equivalents.

(b) The holder of Permitted Subordinated Debt shall not commence or join with any other creditor or creditors of the Borrower in commencing any bankruptcy, insolvency, reorganization, liquidation, receivership proceedings against the Borrower. At any general meeting of creditors of the Borrower in the event of any liquidation, reorganization, dissolution, winding up or composition or readjustment of the Borrower or its interests (whether voluntary or involuntary, or in bankruptcy, insolvency, reorganization, liquidation, receivership proceedings, or upon a general assignment for the benefit of the Borrower's creditors or any other marshalling of the assets and liabilities of the Borrower, or otherwise), if all Bonds have not been paid in full at such time, the Trustee (or any authorized agent thereof) is hereby authorized at any such meeting or in any such proceeding:

(i) to enforce claims comprising Permitted Subordinated Debt in the name of the holder of such Permitted Subordinated Debt, by proof of debt, proof of claim, suit or otherwise;

(ii) to collect any assets of the Borrower distributed, divided or applied by way of dividend or payment, or such securities issued, on account of Permitted Subordinated Debt, and apply the same, or the proceeds of any realization upon the same that the Trustee elects to effect pursuant to the Indenture or the other Financing Documents, to the Bonds until all Bonds shall have been paid in full;

(iii) to vote claims comprising Permitted Subordinated Debt to accept or reject any plan of partial or complete liquidation, reorganization, arrangement, composition or extension; and

(iv) to take generally any action in connection with any such meeting or proceeding which the holder of Permitted Subordinated Debt might otherwise take.

(c) The Borrower and holder of the Permitted Subordinated Debt each hereby (i) authorizes and empowers the Trustee, under the circumstances set forth in the above paragraph, to demand, sue for, collect and receive every such payment or distribution referred to in such paragraph and give acquittance therefor, and execute, verify, deliver and file any claims or proofs of claim, consents, assignments or other instruments which any holder of the Bonds may at any time reasonably require in order to provide and realize upon any rights or claims pertaining to the Permitted Subordinated Debt in any statutory or non-statutory proceeding, vote any such claims in any such proceeding and take such other actions, on behalf of the holders of the Bonds or otherwise, as the Trustee may deem necessary or advisable for the enforcement of the subordination provisions hereto and (ii) appoints any Person designated for such purpose by the Trustee as its attorney-in-fact for all such purposes.

Turnover of Payments.

If (i) any payment or distribution shall be collected or received by the holder of the Permitted Subordinated Debt in contravention of the terms hereof and prior to the payment in full in cash or cash equivalents of all Bonds at the time outstanding and (ii) any holder of such Bonds (or any authorized agent thereof) shall have notified the holder of the Permitted Subordinated Debt of the facts by reason of which such collection or receipt so contravenes the subordination provisions hereto, the holder of the Permitted Subordinated Debt will deliver such payment or distribution, to the extent necessary to pay all such Bonds in full in cash or cash equivalents, to the Trustee, for the benefit of the holders of the Bonds, in the form received, and until so delivered, the same shall be held by the holder of the Permitted Subordinated Debt in trust for the holders of the Bonds and shall not be commingled with other funds or property of the holder of the Permitted Subordinated Debt.

No Prejudice or Impairment.

No present or future holder of any Bonds shall be prejudiced in the right to enforce subordination of the Permitted Subordinated Debt by any act or failure to act on the part of the Borrower. Nothing contained herein shall impair, as between the Borrower and the holder of the

No such Insurance policy shall be invalidated by any action or inaction of the Borrower or any other Person and shall insure the respective interests of the additional insureds, as they appear, regardless of any breach or violation of any warranty, declaration or condition contained in such policies by the Borrower or by any other Person.

Payment of Bonds, Subrogation, etc.

Upon the payment in full in cash or cash equivalents of all Bonds, the holder of the Permitted Subordinated Debt shall be subrogated to all rights of the holders of such Bonds to receive any further payments or distributions applicable to Bonds until the Permitted Subordinated Debt shall have been paid in full in cash or cash equivalents, and, for the purposes of such subrogation, no payment or distribution received by the holders of Bonds of cash, securities, or other property to which the holder of the Permitted Subordinated Debt would have been entitled except for this Section shall, as between the Borrower and its creditors other than the holders of Bonds, on the one hand, and the holder of the Permitted Subordinated Debt, on the other hand, be deemed to be a payment or distribution by the Borrower on account of Bonds.

WHEREAS, pursuant to that certain Security Agreement, dated as of the date hereof, between the Borrower and the Collateral Agent and certain other Security Documents, the Borrower has granted a first-priority security interest in, to and under the Collateral (subject to Permitted Security Interests) as security for the payment and performance of all Secured Obligations, including the Bonds, in accordance with such Security Documents; and

WHEREAS, the Borrower may from time to time incur other Secured Obligations pursuant to and under the Secured Obligation Documents (as defined herein) and, subject to the terms and conditions set forth in Section 7.06 hereof, the Secured Parties under such Secured Obligation Documents may accede to and have the benefits and obligations of this Agreement and the other Security Documents; and

WHEREAS, the Parties hereto desire to appoint Deutsche Bank National Trust Company, as Collateral Agent and Account Bank under this Agreement, and as Collateral Agent under the

collecting agent for the Secured Parties with respect to all payments and collections arising in connection with the Financing Documents, and, among other remedies, to foreclose upon, collect and dispose of the Collateral and to apply the proceeds therefrom, for the benefit of the Secured Parties, as provided herein, and otherwise to perform its duties and obligations as the Collateral Agent hereunder in accordance with the terms hereof. The Collateral Agent shall have no duties or responsibilities except those expressly set forth herein or in the other Security Documents to which it is a party as the Collateral Agent, and no duties or responsibilities shall be inferred or implied against the Collateral Agent and no implied covenants or obligations shall be read into this Agreement or any such other Security Documents against the Collateral Agent.

(b) The Collateral Agent shall not be required to exercise any discretion or take any action (except as expressly provided in any Secured Obligation Document), but shall only be required to act or refrain from acting (and shall be fully protected in so acting or refraining from acting) upon the written instructions of the Required Secured Creditors (or, where expressly required by the terms of the Secured Obligation Documents, such other proportion of the holders of Secured Obligations), and such instructions shall be binding upon the Collateral Agent and each of the Secured Parties; provided, however, that the Collateral Agent shall not be required to take any action which is contrary to any provision hereof, any provision of the other Security Documents or applicable Law.

(c) Notwithstanding any other provision of the Security Documents, in no event shall the Collateral Agent be required to foreclose on, or take possession of, the Collateral, if, in the reasonable judgment of the Collateral Agent, such action would be in violation of any applicable Law, rule or regulation pertaining thereto, or if the Collateral Agent reasonably believes that such action would result in the incurrence of liability by the Collateral Agent for which it is not fully indemnified by the Borrower, including pursuant to Sections 2.10 and 10.02 of this Agreement, by application of the Collateral pursuant to this Agreement, or by the Secured Parties.

(d) The Collateral Agent shall not be responsible to the other Secured Parties for (i) any recitals, statements, representations or warranties by the Borrower or any of the Secured Parties (other than its own) contained in this Agreement or the other Secured Obligation Documents, or any certificate or other document delivered by the Borrower or any of the other Secured Parties thereunder, (ii) the value, validity, effectiveness, genuineness, enforceability (other than as to the Collateral Agent with respect to such documents to which the Collateral Agent is a party) or, except as may otherwise be required by law, sufficiency of this Agreement or any other document referred to or provided for herein or therein or of the Collateral held by the Collateral Agent hereunder, (iii) the performance or observance by the Borrower or any of the Secured Parties (other than as to itself) of any of their respective agreements contained herein or therein, nor shall the Collateral Agent be liable because of the invalidity or unenforceability of any provisions of this Agreement (other than as to itself) or (iv) the validity, perfection, priority or enforceability of the Security Interests on any of the Collateral, whether impaired by operation of law or by reason of any action or omission to act on its part hereunder (except to the extent such action or omission constitutes gross negligence, bad faith or willful misconduct (but only ordinary negligence in connection with the handling of funds) on the part of the Collateral Agent), the validity of the title of the Borrower to the Collateral, insuring the Collateral or the

payment of Taxes, charges, assessments or Security Interests on the Collateral or otherwise as to the maintenance of the Collateral.

(e) The Collateral Agent may at any time request instructions from the Required Secured Creditors as to a course of action to be taken by it hereunder and under any of the Security Documents or in connection herewith and therewith or any other matters relating hereto and thereto, and the Secured Debt Representatives on behalf of the Required Secured Creditors shall promptly reply to any such request and the Collateral Agent shall be fully justified in failing or refusing to take any such action (unless such action is expressly provided for under the Security Documents) if it shall not have received such written instruction. This provision is intended solely for the benefit of the Collateral Agent and its successors and permitted assigns and is not intended to and will not entitle the other parties hereto to any defense, claim or counterclaim or confer any rights on any other party hereto.

(f) Neither the Collateral Agent, the Account Bank nor any of their directors, officers, employees or agents shall be liable or responsible for any action taken or omitted to be taken by it or them hereunder or in connection herewith, except for its or their own gross negligence, bad faith or willful misconduct (but only ordinary negligence in connection with the handling of funds).

Section 2.03 Authorization. The Secured Debt Representatives (on behalf of the Secured Parties), hereby authorize the Collateral Agent to (a) execute, deliver and perform in such capacity under this Agreement and each other Secured Obligation Document to which the Collateral Agent is or is intended to be a party, (b) exercise and enforce any and all rights, powers and remedies provided to the Collateral Agent or to any of the Secured Parties by this Agreement, any other Secured Obligation Document, any applicable Law, or any other document, instrument, or agreement, and (c) take any other action authorized under this Agreement and any other Secured Obligation Document to which the Collateral Agent is a party.

Section 2.04 Administrative Actions. The Collateral Agent may, but shall not be obligated (unless directed in accordance with this Agreement or any other Secured Obligation Document to take a specific action) to, take such action as it deems necessary to perfect or continue the perfection of the Security Interests on the Collateral held for the benefit of the other Secured Parties. The Collateral Agent shall not release, share or subordinate any of the Collateral held for the benefit of the Secured Parties, or any Security Interests in the Collateral held for the benefit of the Secured Parties, except: (a) upon written direction of all of the Secured Debt Representatives (acting on behalf of the Secured Parties in accordance with the terms of the Secured Obligation Documents); (b) upon Payment in Full, as certified to the Collateral Agent by all of the Secured Debt Representatives (acting in accordance with the terms of the Secured Obligation Documents); (c) for Collateral consisting of a debt instrument if the indebtedness evidenced thereby has been paid in full, as certified to the Collateral Agent by the applicable Secured Debt Representative (acting in accordance with the Secured Obligation Documents); or (d) where such release, sharing or subordination is expressly permitted under the Secured Obligation Documents. Upon the written request by the Collateral Agent or the Borrower at any time, the Secured Debt Representatives will confirm in writing the Collateral Agent's authority to release, share or subordinate particular types or items of Collateral pursuant to this Section and the Secured Debt Representatives hereby agree to provide such confirmations promptly;

4

obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower or by the Collateral Agent, in relation to any matter arising in the administration hereof or in the determination or discharging of its rights and duties hereunder, and shall not be responsible for any act or omission on the part of any of them or for acting or relying in good faith on the opinion or advice or information obtained from such expert or advisor. In addition, the Collateral Agent shall not be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or subcustodians except to the extent of its gross negligence, bad faith or willful misconduct in nominating or appointing such persons.

Section 2.07 Reliance of Collateral Agent. In connection with the performance of its duties hereunder, the Collateral Agent shall be entitled to rely conclusively upon, and shall be fully protected in acting or refraining from acting in accordance with, any written certification, notice, instrument, opinion, request, consent, order, approval, direction or other written communication (including any thereof by facsimile or electronic communication) of a Secured Debt Representative (including, but not limited to, instructions under Section 2.02(e) hereof) or of any other Secured Party, that the Collateral Agent in good faith reasonably believes to be genuine and to have been signed or sent by or on behalf of the proper Person or Persons, and it shall be entitled to rely conclusively upon the due execution, validity and effectiveness, and the truth, correctness and acceptability of, any provisions contained therein. The Collateral Agent shall not have any responsibility to make any investigation into the facts or matters stated in any notice, certificate, instrument, demand, request, direction, instruction, or other communication furnished to it. Whenever this Agreement specifies that any instruction or consent by the Secured Debt Representative is to be given in accordance with the terms of the applicable Secured Obligation Documents, the Collateral Agent shall be entitled to rely upon any such instruction or consent by the Secured Debt Representative (which instruction or consent need not state that it is given in accordance with the terms of the applicable Secured Obligation Documents), and the Collateral Agent may presume without investigation that any such instruction or consent by the Secured Debt Representative has been given in accordance with the terms of the applicable Secured Obligation Documents.

Section 2.08 Non-Reliance on Collateral Agent. Each of the Borrower and each of the Secured Debt Representatives hereby expressly acknowledge that neither the Collateral Agent nor any of its officers, directors, employees, agents, attorneys-in-fact or Affiliates has made any representations or warranties to it and that no act by the Collateral Agent hereafter taken shall be deemed to constitute any representation or warranty by the Collateral Agent to any other Secured Party or the Borrower. Except for any notices, reports and other documents expressly required to be furnished to the other Secured Parties by the Collateral Agent hereunder, the Collateral Agent shall not have any duty or responsibility to provide any other Secured Party with any credit or other information concerning the business, operations, property, condition (financial or other), prospects or creditworthiness of the Borrower, the Equity Participant or any other Person that may come into the possession of the Collateral Agent or any of its officers, directors, employees, agents, attorneys-in-fact or Affiliates. Deutsche Bank National Trust Company is entering into this Agreement and the other Security Documents solely in its capacity as Collateral Agent and as Account Bank and in its capacity as Trustee for the benefit of the Owners of the Bonds and not in its individual capacity and in no case shall Deutsche Bank National Trust Company (or any Person acting as successor Collateral Agent under this Agreement) be personally liable for or on account of any of the statements, representations,

6

provided that the failure to receive such confirmation from any Secured Debt Representative shall not relieve the Collateral Agent of its obligation to take any specific action or execute any document required to be taken or executed as expressly provided under any Secured Obligation Document.

Section 2.05 Determination of Amounts and Secured Obligations. Upon the written request of the Collateral Agent or the Borrower, the Secured Debt Representatives (on behalf of the Secured Parties) and any Additional Senior Unsecured Indebtedness Holders (or their designated agent) shall promptly deliver to the Collateral Agent (with a copy to each Secured Party and Additional Senior Unsecured Indebtedness Holders, if any) a certificate, dated the date of delivery thereof and signed by such party, as to (a) the identity and address of each Secured Party and Additional Senior Unsecured Indebtedness Holders (if any), (b) the principal amount of the Financing Obligations then outstanding held by such Secured Party or any Additional Senior Unsecured Indebtedness Holders (if any), (c) in the case of any such certificate being delivered in contemplation of the application of amounts received by the Collateral Agent in respect of the Collateral pursuant to Article IX hereof, the amount of interest on the Financing Obligations owing and any other amounts in respect of the Financing Obligations owing to such Secured Party or Additional Senior Unsecured Indebtedness Holders (if any), as the case may be (in the case of any such other amounts, accompanied by appropriate evidence thereof), or (d) in the event any of the Financing Obligations shall have become or been declared to be due and payable, the principal amount of such Financing Obligations then due and payable to such Secured Party or Additional Senior Unsecured Indebtedness Holders (if any), as the case may be (to the extent that such information is different from that provided in clause (b) above); *provided* that such Secured Party and Additional Senior Unsecured Indebtedness Holders (if any) shall have not less than two (2) Business Days to review any such certificate and provide any objections with respect thereto to the Collateral Agent. Absent receipt of notice of such objections from such Secured Party or Additional Senior Unsecured Indebtedness Holders (if any), the Collateral Agent shall be entitled to rely on certifications received by it from any Secured Debt Representative for the purposes of determining the amount of the Secured Obligations then outstanding held by such Secured Party in accordance with the preceding sentence and from any agent designated as such by any Additional Senior Unsecured Indebtedness Holders (if any) for purposes of determining the then outstanding amount of Additional Senior Unsecured Indebtedness (in each case, which certificates shall be given substantially contemporaneously with the action being taken); *provided* that in the absence of the Collateral Agent's receipt of any certification requested by it pursuant to this sentence, the Collateral Agent shall be entitled (but not obligated) to take such action if the Collateral Agent shall have sufficient knowledge to make any determination required to be made in connection with such action.

Section 2.06 Employment of Agents. The Collateral Agent may, at the Borrower's reasonable costs and expense, employ or retain such agents, counsel, accountants, appraisers or other experts or advisers as it may reasonably require for the purpose of determining and discharging its rights and duties hereunder and under the other Security Documents, in the absence of the Collateral Agent's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisors, may act and rely, and shall be protected in acting and relying in good faith, on the opinion or advice of or information

5

warranties, covenants or obligations of the Borrower hereunder or thereunder, all such liability, if any, being expressly waived by the Parties hereto and any person claiming by, through or under such party. This Section shall survive the payment of all Secured Obligations payable to the Secured Parties. Except when the Collateral Agent has been directed to do so in writing by the Required Secured Creditors (or, where expressly required by the terms of the Secured Obligation Documents, such other proportion of the holders of Secured Obligations), nothing herein shall require the Collateral Agent to file financing statements and the Collateral Agent shall incur no obligation for its failure to monitor or verify the filing of financing statements (or amendments thereto) and the information contained therein.

Section 2.09 Collateral Agent in Individual Capacity. The Agent Bank and its Affiliates may make loans to, issue letters of credit in favor of, accept deposits from and generally engage in any kind of business with the Borrower, the Equity Participant and their respective Affiliates as though the Agent Bank were not the Collateral Agent hereunder and under the Security Documents. With respect to Secured Obligations made or renewed by it in its individual capacity, if any, the Agent Bank in its individual capacity shall have the same rights and powers under this Agreement and the Secured Obligation Documents as any other Secured Party and may exercise the same as though it were not the Collateral Agent, and the term "Secured Party" shall include the Agent Bank in its individual capacity.

Section 2.10 Collateral Agent Under No Obligation. None of the provisions of the Security Documents shall be construed to require the Collateral Agent to expend or risk its own funds or otherwise to incur any personal liability, financial or otherwise, in the performance of any of its duties hereunder or thereunder. The Collateral Agent shall be under no obligation to perform any duty or exercise any of the rights or powers vested in it by the Secured Obligation Documents unless the Collateral Agent shall have been offered security or indemnity from the Borrower or the other Secured Parties reasonably satisfactory to it against the costs, expenses and liabilities that might be incurred by it in performing such duty or exercising such rights or powers (including interest thereon from the time incurred until reimbursed).

Section 2.11 Resignation and Removal; Successor Collateral Agent; Individual Collateral Agent.

(a) The Collateral Agent may resign at any time by giving at least sixty (60) days' prior written notice thereof to the other Secured Debt Representatives and the Borrower, and the Collateral Agent may be removed at any time with or without cause by the Required Secured Creditors upon thirty (30) days' written notice thereof to the Collateral Agent, the Secured Debt Representatives and the Borrower, in any case such resignation or removal to be effective only upon the appointment and acceptance of a successor Collateral Agent as provided below. In connection with any such resignation or removal, the Required Secured Creditors shall have the right to appoint a successor collateral agent that, so long as no Secured Obligation Event of Default has occurred and is continuing, shall be reasonably acceptable to the Borrower. If no successor Collateral Agent shall have been so appointed by the Required Secured Creditors prior to the effective date of the resignation or removal of the Collateral Agent, then the Collateral Agent may, on behalf of the Secured Parties, apply to a court of competent jurisdiction (with notice to the Secured Debt Representatives and the Borrower) for the appointment of a successor Collateral Agent. In all such cases, the successor Collateral Agent shall be a bank organized

7

under the laws of the United States of America or any state thereof that has an office in the State of New York or New Jersey and which agrees to administer the Collateral in accordance with the terms hereof and of the other Security Documents and at the time of appointment and acceptance shall have a total capital stock and unimpaired surplus of not less than \$500,000,000 and, so long as no Secured Obligation Event of Default has occurred and is continuing, shall be reasonably acceptable to the Borrower. Deutsche Bank National Trust Company hereby represents and confirms that it meets the qualifications provided in the preceding sentence. Upon the acceptance of any appointment as Collateral Agent hereunder by a successor Collateral Agent, such successor Collateral Agent shall thereupon succeed to and become vested with all the rights, powers, privileges, obligations and duties of the retiring or removed Collateral Agent, and the retiring or removed Collateral Agent shall be discharged from its duties and responsibilities hereunder. After any retiring or removed Collateral Agent's resignation or removal hereunder as Collateral Agent, the provisions of this Agreement (including Sections 2.14, 10.01 and 10.02) shall continue in effect for its benefit in respect of any actions taken or omitted to be taken by it while it was acting as the Collateral Agent hereunder.

(b) If at any time the Collateral Agent shall determine that it shall be necessary or appropriate under applicable law or in order to permit action to be taken hereunder, the Collateral Agent and the Borrower (with written notice to the Secured Debt Representatives) shall execute and deliver all instruments necessary to appoint any Person as a Co-Collateral Agent ("Co-Collateral Agent") or, if such Person meets the requirements set forth in Section 2.11(a) above, as substitute Collateral Agent, with respect to all or any portion of the Collateral, in any case with such powers, rights, duties, obligations and immunities conferred upon the Collateral Agent hereunder as may be specified therein. If the Borrower shall nevertheless refuse to join in the execution of any such instrument within ten (10) Business Days of any written request therefor by the Collateral Agent or if any Secured Obligation Event of Default shall have occurred and is continuing, the Collateral Agent may act under the foregoing provisions without the concurrence of the Borrower; and the Borrower hereby irrevocably makes, constitutes and appoints the Collateral Agent as the agent and attorney-in-fact for the Borrower to act for it under the provisions of (and in accordance with) this paragraph (such power being coupled with an interest and irrevocable).

Every Co-Collateral Agent shall, to the extent permitted by law, be appointed and act subject to the following provisions and conditions:

- (i) all rights and powers, conferred or imposed upon the Collateral Agent may be conferred or imposed upon and may be exercised or performed by such Co-Collateral Agent as specified in the instrument appointing such Co-Collateral Agent; and
- (ii) no Collateral Agent shall be personally liable by reason of any act or omission of any other Collateral Agent or Co-Collateral Agent hereunder.

A Co-Collateral Agent shall not be required to meet the conditions of eligibility under Section 2.11(a) if such Co-Collateral Agent holds only an insubstantial amount of the Collateral, as determined by the Required Secured Creditors.

8

work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services not within the Collateral Agent's control, the unavailability of the Federal Reserve Bank wire or facsimile or other wire or communication facility; it being understood that the Collateral Agent shall use reasonable efforts that are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

Section 2.16 Additional Protections. The rights, privileges, protections and benefits given to the Collateral Agent or the Account Bank, as the case may be, including, without limitation, its rights to be indemnified, are extended to, and shall be enforceable by, each agent, custodian and other Person employed to act hereunder by the Collateral Agent or the Account Bank, as the case may be, including any Co-Collateral Agent.

Section 2.17 No Liability for Clean-up of Hazardous Materials. In the event that the Collateral Agent is required to acquire title to an asset for any reason, or take any managerial action of any kind in regard thereto, in order to carry out any fiduciary or trust obligation for the benefit of another, which in the Collateral Agent's sole discretion may cause the Collateral Agent to be considered an "owner or operator" under the provisions of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. §9601, *et seq.*, or otherwise cause the Collateral Agent to incur liability under CERCLA or any other federal, state or local law, the Collateral Agent reserves the right, instead of taking such action, to either resign as the Collateral Agent or arrange for the transfer of the title or control of the asset to a court-appointed receiver. Except for such claims or actions arising directly from the gross negligence, bad faith or willful misconduct of the Collateral Agent, the Collateral Agent shall not be liable to any Person for any environmental claims or contribution actions under any federal, state or local law, rule or regulation by reason of the Collateral Agent's actions and conduct as authorized, empowered and directed hereunder or relating to the discharge, release or threatened release of hazardous materials into the environment. If at any time after any foreclosure on the Collateral (or a transfer in lieu of foreclosure) upon the exercise of remedies in accordance with the Security Documents it is necessary or advisable for the Series 2017 Project to be possessed, owned, operated or managed by any Person (including the Collateral Agent) other than the Borrower, the Required Secured Creditors shall appoint an appropriately qualified Person (excluding the Collateral Agent) to possess, own, operate or manage, as the case may be, the Series 2017 Project.

Section 2.18 Merger of the Collateral Agent. Any corporation or company into which the Collateral Agent shall be merged, or with which it shall be consolidated, or any corporation or company resulting from any merger or consolidation to which the Collateral Agent shall be a party, shall be the Collateral Agent under this Agreement, without the execution or filing of any paper or any further act on the part of the parties hereto, provided that such resulting corporation or company shall meet the requirements of Section 2.11(a). Upon the occurrence of any such event the Collateral Agent shall promptly provide written notice thereof to the Borrower and the Secured Debt Representatives.

Section 2.19 Transfer to an Affiliate. In addition to any rights it may have under Section 2.18 hereof or under any other provision of this Agreement or any other Secured

Section 2.12 Books and Records; Reports.

(a) The Collateral Agent shall at all times keep, or cause to be kept, proper books of record and account in which complete and accurate entries shall be made of all transactions relating to the Financing Obligations, Project Revenues and all Series 2017 Project Accounts (other than the Operating Account) established pursuant to this Agreement. Such books of record and accounts shall be available for inspection (or the receipt of copies of such books or excerpts thereof) by the Secured Parties, or their agents or representatives duly authorized in writing, at reasonable hours and under reasonable circumstances and upon reasonable prior written request. Any costs, fees or expenses of such inspections or copies shall be paid to the Collateral Agent, Dissemination Agent, Trustee and Issuer (as applicable) by the Borrower. The Collateral Agent shall provide the Borrower with written notice of any such inspection or copy request.

(b) Within fifteen (15) days after the end of each month, the Collateral Agent shall furnish to the Secured Debt Representatives and the Borrower, a report that shall set forth in reasonable detail the account balances, receipts, disbursements, transfers, investment transactions, and accruals for each of the Series 2017 Project Accounts (other than the Operating Account) during such month.

(c) Reserved.

(d) The Collateral Agent shall maintain records of all receipts, disbursements, and investments of funds with respect to the Series 2017 Project Accounts (other than the Operating Account) until the fifth anniversary of the date on which all of the Secured Obligations shall have been Paid in Full.

Section 2.13 Authorization of Collateral Agent to Recover Compensation, Fees and Expenses. To the extent that the Borrower fails to pay any amount required to be paid by it to the Collateral Agent pursuant to Sections 10.01 and 10.02 hereof (and the Collateral Agent has not otherwise been paid such amount either in accordance with the terms hereof or otherwise), the Collateral Agent is hereby authorized to transfer funds to reimburse itself for such amounts out of the following accounts in the following order of priority: (i) the Equity Lock-up Account and (ii) the Revenue Account. The provisions of this Section shall survive the termination of the Secured Obligation Documents and the resignation or removal of the Collateral Agent.

Section 2.14 No Consequential Damages. In no event shall the Collateral Agent or the Account Bank be liable under or in connection with the Secured Obligation Documents or the other Transaction Documents for indirect, special, incidental, punitive or consequential losses or damages of any kind whatsoever, including but not limited to lost profits, whether or not foreseeable, even if the Collateral Agent or Account Bank has been advised of the possibility thereof and regardless of the form of action in which such damages are sought.

Section 2.15 Force Majeure. In no event shall the Collateral Agent be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes,

9

Obligation Documents, each of the Collateral Agent and the Account Bank may assign or transfer its rights under this Agreement and the other Security Documents to any Affiliate that meets the requirements of Section 2.11(a), subject to the prior written consent of the Borrower and Required Secured Creditors.

Section 2.20 Subordination of Lien; Waiver of Set-Off. In the event that the Agent Bank in its individual capacity has or subsequently obtains by agreement, operation of law or otherwise a Security Interest in any Series 2017 Project Account, the Agent Bank agrees that such Security Interest shall (except to the extent provided in the last sentence of this Section 2.20) be subordinate in all respects to the Security Interests for the benefit of the Secured Parties. The financial assets standing to the credit of the Series 2017 Project Accounts will not be subject to deduction, set-off, banker's lien, or any other right in favor of any Person other than (i) in accordance with judicial or arbitral order or (ii) for the benefit of the Secured Parties to secure Secured Obligations (except to the extent of returned items and chargebacks either for uncollected checks or other items of payment and transfers previously credited to one or more of the Series 2017 Project Accounts, and the Borrower hereby authorizes the Agent Bank to debit the applicable Series 2017 Project Account for such amounts).

Section 2.21 Additional Series 2017 Project Accounts and Other Bank and Securities Accounts. Upon (i) the establishment of the Operating Account, and (ii) any changes in the account number or other identifying attributes of any Series 2017 Project Account or such other bank or securities account, and at any other time and from time to time when requested by the Collateral Agent or any of the Secured Debt Representatives (on behalf of and for the benefit of the Secured Parties), the Borrower shall execute and deliver to the Collateral Agent, for the benefit and on behalf of the Secured Parties, as security for the Secured Obligations, such amendments or supplements to this Agreement and any securities account control agreements or other documents as are necessary or reasonably appropriate, or as are so reasonably requested by the Collateral Agent (on behalf of and for the benefit of the Secured Parties), as applicable, to create and perfect by control a first-priority perfected security interest (subject only to Permitted Security Interests) in favor of the Collateral Agent over the Borrower's right, title and interest in and to such Series 2017 Project Account or Operating Account, as the case may be, from time to time for the benefit and on behalf of the Secured Parties as security for the Secured Obligations; provided, that no such amendments, supplements or other documents shall restrict the full access and signing authority of the Borrower with respect to any Operating Account, except during the period that a Secured Obligation Event of Default has occurred and is continuing.

Section 2.22 No Other Agreements. Neither the Collateral Agent nor the Borrower has entered or will enter into any agreement with respect to any Series 2017 Project Account or any other Collateral, other than the agreement establishing such account, this Agreement and the other Financing Obligation Documents. The Collateral Agent shall not grant any Security Interest in any Collateral except as provided in the Secured Obligation Documents.

Section 2.23 Notice of Adverse Claims. The Collateral Agent hereby represents (as to itself only) that, except for the claims and interests of the Secured Parties and the Borrower in each of the Series 2017 Project Accounts, the Collateral Agent (a) as of the Closing Date, has no actual knowledge of, and has received no written notice of, and (b) as of each date on which any

Series 2017 Project Account is established pursuant to this Agreement, has no actual knowledge of, and has received no notice of, any claim to, or interest in, any Series 2017 Project Account. If any Person asserts any Security Interest (including any writ, garnishment, judgment, warrant of attachment, execution or similar process) against any Series 2017 Project Account, the Collateral Agent, upon obtaining written notice thereof, will notify the Secured Debt Representatives and the Borrower within two (2) Business Days of such notice thereof.

ARTICLE III BORROWER REMAINS LIABLE

Anything herein to the contrary notwithstanding, (a) the Borrower shall remain liable under its contracts and agreements (including the Financing Obligation Documents) to the extent set forth therein to perform all of its duties and obligations thereunder to the same extent as if this Agreement had not been executed, (b) the exercise by the Collateral Agent of any of the rights hereunder shall not release the Borrower from any of its duties or obligations under its contracts and agreements, and (c) neither the Collateral Agent nor any of the other Secured Parties shall have any obligation or liability under the contracts and agreements of the Borrower by reason of this Agreement, nor shall the Collateral Agent be obligated to perform any of the obligations or duties of the Borrower thereunder or to take any action to collect or enforce any claim for payment assigned thereunder. Notwithstanding the foregoing, if the Borrower fails to perform any agreement, obligation or duty of the Borrower contained herein relating to the perfection or preservation of the Collateral, the Collateral Agent may (but shall not be obligated to) itself perform, or cause performance of, such agreement, and the expenses of the Collateral Agent incurred in connection therewith shall be payable by the Borrower under Article VII hereof.

ARTICLE IV REASONABLE CARE

The powers conferred on the Collateral Agent hereunder are solely to protect its interest in the Collateral for the benefit of the Secured Parties and shall not impose any duty upon it to exercise any such powers unless otherwise expressly provided. Except for the safe custody and preservation of the Collateral in its possession and the accounting for monies actually received, invested and disbursed by it hereunder, the Collateral Agent shall have no other duty as to the Collateral, whether or not the Collateral Agent or any of the other Secured Parties has or is deemed to have knowledge of any matters, or as to the taking of any necessary steps to preserve rights against any parties or any other rights pertaining to the Collateral. The Collateral Agent hereby agrees to exercise reasonable care in respect of the custody and preservation of the Collateral. The Collateral Agent shall be deemed to have exercised reasonable care in the custody and preservation of the Collateral in its possession if such Collateral is accorded treatment substantially equal to that which the Collateral Agent accords its own property.

(viii) an account entitled "Mandatory Prepayment Account" as further described on Exhibit D hereto (the "Mandatory Prepayment Account"), and within the Mandatory Prepayment Account:

(A) a sub-account entitled "Series 2017 PABs Mandatory Prepayment Sub-Account" as further described on Exhibit D hereto (the "Series 2017 PABs Mandatory Prepayment Sub-Account");

(ix) an account entitled "Capital Projects Account" as further described on Exhibit D hereto (the "Capital Projects Account"); and

(x) an account entitled "Equity Lock-Up Account" as further described on Exhibit D hereto (the "Equity Lock-Up Account").

Each such Series 2017 Project Account shall be identified in the manner set forth in Exhibit D attached hereto. To the extent that the Borrower requests the deposit of funds therein, the Revenue Account shall include the sub-accounts (each of which shall be a separately identified account with a separate and distinct name and account number) described in Section 5.02(c). Notwithstanding anything herein to the contrary and except upon and during the continuance of a Secured Obligation Event of Default, upon the written instruction of the Borrower, the Collateral Agent may from time to time hereafter establish and maintain sub-accounts within the Series 2017 Project Accounts for the purposes and the term specified in any such request and providing for deposits and withdrawals in those circumstances expressly provided for in any such instruction; provided, however that the Borrower shall not be permitted to create any such sub-account in contravention of the purposes for which the Series 2017 Project Accounts were established. Furthermore, in accordance with this Agreement and except upon and during the continuance of a Secured Obligation Event of Default, upon the written instruction of the Borrower in accordance with the applicable Additional Senior Secured Indebtedness Documents, the Collateral Agent may from time to time hereafter establish and maintain Additional Major Maintenance Reserve Accounts, Additional Debt Service Reserve Accounts and Additional O&M Reserve Accounts, and each such account shall be considered a Series 2017 Project Account for the purposes and the term specified in any such request and providing for deposits and withdrawals in those circumstances expressly provided for in any such instruction.

(d) Notwithstanding anything to the contrary contained in this Agreement, upon receipt of a notice of a Secured Obligation Event of Default and during the continuance of the related Secured Obligation Event of Default, the Secured Debt Representative representing the Required Secured Creditors may, following the taking of an Enforcement Action, without consent of the Borrower, instruct the Collateral Agent in writing (A) not to release, withdraw, distribute, transfer or otherwise make available any funds in or from any of the Series 2017 Project Accounts and to take such action or refrain from taking such action with respect to such funds and Series 2017 Project Accounts as the Secured Debt Representatives (acting in accordance with the direction of Required Secured Creditors) shall so instruct or (B) to apply proceeds of the Series 2017 Project Accounts to the payment of Secured Obligations, in accordance with the terms of this Agreement and in the order set forth in Section 9.08, so long as such payments are on account of amounts due under the Secured Obligation Documents, in each case until the Collateral Agent has received written notice that such Secured Obligation Event of Default no longer exists due to it having been waived, cured or no longer existing, or having been deemed waived, in accordance with the terms of the relevant Secured Obligation Documents and such Enforcement Action has been cancelled; *provided that* at any time prior to the taking of an Enforcement Action, proceeds of the Series 2017 Project Accounts will be applied in the order and the manner set forth in Sections 5.02 and 5.04 (as applicable).

(e) Notwithstanding any other provision of this Agreement, the Collateral Agent will not be obligated to monitor or verify (A) the accuracy of any Funds Transfer Certificate or other written instructions provided to the Collateral Agent for the transfer or deposit of funds with respect to any Series 2017 Project Account, or (B) the use of amounts withdrawn from the Series 2017 Project Accounts pursuant to written instructions given by the Borrower.

Section 5.17 Termination of Series 2017 Project Accounts. Upon the Payment in Full of the Secured Obligations as confirmed in writing by the Secured Debt Representatives, this Agreement will terminate, and the Collateral Agent will, within thirty (30) days of receipt of a request from the Borrower and at the expense of the Borrower, close the Series 2017 Project Accounts (other than the Operating Account which will remain at the full discretion of the Borrower) and/or liquidate any investments credited thereto and/or transfer the funds deposited therein or credited thereto, as directed by the Borrower. Thereafter, the Account Bank will be released from any further obligation to comply with entitlement orders or instructions directing the disposition of funds originated by the Collateral Agent and the Collateral Agent and the Account Bank will be released from any further obligation to comply with any obligation under any Secured Obligation Document except as specifically provided therein. Nothing contained in this paragraph will be construed to modify or otherwise affect the Collateral Agent's Security Interest in the Series 2017 Project Accounts and the funds therein, prior to such transfer.

30

Instructions to invest or reinvest that are received after 11 a.m. (E.S.T. or E.D.T., as applicable) will be treated as if received on the following Business Day.

(c) In the event the Collateral Agent does not receive investment instructions, the amounts held by the Collateral Agent pursuant to the provisions of this Agreement shall not be invested and the Collateral Agent shall not incur any liability for interest or income thereon.

(d) The parties hereto each acknowledge that non-deposit investment products are not obligations of, or guaranteed, by Deutsche Bank National Trust Company nor any of its affiliates; are not FDIC insured; and are subject to investment risks, including the possible loss of principal amount invested in one of the money market funds made available by the Collateral Agent and initially selected by the Borrower or the Secured Debt Representative representing the Required Secured Creditors (as the case may be).

(e) Any investment direction contained herein may be executed through an affiliated broker or dealer of the Collateral Agent and any such affiliated broker or dealer shall be entitled to such broker's or dealer's usual and customary fees for such execution as agreed to by the Borrower or the Secured Debt Representative representing the Required Secured Creditors (as the case may be). It is agreed and understood that the Collateral Agent may earn fees associated with the investments outlined above to the extent previously agreed with the Borrower. Neither the Collateral Agent nor its Affiliates shall have a duty to monitor the investment ratings of any Permitted Investments.

(f) Investments may be held by the Collateral Agent directly or through any clearing agency or depository (collectively, the "Clearing Agency") including, without limitation, the federal reserve/treasury book-entry system for United States and federal agency securities, and The Depository Trust Company. The Collateral Agent shall not have any responsibility or liability for the actions or omissions to act on the part of any Clearing Agency.

Section 5.16 Withdrawal and Application of Funds; Priority of Transfers from Series 2017 Project Accounts; Secured Obligation Event of Default.

(a) Except as provided in Sections 5.02(e), 5.05, 5.06(f), 5.07(d), 5.08(b) and 5.11(d) of this Agreement and paragraph (d) below, each withdrawal or transfer of funds from the Series 2017 Project Accounts (other than from the Operating Account) by the Collateral Agent on behalf of the Borrower will be made pursuant to an executed Funds Transfer Certificate, which certificate will be provided and prepared by the Borrower and will contain a certification by a Responsible Officer of the Borrower that such withdrawal or transfer complies with the requirements of this Agreement.

(b) Unless a shorter period is acceptable to the Collateral Agent, such Funds Transfer Certificate relating to each applicable Series 2017 Project Account (other than the Operating Account) will be delivered to the Collateral Agent no later than two (2) Business Days prior to each date on which funds are proposed to be withdrawn or transferred. In the event that a certificate does not comply with the requirements of this Agreement and the other Financing Obligation Documents, the Collateral Agent has the right to reject such certificate and the

Section 5.18 Securities Intermediary. (a) The Securities Accounts shall be established and maintained as securities accounts with a securities intermediary. Each of the parties to this Agreement, including the Account Bank, hereby agrees that the Account Bank (or any successor thereto) shall act as the "securities intermediary" as defined in Section 8-102(a)(14) of the UCC and any applicable Federal Book Entry Regulations, to the extent applicable under and for the purposes of this Agreement and for so long as Deutsche Bank National Trust Company (or any successor thereto) is the Collateral Agent.

(b) The Account Bank hereby accepts and agrees to act as such under this Agreement and represents and warrants that it is as of the date hereof, and shall be for so long as it is the Account Bank hereunder, a banking corporation or a national bank that in the ordinary course of its business maintains securities accounts for others, meets the requirements and qualifications set forth in the first sentence of Section 5.18(e) of this Agreement and is acting in that capacity hereunder. The Account Bank agrees with the parties hereto that each of the Securities Accounts shall be an account to which "financial assets" (as defined in Section 8-102(a)(9) of the UCC) may be credited and the Account Bank undertakes to treat the Collateral Agent as entitled to exercise the rights that comprise such financial assets. The Account Bank agrees with the parties hereto that each item of property (including any cash, security, instrument or obligation, share, participation, interest or other property whatsoever) credited to each Securities Account shall be treated as a "financial asset" within the meaning of Section 8-102(a)(9) of the UCC. Each of the Collateral Agent and the Account Bank represents and warrants that it has not entered into any agreement or taken any other action that gives any Person other than the Collateral Agent control over any of the Securities Accounts or that is otherwise inconsistent with this Agreement. Each of the Collateral Agent and the Account Bank agrees that it shall not become a party to any agreement or take any action that gives any Person other than the Collateral Agent control over any of the Securities Accounts or that is otherwise inconsistent with this Agreement. The Account Bank agrees that any financial assets credited to such Securities Accounts, or any "security entitlement" (as defined in Section 8-102(a)(17) of the UCC or, with respect to book-entry securities, in the applicable Federal Book-Entry Regulations) with respect thereto, shall not be subject to any Security Interest, encumbrance, or right of setoff in favor of the Account Bank or anyone claiming through the Account Bank (other than the Collateral Agent).

(c) It is the intent of the Parties hereto (including the Collateral Agent and the Borrower) that the Collateral Agent (for the benefit of the Secured Parties) be, and the Collateral Agent (for the benefit of the Secured Parties) shall be, the "entitlement holder" (as defined in Section 8-102(a)(7) of the UCC) with respect to the Securities Accounts. In any event, notwithstanding any other provision of this Agreement, the Account Bank hereby agrees that it will comply with any "entitlement order" (as defined in Section 8-102(a)(8) of the UCC) with respect to the Securities Accounts originated by the Collateral Agent without further consent by the Borrower or any other Person. The Account Bank covenants that it will not agree with any Person other than the Collateral Agent to comply with any "entitlement orders" with respect to the Securities Accounts originated by any Person or entity other than the Collateral Agent.

(d) The Account Bank shall not change the name or account number of any Securities Account without the prior written consent of the Collateral Agent and at least five (5) Business Days' prior notice to the Secured Debt Representatives and the Borrower, and shall not change the "entitlement holder". The Account Bank shall at all times act as a "securities intermediary"

31

(within the meaning of Section 8-102(a)(14) of the UCC or, with respect to book-entry securities, in the applicable Federal Book-Entry Regulations) in maintaining the Securities Accounts and shall credit to each Securities Account each financial asset to be held in or credited to each Securities Account pursuant to this Agreement. To the extent, if any, that the Collateral Agent is deemed to hold directly, as opposed to having a security entitlement in, any financial asset held by the Account Bank for the Collateral Agent, the Account Bank hereby agrees that it is holding such financial asset as the agent of the Collateral Agent and hereby expressly acknowledges and agrees that it has received notification of the Collateral Agent's security interest in such financial asset and that it is holding possession of such financial asset for the benefit of the Collateral Agent.

(e) Each Securities Account shall remain at all times with a "securities intermediary" (within the meaning of Section 8-102(a)(14) of the UCC or, with respect to book-entry securities, in the applicable Federal Book-Entry Regulations) that is a bank or other financial institution organized under the laws of the United States of America or any state thereof that has offices in the State of New York or New Jersey that has a total capital stock and unimpaired surplus of not less than \$500,000,000.

(f) Any income received by the Collateral Agent with respect to the balance from time to time on deposit in each Securities Account or other account established hereunder, including any interest or capital gains on investments in overnight securities made with amounts on deposit in each such account, shall be credited to the applicable account. All right, title and interest in and to the cash amounts on deposit from time to time in each Securities Account together with any investments in overnight securities from time to time made pursuant to this Section shall constitute part of the Collateral for the Secured Obligations and shall be held for the benefit of the Secured Parties and the Borrower as their interests shall appear hereunder and shall not constitute payment of the Secured Obligations (or any other obligations to which such funds are provided hereunder to be applied) until applied thereto as provided in this Agreement.

(g) In the event that, notwithstanding the last sentence of subsection (b) above, the Account Bank has or subsequently obtains by agreement, operation of law or otherwise a security interest in any of the Securities Accounts, or any financial asset credited thereto, or any "security entitlement" (as defined in Section 8-102(a)(17) of the UCC or, with respect to book-entry securities, in the applicable Federal Book-Entry Regulations) with respect thereto, the Account Bank hereby agrees that such security interest shall be subject and subordinate to the security interest of the Collateral Agent.

(h) The "securities intermediary's jurisdiction" of the Account Bank for purposes of the UCC (or the Uniform Commercial Code of any other jurisdiction to the extent applicable) is the State of New York. In addition, to the extent that any agreements between the Account Bank and the Borrower governing any Securities Account (collectively, the "Account Agreements") do not provide that the laws of the State of New York shall govern all of the issues specified in Article 2(1) of the Hague Securities Convention, each Account Agreement is hereby amended to provide that the law applicable to all of the issues specified in Article 2(1) of the Hague Securities Convention shall be the laws of the State of New York. The "Hague Securities Convention" means the Convention on the Law Applicable to Certain Rights in Respect of Securities Held with an Intermediary, July 5, 2006, 17 U.S.T. 401, 46 I.L.M. 649.

Accounts and (ii) agree to provide the reports similar to the reports required to be provided pursuant to Section 2.12(b) and (c) of this Agreement.

Section 5.21 Inadequately Identified Amounts. In the event that the Collateral Agent receives any amount which is inadequately or incorrectly identified as to the Series 2017 Project Account into which such amount is to be credited, the Collateral Agent shall notify the Secured Debt Representatives and the Borrower of such event and shall request instructions from the Borrower, or if a Secured Obligation Event of Default has occurred and is continuing, from the Secured Debt Representative, as to the Series 2017 Project Account into which such amount should be credited. The Collateral Agent shall credit such amount to the Revenue Account until such time as the Collateral Agent receives instructions from the Borrower in accordance herewith stating that such amount should be credited to another Series 2017 Project Account in accordance with the Financing Obligation Documents, in which case the Collateral Agent shall credit such amount to the Series 2017 Project Account designated by the Borrower.

Section 5.22 Tax Reporting. All interest or other earnings, if any, relating to the Series 2017 Project Accounts shall be reported to the Internal Revenue Service and, to the extent applicable, all state and local taxing authorities under the name and taxpayer identification number of the Borrower. The Borrower shall prepare or cause to be prepared any tax returns or other forms or information required to be filed in connection with any such earnings. The Collateral Agent does not have any interest in the Collateral deposited hereunder but is serving as collateral agent only. The Borrower shall pay or reimburse the Collateral Agent upon request for any transfer taxes or other taxes relating to the Collateral incurred in connection herewith and shall indemnify and hold harmless the Collateral Agent from any amounts that it is obligated to pay in the way of such taxes to the extent paid by the Collateral Agent in respect of the Collateral. The Borrower will provide the Collateral Agent with appropriate W-9 forms for taxpayer identification numbers, number certifications, or W-8 forms for non-resident alien certifications. This paragraph shall survive notwithstanding any termination of this Agreement or the resignation or removal of the Collateral Agent.

ARTICLE VI RELATIVE PRIORITIES

Notwithstanding the date, manner or order of grant, attachment or perfection of any Security Interests securing the Secured Obligations granted on the Collateral and notwithstanding any provision of the UCC or any applicable Law or the Security Documents, each Secured Party (or its Secured Debt Representative on its behalf) hereby agrees that as among the Secured Parties, the Security Interest of the Collateral Agent shall be for the ratable benefit of the Secured Parties with respect to all Collateral and each Secured Party ranks and will rank equally in priority with the other Secured Parties in the Security Interest granted to the Collateral Agent (except to the extent otherwise provided in Section 5.05, 5.09 and Section 9.08).

(i) Terms used in this Section that are defined in the UCC shall have the meaning set forth in the UCC. Without limiting the foregoing, the term "securities intermediary" shall, with respect to book-entry securities, have the meaning given to it under the applicable Federal Book-Entry Regulations.

(j) To the extent that the Series 2017 Project Accounts are not considered "securities accounts" (within the meaning of Section 8-501(a) of the UCC), the Series 2017 Project Accounts shall be deemed to be "deposit accounts" (as defined in Section 9-102(a)(29) of the UCC), which the Collateral Agent shall maintain with the Account Bank acting not as a securities intermediary but as a "bank" (within the meaning of Section 9-102(a)(8) of the UCC). The Account Bank hereby agrees to comply with any and all instructions originated by the Collateral Agent directing disposition of funds in the Series 2017 Project Accounts without any further consent of the Borrower.

Section 5.19 Account Bank

Each of the parties to this Agreement hereby agrees that Deutsche Bank National Trust Company (or any successor thereto in its capacity as Collateral Agent) shall act as the Account Bank under and for the purposes of this Agreement.

Section 5.20 Change of Deposit Account Bank.

(a) Upon 10 Business Days written notice to the Secured Debt Representatives and the Collateral Agent, the Deposit Account Bank may be changed to another bank by the Borrower; provided that such bank shall be organized under the laws of the United States of America or any state thereof with a branch office in the State of Florida having a combined capital and surplus of not less than \$500,000,000. If the Deposit Account Bank at any time gives notice that it no longer wishes to act as a Deposit Account Bank or that it will no longer be subject to the terms of an Account Control Agreement, or that it will no longer act upon the instructions of the Borrower or the Collateral Agent in accordance with the applicable Account Control Agreement as a result of its determination that such action would result in the violation of any applicable law, rule or regulation (a "Termination Notice"), the Borrower shall promptly (and, to the extent possible, prior to the effective date of such Termination Notice) appoint a replacement Deposit Account Bank; provided that the Borrower delivers a legal opinion reasonably acceptable to the Collateral Agent to the effect that after the appointment of such replacement Deposit Account Bank, the Collateral Agent will be perfected in the replacement deposit accounts. The Operating Account shall at all times be maintained with a single Deposit Account Bank. The Borrower shall notify the Collateral Agent and the Trustee of a Termination Notice promptly upon receipt thereof by the Borrower.

(b) The new Deposit Account Bank shall be required, prior to becoming the Deposit Account Bank, to (i) enter into one or more Account Control Agreements, substantially in the form of Exhibit C hereto or in such other form as may be approved by the Required Secured Creditors and the Collateral Agent (such approval not to be unreasonably withheld, delayed or conditioned), with the Borrower and the Collateral Agent, and to carry out such further acts as the Required Secured Creditors may reasonably request in order to perfect the security interest of the Collateral Agent in the Operating Account and any other relevant Series 2017 Project

Any such assignee or transferee of such interest in the Secured Obligations shall sign and deliver to the Collateral Agent, directly or through its designated Secured Debt Representative, an Accession Agreement. Upon receipt of an executed Accession Agreement pursuant to any assignment or transfer of Secured Obligations, the Collateral Agent shall promptly countersign (without direction from any Secured Party) such Accession Agreement and deliver a copy thereof to the Secured Party named therein.

Upon the execution and delivery of the Accession Agreement and the Reaffirmation Agreement referred to in this Section 7.06 by the relevant Person (other than the Borrower and the Pledgor), such Person shall become a "Secured Party" for all purposes herein and in the other Security Documents and the Borrower's obligations to such Person under the Secured Obligation Documents to which such Person is a Party shall become "Secured Obligations" for all purposes herein and under the Security Documents.

provided that following such termination or close-out, the Borrower remains in compliance with applicable hedging requirements and related provisions set forth in the Secured Obligation Documents. In each of the above cases, the relevant Swap Bank may only terminate or close out all or any part of the relevant Secured Swap Transaction if (i) it has notified the Collateral Agent in writing of its intention to do so and (ii) it is entitled to do so under the terms of the relevant Permitted Swap Agreement.

Upon receipt by the Collateral Agent of any such notice, the Collateral Agent shall promptly send copies thereof to each Secured Debt Representative and the Borrower.

(b) Notwithstanding anything to the contrary contained in this Agreement or any document executed in connection with any of the Secured Obligations, the Collateral Agent, unless a Responsible Officer of the Collateral Agent shall have actual knowledge thereof, shall not be deemed to have any knowledge of any Secured Obligation Event of Default unless and until it shall have received written notice from the Borrower, any Secured Debt Representative or any other Secured Party describing such Secured Obligation Event of Default in reasonable detail. If the Collateral Agent receives a Direction Notice directing the Collateral Agent to commence an Enforcement Action or take any other action, the Collateral Agent shall notify each other Secured Party and the Account Bank of such Direction Notice prior to taking such Enforcement Action or other action.

(d) If the Secured Obligations are accelerated in accordance with the relevant Secured Obligation Document, or any Swap Bank determines to declare (or take other action resulting in) an early termination of its Permitted Swap Agreement constituting a Secured Obligation Document as a result of the occurrence and continuation of a Secured Obligation Event of Default under such Permitted Swap Agreement, then such Secured Party shall deliver to the Collateral Agent (for further delivery to all other Secured Parties) and the Borrower within two (2) Business Days of such acceleration or determination, as the case may be, a written notice to that effect in order to permit, if applicable, the Secured Parties to coordinate the timing of the

Notwithstanding any provision to the contrary in this Agreement, the requisite number of Secured Parties specified in any Secured Obligation Document may at any time after the occurrence and during the continuance of a Secured Obligation Event of Default accelerate the Secured Obligations thereunder or cause the early termination of the relevant Permitted Swap Agreement in accordance with the terms of the relevant Secured Obligation Document. No Direction Notice or instruction by the Required Secured Creditors will be required to be taken or delivered in respect of such Secured Obligation Event of Default prior to such requisite number of Secured Parties taking such action as described in the immediately preceding sentence.

(d) It is understood that the Borrower shall remain liable to the extent of any deficiency between the amount of proceeds of the Series 2017 Project Accounts and any other Collateral and the aggregate of the sums referred to in priorities first through sixth in Section 9.08(c) above.

(e) If at any time any Secured Party will for any reason obtain any payment or distribution upon or with respect to the Secured Obligations (as the case may be) contrary to the terms of the Collateral Agency Agreement, whether as a result of the Collateral Agent's exercise of any Enforcement Action in respect of the Collateral or otherwise, such Secured Party agrees that it will have received such amounts in trust, and will promptly remit such amount so received in error to the Collateral Agent to be applied in accordance with the terms of the Collateral Agency Agreement. In making an investment decision, investors must rely on their own examination of the Company, the Issuer and the South Segment Project and the terms of the offering, including the merits and risks involved.

Special and Limited Obligations

Except for revenues received pursuant to the Senior Loan Agreement as described in the following sentence, the Owners of the Series 2017 Bonds may not look to any revenues of the Issuer for repayment of the Series 2017 Bonds. The only sources of repayment of the Series 2017 Bonds are payments provided by the Company to the Issuer pursuant to the Senior Loan Agreement and the Security Interests in the Trust Estate and the other Collateral.

THE SERIES 2017 BONDS ARE SPECIAL, LIMITED OBLIGATIONS OF THE ISSUER PAYABLE FROM AND SECURED SOLELY BY THE TRUST ESTATE AND THE COLLATERAL. THE SERIES 2017 BONDS DO NOT CONSTITUTE AN INDEBTEDNESS OF THE ISSUER, THE STATE, THE COUNTIES OF BROWARD, MIAMI-DADE, OR PALM BEACH (COLLECTIVELY, THE “SERIES 2017 COUNTIES”), OR ANY OTHER POLITICAL SUBDIVISION OF THE STATE, WITHIN THE MEANING OF ANY STATE CONSTITUTIONAL PROVISION OR STATUTORY LIMITATION AND SHALL NOT CONSTITUTE OR GIVE RISE TO A PECUNIARY LIABILITY OF THE ISSUER, THE STATE, THE SERIES 2017 COUNTIES, OR ANY OTHER POLITICAL SUBDIVISION OF THE STATE, AND NEITHER THE FULL FAITH AND CREDIT OF THE ISSUER NOR THE FULL FAITH AND CREDIT OR TAXING POWER OF THE STATE, THE SERIES 2017 COUNTIES, OR ANY OTHER POLITICAL

SUBDIVISION OF THE STATE IS PLEDGED TO THE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THE SERIES 2017 BONDS. NO COVENANT OR AGREEMENT CONTAINED IN THE SERIES 2017 BONDS OR THE INDENTURE SHALL BE DEEMED TO BE A COVENANT OR AGREEMENT OF ANY MEMBER OF THE GOVERNING BODY OF THE ISSUER NOR SHALL ANY OFFICIAL EXECUTING SUCH SERIES 2017 BONDS BE LIABLE PERSONALLY ON THE SERIES 2017 BONDS OR BE SUBJECT TO ANY PERSONAL LIABILITY OR ACCOUNTABILITY BY REASON OF THE ISSUANCE OF THE SERIES 2017 BONDS. THE ISSUER HAS NO TAXING POWER.

Extraordinary Optional Redemption.

The Series 2017 Bonds are subject to extraordinary optional redemption prior to maturity, at the option of the Company, from the proceeds of a System Completion Financing, as a whole or in part at any time, at a redemption price equal to the principal amount redeemed, plus the Extraordinary Optional Redemption Prepayment Premium and accrued interest to, but not including, the redemption date.

Extraordinary Mandatory Redemption

The Series 2017 Bonds are subject to extraordinary mandatory redemption, pro rata with any Additional Senior Indebtedness in accordance with the applicable Secured Obligation Documents, from net amounts of Loss Proceeds, received by the Company, to the extent that (i) such proceeds exceed the amount required to Restore the South Segment Project or any portion thereof to the condition existing prior to the Loss Event or (ii) the affected property cannot be Restored to permit operation of the South Segment Project on a Commercially Feasible Basis and upon delivery to the Collateral Agent of an officer's certificate of the Company certifying to the foregoing [together with, in the case of clauses (i) and (ii) immediately above, a certificate signed by an authorized representative of the Independent Engineer concurring with such officer's certificate]. Such redemption will be in whole or in part, and if in part, by lot as selected by the Company (provided that Series 2017 Bonds may be redeemed only in Authorized Denominations), at a redemption price of par plus accrued interest to, but not including, the redemption date.

Payment of the Series 2017 Bonds

The principal, purchase price and Redemption Price of, and interest on, the Series 2017 Bonds will be payable only to the Owner thereof appearing on the registration books maintained by the Trustee pursuant to the Indenture.

Pursuant to the Indenture, the principal, purchase price and Redemption Price of any Series 2017 Bond will be paid to the Owner thereof as shown on the registration records of the Trustee upon maturity or prior redemption thereof in accordance with the terms of the Indenture and upon presentation and surrender of the Series 2017 Bonds at the designated payment office of the Trustee in Jersey City, New Jersey. Conversion

On the last day of the initial Term Rate Period, the Company may convert all or a portion of the Series 2017 Bonds either to bear interest at a new Term Rate for a new Term Rate Period or to bear interest at a Fixed Rate. On any Business Day which is at least 20 days before the proposed Conversion Date, the Company shall give written notice to the Notice Parties stating that the Series 2017 Bonds will be converted to a new Term Rate for a new Term Rate Period or to the Fixed Rate, as applicable, and setting forth the proposed Conversion Date. Not later than the 15th day next preceding the Conversion Date, the Trustee shall mail a notice of such proposed conversion to the Owners of the Series 2017 Bonds stating that the Series 2017 Bonds will be converted to a new Term Rate for a new Term Rate Period or to a Fixed Rate, as applicable, the proposed Conversion Date and that such Owner is required to tender such Owner's Series 2017 Bonds for purchase on such proposed Conversion Date.

Mandatory Tender

The Series 2017 Bonds while bearing interest at a Term Rate are subject to mandatory tender for purchase at a price of par plus accrued interest on the last day of the then applicable Term Rate Period. The initial Term Rate Period for the Series 2017 Bonds will end on _____, and accordingly the Series 2017 Bonds will be subject to mandatory tender for purchase on such date. The payment of the purchase price of any Series 2017 Bonds subject to mandatory tender for purchase will be made from the proceeds of the remarketing of such Series 2017 Bonds and, if necessary, available funds from the Company. **The Company does not expect to provide any third-party liquidity support to pay the purchase price of any of the Series 2017 Bonds.**

Notice of mandatory tender shall state the purchase date and that the applicable Series 2017 Bonds are subject to mandatory tender on the purchase date at the applicable purchase price. Any such notice of mandatory tender for purchase shall be given by the Trustee by mail to the Owners of the Series 2017 Bonds subject to purchase at their addresses shown on the books of registry.

If any Owner of a Series 2017 Bond that is subject to mandatory tender for purchase at the end of the then applicable Term Rate Period has failed to make the required delivery of such Series 2017 Bond to the Trustee, then to the extent there are on deposit with the Trustee on or before the purchase date amounts sufficient to pay the purchase price of such Series 2017 Bond, such Series 2017 Bond will cease to constitute or represent the right to payment of principal or interest thereon and will represent only the right to payment of the purchase price payable on such purchase date upon presentation and surrender of such Series 2017 Bond in the manner provided in the Indenture.

Book-Entry-Only System

The Series 2017 Bonds will be registered in the name of Code & Co., as nominee for DTC. Purchases of beneficial interests in the Series 2017 Bonds will be made only in book-entry form. Purchasers of beneficial interests in the Series 2017 Bonds (the "Beneficial Owners") will not receive physical delivery of certificates representing their interest in the Series 2017 Bonds. Interest on the Series 2017 Bonds, together with principal of the Series 2017 Bonds, will be paid by the Trustee directly to DTC, so long as DTC or its nominee is the registered owner of the Series 2017 Bonds. The final disbursement of such payments to Beneficial Owners of the Series 2017 Bonds will be the responsibility of DTC's Direct and Indirect Participants, all as defined and more fully described herein. See "APPENDIX I—BOOK ENTRY ONLY SYSTEM."

procedures of DTC or (iii) by such other method as mutually agreed in writing between the Owner of a Series 2017 Bond and the Trustee. The "Record Date" for the Series 2017 Bonds is the 15th day of the month preceding the month of each Interest Payment Date. If any such Record Date is not a Business Day then the Record Date is the Business Day next preceding such date.

The Indenture provides that any interest not timely paid will cease to be payable to the Owner thereof at the close of business on the Record Date and will be payable to the Person who is the Owner thereof at the close of business on a new record date for the payment of such defaulted interest (a "Special Record Date"). Such Special Record Date will be fixed by the Trustee whenever moneys become available for payment of the defaulted interest, and notice of the Special Record Date will be given by the Trustee to the Owners of the Series 2017 Bonds, not less than ten days prior to the Special Record Date, by certified or first-class mail to each such Owner as shown on the Trustee's registration records (or by electronic delivery in accordance with DTC's procedures) on a date selected by the Trustee, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest.

While the Series 2017 Bonds are held under the book-entry system, the principal and purchase price of, interest on and Redemption Price of the Series 2017 Bonds will be paid by wire transfer to DTC, as securities depository, or its nominee.

Notice of Redemption

Notice of redemption identifying the Series 2017 Bonds or portions thereof to be redeemed and specifying the terms of such redemption, will be given by the Trustee by sending a copy of the redemption notice by United States first-class mail (or by electronic delivery in accordance with DTC's procedures), at least 30 days and not more than 60 days prior to the date fixed for redemption, to the Owner of each Series 2017 Bond to be redeemed at the address as it last appears on the registration records of the Trustee; provided, however, that failure to send such notice, or any defect therein, shall not affect the validity of any proceedings of any Series 2017 Bonds as to which no such failure has occurred. The Trustee shall give notice in the name of the Issuer of redemption of the Series 2017 Bonds upon receipt by the Trustee at least 45 days (or such shorter period as may be agreed by the Trustee) prior to the redemption date of a written request of the Company. Such request shall specify the principal amount of the Series 2017 Bonds to be called for redemption, the applicable redemption price or prices, the date fixed for redemption and the provision or provisions above referred to pursuant to which Series 2017 Bonds are to be called for redemption.

The Indenture provides that, if at the time of sending of notice of any optional redemption of Series 2017 Bonds at the option of the Company, there will not have been deposited with the Trustee moneys sufficient to pay the Redemption Price of all the Series 2017 Bonds to be redeemed, such notice will state that it is conditional upon the deposit with the Trustee of an amount equivalent to the full amount of the moneys for such purpose not later than the opening of business on the redemption date specified in the redemption notice, and such redemption notice will be of no effect unless such Redemption Moneys are so deposited.

Any redemption notice sent as provided in the Indenture shall be conclusively deemed to have been duly given, whether or not the Owner receives the notice. Notice of optional or extraordinary optional redemption may, at the Company's option and discretion, be subject to one or more conditions precedent. If any such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice will state that, in the Company's discretion, the date fixed for redemption may be delayed until such time as any or all such conditions shall be satisfied, or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the date fixed for redemption, or by such date so delayed.

So long as DTC is effecting book-entry transfers of the Series 2017 Bonds, the Trustee will provide the redemption notices specified herein to DTC. It is expected that DTC will, in turn, notify its Direct Participants and that the Direct Participants, in turn, will notify or cause to be notified the Beneficial Owners (as defined below) of the Series 2017 Bonds. Any failure on the part of DTC or a Direct Participant, or failure on the part of a nominee of a Beneficial Owner of a Series 2017 Bond (having been sent notice from the Trustee, DTC, a Direct Participant or otherwise) to notify the Beneficial Owner of the Series 2017 Bonds Bond so affected, will not affect the validity of the redemption of such Series 2017 Bond.

THE ISSUER HAS NO TAXING POWER.

The Company will be the sole revenue source for the repayment of the Series 2017 Bonds. No affiliate or equityholder of the Company will have any liabilities with respect to the Series 2017 Bonds and neither their credit nor their assets will support the Series 2017 Bonds. Security Agreement

The Company and the Collateral Agent will enter into a Security Agreement, pursuant to which the Company will grant a security interest on substantially all of its personal property and fixtures, other than Excluded Assets.

In order to secure the timely payment in full when due of the Secured Obligations, the Company will pledge and grant to the Collateral Agent, for the benefit of the Secured Parties, a Security Interest on all of its right, title and interest in and to all of its personal property, including property, whether now owned or hereafter existing or acquired, other than Excluded Assets. Such Collateral includes the Company’s right, title and interest in and to all Series 2017 Project Revenues, moneys in all Series 2017 Project Accounts (subject to the provisions of the Collateral Agency Agreement), all “securities accounts” (as defined in the UCC, deposit accounts and all accounts and general intangibles (including payment intangibles)), instruments, equipment, inventory, other goods, investment property, chattel paper, commercial tort claims, documents, letter-of-credit rights, letters of credit, money and oil, gas and other minerals, agreements, contracts, tangible and intangible property and fixtures, governmental approvals, proceeds of insurance policies and other associated proceeds and profits, as further detailed in the Security Agreement, except to the extent that any such property constitutes an Excluded Asset; *provided* that the Company’s obligations with respect to the Series 2017 Bonds and under the Senior Loan Agreement will not be secured by the Distribution Account or the Series 2017 Rebate Fund.

Mortgage

At Closing, two separate Mortgages will be filed with respect to the Company’s interest in a portion of the Collateral. One mortgage will be the “ROW Mortgage” filed against the Company’s interest in the Passenger Easement, which covers the Shared Corridor. The second Mortgage will be the “Station Mortgage” and will be filed against the Company’s owned real property underlying the stations located in Fort Lauderdale and West Palm Beach and the Company’s owned air rights for the station located in Miami.

Collateral Agency Agreement

The Collateral Agency Agreement will be entered into by the Company, the Collateral Agent, the Trustee, the Account Bank and each other Secured Party that becomes a party thereto.

Pursuant to the terms of the Collateral Agency Agreement, Deutsche Bank National Trust Company will be appointed as collateral agent with respect to the liens in and to the Collateral and the rights and remedies granted pursuant to the Security Documents. Pursuant to the Collateral Agency Agreement, certain Series 2017 Project Accounts will be established at the Account Bank. The Company will pledge and grant to the Collateral Agent, for the benefit of the Secured Parties, a security interest in and lien on such Series 2017 Project Accounts and the funds and investments on deposit therein, subject to the provisions of the Collateral Agency Agreement. The proceeds of

If on any Debt Service Payment Date there exists both (i) funds on deposit in the Series 2017 Interest Account in excess of the amount necessary to pay the Interest Payment due on such date, and (ii) insufficient funds on deposit in the Series 2017 Principal Account to make the principal payment due on such date in full, the Trustee shall transfer all or such portion of such excess funds on deposit in the Series 2017 Interest Account to the Series 2017 Principal Account as necessary to provide for such principal payment in full.

Series 2017 Rebate Fund. The Series 2017 Rebate Fund will be created under the Indenture for the sole benefit of the United States of America and will not be subject to the claim of any other Person, including without limitation, the Owners. The Series 2017 Rebate Fund is established for the purpose of complying with section 148 of the Code and the Treasury Regulations promulgated pursuant thereto. The money deposited in the Series 2017 Rebate Fund, together with all investments thereof and investment income therefrom, will be held in trust and applied solely as provided in the Indenture. The Series 2017 Rebate Fund is not a portion of the Trust Estate and is not subject to any lien under the Indenture.

Additional Parity Bonds

Pursuant to the Indenture and subject to certain restrictions set forth therein and upon request by the Company, the Issuer may issue Additional Parity Bonds, which will be ratably and equally secured by the Trust Estate with the Series 2017 Bonds without consent of the Owners of the Series 2017 Bonds. See “ADDITIONAL INDEBTEDNESS” below.

Collateral Generally

The Company’s obligations with respect to the Series 2017 Bonds and under the Senior Loan Agreement will constitute direct, senior secured and unconditional obligations of the Company, which will rank *pari passu* and ratably without any preference or priority among themselves and will rank in priority to all unsecured obligations of the Company to the extent of the value of the Collateral (as defined below) and will be secured by substantially all real and personal property interests of the Company (to the extent permitted and except otherwise expressly provided), including, without limitation, the following:

- (a) substantially all of the Company assets, other than the Excluded Assets;
- (b) the Material Project Contracts;
- (c) the Series 2017 Project Revenues; and
- (d) the Series 2017 Project Accounts.

Series 2017 Debt Service Reserve Account

The Series 2017 Debt Service Reserve Account is created for the benefit of the Owners of the Series 2017 Bonds. The Collateral Agent will cause amounts in the Revenue Account, to the extent available, to be deposited in the Series 2017 Debt Service Reserve Account in accordance with the Collateral Agency Agreement as is necessary to maintain the Series 2017 Debt Service Reserve Requirement with respect to the Series 2017 Bonds (which is an amount equal to \$ _____ or six months’ interest and principal payments on the Series 2017 Bonds). On each Transfer Date, the Collateral Agent will cause amounts in the Revenue Account, to the extent available, to be deposited in accordance with the provisions set forth under “SERIES 2017 PROJECT ACCOUNTS AND FLOW OF FUNDS—Flow of Funds” below into the Series 2017 Debt Service Reserve Account, in an amount necessary, together with amounts on deposit therein, to cause the amounts on deposit in the Debt Service Reserve Account to equal the applicable Debt Service Reserve Requirement. In lieu of or in addition to cash or investments, at any time the Company may cause to be deposited to the credit of the Series 2017 Debt Service Reserve Account a Qualified Reserve Account Credit Instrument, as described below under “SERIES 2017 PROJECT ACCOUNTS AND FLOW

the Series 2017 Bonds, any Additional Equity Contributions, and all revenues from the operation of the Project, will be deposited into certain Series 2017 Project Accounts, and the Company may authorize the Collateral Agent to credit funds to or deposit funds in, and to withdraw and transfer funds from, each Series 2017 Project Account, subject to the satisfaction by the Company of certain requirements for withdrawals and transfers set forth in the Collateral Agency Agreement. See “SERIES 2017 PROJECT ACCOUNTS AND FLOW OF FUNDS—Series 2017 Project Accounts” for a further description of the Series 2017 Project Accounts and “APPENDIX D—FORM OF COLLATERAL AGENCY, INTERCREDITOR AND ACCOUNTS AGREEMENT.”

Consents to Assignment

Certain Material Project Contractors will provide their consent (and will deliver such other documents as the Company and the Underwriters may agree) to the pledge and assignment of, and the granting of a lien on, all of the Company’s right, title and interest in the Material Project Contract to which it is a party.

Permitted Revenues

The Company will not sell, assign or dispose of or direct the Collateral Agent, as applicable, to sell, assign or dispose of, any material assets of the Project in excess of \$5,000,000 per year except for Permitted Sales and Dispositions, as provided in the Senior Loan Agreement. See “APPENDIX C—FORM OF SENIOR LOAN AGREEMENT.”

Permitted Security Interests

The Company will not create, incur, assume or permit to exist any Security Interest on any property or asset, including its revenues (including accounts receivable) or rights in respect of any thereof, now owned or hereafter acquired by it, except Permitted Security Interests, as provided in the Senior Loan Agreement. See “APPENDIX C—FORM OF SENIOR LOAN AGREEMENT.”

The various leases, agreements and easement with Central Florida Expressway Authority (CFX) and Florida Department of Transportation (FDOT) permit the Company to grant mortgage liens thereon, subject to certain conditions and protections in favor of the mortgagee.

Additional Indebtedness

The Issuer may issue Additional Parity Bonds pursuant to the Indenture, on request and consent of the Company, [and the Company may issue Permitted Additional Senior Indebtedness], in each case without consent of the Owners of the Series 2017 Bonds, subject to certain conditions, which Additional Parity Bonds [and Permitted Additional Senior Indebtedness] will be payable pro rata with the Company’s obligations with respect to the Series 2017 Bonds and under the Senior Loan Agreement. The Company also may incur other Permitted Indebtedness. See “ADDITIONAL INDEBTEDNESS” below and “APPENDIX C—FORM OF SENIOR LOAN AGREEMENT.”

ADDITIONAL INDEBTEDNESS

General

Pursuant to the Indenture and subject to the restrictions set forth below and upon written request and direction by the Company, the Issuer may issue Additional Parity Bonds, which will be ratably and equally secured by the Trust Estate and the Collateral (other than the Series 2017 Debt Service Reserve Account) with the Series 2017 Bonds upon execution of a Supplemental Indenture without consent of the Owners of the Series 2017 Bonds. Except to the extent inconsistent with the express terms of the Additional Parity Bonds issued and the related Supplemental Indenture executed pursuant to the Indenture, all of the provisions, terms, covenants and conditions of the Indenture will apply to any Additional Parity Bonds.

Subject to the restrictions set forth below, the Company also may issue Permitted Additional Senior Indebtedness, as set forth in the Senior Loan Agreement and the Collateral Agency Agreement without consent of the Owners of the Series 2017 Bonds. Permitted Additional Senior Indebtedness will be payable pro rata with the Series 2017 Bonds pursuant to the Collateral Agency Agreement, and may at the option of the Company be secured by all the Collateral (other than the Series 2017 Debt Service Reserve Account) or may be unsecured, as provided in the indenture, loan agreement or other instrument providing for the issuance of such additional indebtedness.

The Company also may issue Permitted Subordinated Debt as set forth in the Senior Loan Agreement and the Collateral Agency Agreement without the consent of the Owners of the Series 2017 Bonds. Any such Permitted Subordinated Debt will be subordinate in all respects with respect to the security for the Series 2017 Bonds. See "SERIES 2017 PROJECT ACCOUNTS AND FLOW OF FUNDS—Flow of Funds."

Additional Parity Bonds and Permitted Additional Senior Indebtedness

The Issuer may issue Additional Parity Bonds pursuant to the Indenture, on the written request and direction of the Company, and the Company may issue Permitted Additional Senior Indebtedness, in each case without consent of the Owners of the Series 2017 Bonds, solely if any of the following conditions are met:

Refunding Indebtedness

Additional Parity Bonds and Permitted Additional Senior Indebtedness may be issued for the purpose of refunding any Outstanding Senior Indebtedness so long as the debt service payable on all Senior Indebtedness Outstanding after the issuance of such Additional Parity Bonds or Permitted Additional Senior Indebtedness, as applicable, does not exceed the debt service payable on all Senior Indebtedness Outstanding prior to the issuance of such Additional Parity Bonds or Permitted Additional Senior Indebtedness in each bond year through the final maturity of the Senior Indebtedness Outstanding prior to such refunding or defeasance.

Other Senior Indebtedness

Permitted Additional Senior Indebtedness also may be issued in order to provide working capital to the Company in a cumulative aggregate principal amount not to exceed \$_____ million.

Other Permitted Indebtedness

In addition to Additional Parity Bonds and Permitted Additional Senior Indebtedness, the Senior Loan Agreement permits the Company to incur other Permitted Indebtedness, which may be separately secured or unsecured, and payable pro rata expressly made subordinate and junior in right of payment to the prior payment and performance of the Series 2017 Bonds, as set forth in the Senior Loan Agreement and the Collateral Agency Agreement. The Company has no present intention of incurring such other Permitted Indebtedness, other than as set forth above. See "APPENDIX C—FORM OF SENIOR LOAN AGREEMENT."

in the development of complex projects involving passenger rail transportation and other customer-centric and hospitality industries, as well as a strong track record of successfully launching and growing major businesses.

In addition, because of the high number of passengers expected to transit through the Company's downtown stations, there are several attractive retail, residential and commercial transit-oriented real estate development opportunities at or near the Company's owned station sites. The Company expects that one or more of its affiliates will pursue these development opportunities. Although these transit-oriented development projects will not constitute Collateral for the Series 2017 Bonds, the Company believes they may contribute to increased ridership.

Construction on the South Segment Project is complete in all material respects, and the Company expects that the South Segment Project will commence passenger service in the fourth quarter of 2017. The Company has invested approximately \$1.8 billion in the development and construction of the South Segment Project. This amount includes approximately \$700 million in corridor and station land, \$595 million in rail infrastructure, \$260 million in new rolling stock assets, and \$250 million in stations. Amounts were funded by a combination of cash and assets from FECl and third party debt and vendor financing.

The South Segment Project has received support from local, state and federal authorities given the long-acknowledged demand for an alternative to car travel. In total, the rail operations for the South Segment Project are expected to generate total revenue of approximately \$_____ million and EBITDA of approximately \$_____ million for the full year 2020 (the projected first stabilized year of operations after a two year ramp up period). See "PROJECTED DEBT SERVICE COVERAGE."

Passenger Rail Service

The Company's passenger rail service will offer leisure, business, and personal travelers fast, reliable, convenient and comfortable travel within Southeast and Central Florida. As a part of the South Segment Project's full initial operating schedule, beginning in the fourth quarter of 2017, the Company expects 32 daily departures (16 round trips) for the Miami to West Palm Beach service. The express trains will be able to make the 67 mile trip from Miami to West Palm Beach in approximately one hour while offering on board amenities to passengers. The South Segment Project's express trains will be able to travel at speeds of up to 125 mph while offering on-board amenities to passengers. Train stations will be conveniently located in city centers near major travel destinations, and will offer multiple connections to local commuter rail and public ground transportation.

The Company expects that its passenger rail service will be used by a diverse mix of leisure travelers, business travelers, both domestic and international, and Florida residents transiting the State. Such a diversity of ridership will decrease the Company's dependency on any one type of traveler, and will also allow the Company to maximize revenues by achieving higher load factors throughout the Company's daily departure schedules, including in off-peak times. To accommodate passengers' schedules, the Company will offer daily departures from Miami and West Palm Beach each hour between approximately 6 a.m. and 9 p.m. Passengers will enjoy WiFi (provided in stations and on board at no charge) and high-quality food, beverage and retail offerings available in the stations and on-board the trains. Ancillary amenities intended to enhance the Company's passenger rail service will be offered at stations such as business centers with print and copy services. Leisure travelers will have the option to purchase integrated travel packages for fast and easy connections to major travel destinations in Miami, Fort Lauderdale and West Palm Beach. In addition, the Company's "all-reserved seating policy" will allow travelers to select and reserve specific seats on trains and at times that fit their specific travel needs.

Brand and Market Positioning

Branding and marketing for the South Segment Project is led by a seasoned management team, including Michael Reiningier, who has over 30 years of experience in developing, managing and branding complex, multi-faceted real estate and hospitality projects, and who will provide these services for the Company through All Aboard Florida – Operations Management LLC (d/b/a Brightline – Operations Management LLC), an affiliate of the Company. The Company's brand positioning will highlight the benefits of train travel, including convenience, reliability, safety and affordability, especially when compared to the challenges of traveling to the cities covered by the Company's service along the Company's corridor by car or air. The Company's marketing approach will be

THE PROJECT

The information in this section has been provided by the Company. The Issuer makes no representation with respect to the accuracy or completeness of any of the material contained in this section or elsewhere in this Limited Offering Memorandum other than in this section entitled "THE ISSUER." The Issuer is not responsible for providing any purchaser of the Series 2017 Bonds with any information relating to the Series 2017 Bonds or any of the parties or transactions referred to in this Limited Offering Memorandum or for the accuracy or completeness of any such information obtained by any purchaser.

The information in this section and elsewhere in this Limited Offering Memorandum is based on certain assumptions and projections regarding the Project. These assumptions and projections are inherently imprecise and subject to a degree of uncertainty and actual results could differ materially from these projections. See "RISK FACTORS—Risks related to the Company's Business—The Company is relying on estimates of third-party consultants regarding the future ridership and revenue for the Project, and these estimates may prove to be inaccurate. Actual results could differ from the projections and other estimates contained in this Limited Offering Memorandum."

General

The Company is developing a privately owned and operated express, intercity passenger rail infrastructure project running 235 miles between Miami and Orlando, Florida, which is one of the most heavily-traveled corridors in the United States. The Project includes three railway stations owned by the Company, a planned railway station to be located in Orlando International Airport and leased by the Company, and the related track infrastructure and rolling stock. The Company believes that the Project is the first major private U.S. inter-city passenger rail project in over a century.

The proceeds of this offering will be used to finance or refinance the design, development, acquisition, construction, installation, equipping, ownership and operation of the South Segment Project, which will connect Miami with West Palm Beach, including the railway stations in Miami, Fort Lauderdale and West Palm Beach, but excluding related transit-oriented real estate development.

The Company's passenger rail service will run along a rail corridor that is presently utilized for freight rail service by FECR and runs through some of the most densely populated regions of the State, including the downtown regions of Miami, Fort Lauderdale and West Palm Beach. The Company believes that the dynamics of the Southeast Florida travel market, combined with the Company's use of existing transportation corridors and rail infrastructure to build the Company's system, makes the South Segment Project one of the most feasible and economically attractive passenger rail infrastructure projects in the United States.

The Company anticipates a high level of demand for its service given the large number of travelers within the Southeast Florida corridor and the current lack of convenient, uncongested and cost-effective travel alternatives. According to the 2016 INRIX Global Traffic Scorecard, Southeast Florida ranks globally as the tenth most congested urban areas in terms of peak hours spent in congestion and fifth within the U.S. for traffic congestion.² There is currently no express passenger rail service as an alternative to travel by car or bus. The Company believes these are attractive conditions for the introduction of a new intercity express passenger rail system such as the South Segment Project. The Company expects to have 32 daily departures (16 round trips) for the Miami to West Palm Beach service by the fourth quarter of 2017. The express trains will be able to make the 67 mile trip from Miami to West Palm Beach in approximately one hour while offering on board amenities to passengers. With train speeds of up to 125 miles per hour, the South Segment Project is expected to provide fast, dependable transportation within the growing region of Southeast Florida. Based on comprehensive third-party market studies and its internal forecasts, the Company expects passenger rail operations to carry approximately 2.94 million passengers annually by 2020 and to be profitable with multiple opportunities for growth. The Company's senior management team responsible for the Project is comprised of seasoned executives who individually have up to 40 years of experience

designed to increase revenues in two ways: through direct-to-consumer channels and through relationships with wholesalers and travel partners within the overall travel trade industry. As part of the Company's branding and marketing strategy, it will utilize a CRM (Customer Relationship Management) technology solution to understand passengers' usage and preferences so the Company can adjust its marketing and services accordingly. In addition, the Company has engaged the Rockwell Group, a world-class international branding company, to assist in developing its consumer brand and market positioning in order to best appeal to each travel market along the Miami to West Palm Beach corridor and has engaged C+K, an international marketing and advertising firm, to develop strategies and content for the launching and consumer awareness building of the Company's new brand and product.

Ticket Sales and Distribution

The Company expects ticket sales to account for approximately 91% of the Company's passenger rail revenue starting in 2020 (the Company's expected stabilized year of operations). Tickets will be offered through multiple distribution channels, including direct sales to travelers over the internet and through mobile devices or at ticket machines at the Company's stations (which the Company refers to as its "retail" channel), and sales through wholesalers and travel partners (which the Company refers to as its "wholesale" channel). For the retail channel, the Company is designing its website and ticket kiosks to have a user-friendly interface and to offer travelers a quick and efficient way to take advantage of the Company's diverse array of service offerings and departure times. The Company will employ search engine optimization technology to direct customers to its website for ticket purchases. Through its wholesale channel, the Company expects to develop partnerships and affiliations with a variety of travel partners and wholesalers to integrate the Company's tickets into travel packages that are presold to the leisure market. The Company anticipates that approximately 40% of ticket availability will be presold in this manner, and it will pay a commission (based on the purchase price of tickets sold) to the applicable travel partner or wholesaler for these ticket sales.

Tickets will be available for purchase in advance as early as 90 days prior to the date of travel, and as late as minutes before departure. Travelers will be able to select specific seating and coach preferences, such as a solo seat in a quiet car or adjacent seating for groups. Any refunds, exchanges or ticket modifications will be quick and easy, either online or in person. Ticket prices will be demand-driven and based on the day and time of departure. The Company expects to utilize a yield management system (in conjunction with the Company's CRM discussed above) that allows the Company to determine, on a daily basis, pricing, allocations, and coach configuration needs. The Company intends to evaluate and determine ticket sales progress and adjust the Company's ticket allocations, inventory and pricing rapidly to match then-current sales and demand patterns and to optimize low factor loads.

Ancillary Revenue Opportunities

In addition to ticket revenues, at stabilized operations (expected in 2020), the Company expects to generate approximately 9% of its revenue through a number of ancillary sources intended to support and enhance its passenger rail service, including advertising, food and beverage sales, merchandise sales, sponsorships and marketing affiliations, and commissions from the Company's travel partners, and through ground transportation extensions. The Company's trains and stations will provide opportunity for advertisers to reach a large and captive audience. The Company expects to sell advertising space on video screens, monitors, kiosks, collateral and displays at each station and on-board the Company's fleet of trains and ground transportation facilities. The Company is also actively pursuing long-term partnerships and sponsorships with a variety of organizations, including financial institutions and technology companies who would seek to associate themselves through naming rights or other relationships with the speed and connectivity of the Company's state-of-the-art, express passenger rail system. In addition, the Company expects to generate revenues through travel packaging relationships with third parties such as car rental companies, hotels and theme parks. Through these relationships, the Company would act as an agent, seeking to include the travel partner's or destination's product or service in a packaged vacation for the Company's rail passengers. For each product or service the Company is able to sell, the Company would earn a commission. Finally, the Company expects to generate additional revenues for its passenger rail service through a la carte offerings of high-quality food beverage options, retail merchandise, and business services. Private reserved trains for conventions and groups outside normal scheduled services would also be available for charter.

The Company is currently in possession of five trainsets built by Siemens. Each trainset consists of two diesel-electric locomotives and four stainless steel coaches and has a total capacity of 240 passengers per train. This dual locomotive arrangement will enable trains to achieve top speeds of 125 mph, while realizing fuel efficiency. The redundancy of this two-locomotive configuration will enable the Company to keep trains moving in case of an unexpected locomotive mechanical issue. Onboard, integrated passenger cars offer comfortable seating in a number of different configurations, with an air-suspension system providing a smooth ride at high speeds. Passenger seats have workspaces and will be similar in size to a first-class airline seat (with premium seats being slightly larger). These trainsets and their onboard amenities are scalable to accommodate additional passenger demand for seats and technology. The Company anticipates having [four] active trainsets and [one] spare trainset available to be utilized in rotation to allow rolling stock to be monitored, inspected, serviced and maintained without adversely impacting regularly scheduled service.

The Company's rolling stock vendor contracts will give it (or its affiliate) the option to purchase additional passenger cars and locomotives to accommodate increased ridership. As ridership ramps up, additional coaches will be added to the trains, such that each train will be comprised of two locomotives, six coaches and a café car for a total capacity of 356 passengers per train.

The Project's trains and stations are designed to be compliant with regulations specified by the Americans with Disabilities Act ("ADA"), with seating, bathrooms, level board platforms and walkways designed to accommodate wheelchair and other special physical needs of the disabled. The Project's locomotives also comply with both the U.S. Environmental Protection Agency's Tier Four emissions standards as well as the various regulations and guidelines set forth in the Federal Passenger Rail Investment and Improvement Act (PRIIA) mandate. The Project's rolling stock complies with FRA regulations, including Crash Energy Management (CEM) and the new Positive Train Control (PTC) requirements, which require a centrally monitored and controlled network to bring trains safely to a stop if certain operating safety parameters are exceeded. Installing PTC systems allow trains to operate within a dynamic safety environment that constantly monitors speed restrictions, track maintenance and similar items and can intervene to stop a train before it reaches an unsafe condition. The PTC system was procured and supplied by the Company as a cost of the Project and delivered to Siemens for installation into the locomotives. Similarly, the in-cab signaling system and the voice radio system were procured by the Company as a cost of the Project and delivered to Siemens for installation.

Operations and Maintenance

The Company anticipates beginning passenger rail operations in the fourth quarter of 2017 and, based on other passenger rail projects, achieving full ramp-up ridership in the [third] full year of operations. Through its All Aboard Florida – Operations Management LLC (d/b/a Brightline – Operations Management LLC) affiliate, the Company will manage passenger rail and hospitality operations, sales and marketing, IT, finance, accounting, human resources, legal and right-of-way functions. The Company has contracted with certain entities, including FEICR, for rail service operations and certain other aspects of the Company's business's operations. All agreements with affiliates will have terms and conditions substantially similar to those that would be available on an arm's length basis with unaffiliated third parties.

In addition, the Company has executed a maintenance agreement with Siemens, the rolling stock provider, for all warranty and preventative maintenance for the rolling stock, thereby making these large costs more predictable.

Stations

The Company currently has new stations in Miami, Fort Lauderdale and West Palm Beach. The Company also intends to construct a station in Orlando. All of the Company's station locations are in regions with dense populations, near major travel destinations and with multiple connections to local commuter rail and public ground transportation. The Company believes these strategically located stations will help attract passengers because of their proximity to key destinations, accessibility by passengers and close connectivity to other transportation systems.

those involving passenger rail transportation and other customer-centric and hospitality industries. The senior management team will be made available to the Company for the Project by All Aboard Florida – Operations Management LLC (d/b/a Brightline – Operations Management LLC) , an affiliate of the Company.

PATRICK GODDARD, Chief Operating Officer

Patrick Goddard is responsible for all Brightline operations, which include station operations, transportation, safety and security and mechanical operations.

The Miami station location is on a site in downtown Miami, near the city's government center area and surrounded by major employment centers and with convenient parking nearby. The station site is only blocks from major destinations, including PortMiami (the world's largest passenger cruise port), the American Airlines Arena (home of the Miami Heat NBA team), two new museums and the Adrienne Arsht Center for the Performing Arts (Miami-Dade County's primary opera house, theatre and classical concert hall). The site currently is a hub for multiple modes of public transportation and is a location stop for Miami's Metrorail (a 22-mile metropolitan rail system that includes service to the Miami International Airport) and Metromover (a free, elevated people mover for easy access to downtown Miami and Brickell Avenue sites) as well as Miami-Dade County's municipal bus service. In addition, there is the potential for the Company's Miami station to be linked with Tri-Rail, as discussed further below under "—Commuter Opportunity."

The Miami station includes a large train platform on an elevated viaduct so as not to interrupt traffic on local streets servicing the downtown district and a new and enhanced street front public realm which is expected to be an attractive platform for new retail and residential real-estate uses. The 250,000 square foot platform and track area will consist of five tracks and four platforms, each measuring 1,150 feet long. The station includes a combination of both high-level platforms designed to accommodate level boarding of the Company's intercity trains and lower level platforms designed for train service access and for commuter trains in the future. The station has three levels – a lower ticketing level, an upper boarding level and a mezzanine level with a 21,000-square foot passenger waiting area and security functions. The station's mezzanine level comprises of the primary concourse for passengers to directly connect to other modes of transportation such as Metrorail and the Metromover.

Fort Lauderdale and West Palm Beach

In Fort Lauderdale, the Company's station location is on a wholly owned site in the city's central business district, surrounded by City Hall and county and state government office facilities. The Company's station site is only a few blocks from Fort Lauderdale's Las Olas Boulevard waterfront historical district and the Broward Center for the Performing Arts and adjacent to the city's primary municipal bus terminal and the expected future site of the city's WAVE electric streetcar system.

In West Palm Beach, the Company's station location is on a wholly owned site along Quadriple Boulevard, the city's primary north-south road system and centrally situated between the Clematis Street commercial district and the City Place outdoor promenade and mixed-use development. The station site has close proximity to the city's Kravis Center for the Performing Arts and is approximately four blocks from the West Palm Beach downtown waterfront.

The Company's Fort Lauderdale and West Palm Beach stations have similar designs and contain center-island platforms adjacent to the newly configured tracks at near ground level. These platforms are approximately 850 feet long and, with a height of approximately 48 inches above the top of rail, will allow level boarding into the Company's passenger coaches. The Company's stations were designed to accommodate the addition of future, low-level platforms designed to connect with commuter rail trains and station locations for inter-modal connectivity.

Orlando

The Company intends to construct a station in Orlando located within GOAA's new multi-modal facility at Orlando International Airport and operated by the GOAA, with dedicated facilities leased to and operated by the Company within the future south terminal. Full service between Miami and Orlando is expected to commence on a limited basis in 2020.

PROJECT PARTICIPANTS AND THIRD PARTY AGREEMENTS

All of the Project's material construction contracts (including rolling stock procurement) have been signed. The majority of these contracts contain fixed-price, time-certain terms with payment and performance bonds and guarantees from leading contractors. The Company's contracting strategy includes multiple safeguards to mitigate cost and timing overruns.

Below is a summary of certain key project participants and their respective agreements in respect of the Project.

Project Construction

Construction on the South Segment Project is complete in all material respects, and the Company expects that the South Segment Project will commence passenger service in the fourth quarter of 2017. The Company has invested approximately \$1.8 billion in the development and construction of the South Segment Project. This amount includes approximately \$700 million in corridor and station land, \$595 million in rail infrastructure, \$260 million in new rolling stock assets, and \$250 million in stations. Amounts were funded by a combination of cash and assets from FECL and third party debt and vendor financing.

Project Segments

The Project is split into two segments. The South Segment Project consists of service from Miami to West Palm Beach and the North Segment Project will add service from West Palm Beach to Orlando.

South Segment Project – Miami to West Palm Beach

Initial passenger service from Miami to West Palm Beach is expected to commence in the fourth quarter of 2017. [The passenger service will initially begin by operating eight daily round trips with two trainsets. The Company plans to begin a full operating schedule between Miami and West Palm Beach of 16 daily intercity round trips (32 one-way trips) in _____ 20 ____]. The full initial operating service will require five trains ([four] in active service and [one] spare), each comprised of two locomotives and four coaches for a total capacity of 240 passengers per train. The Company is in possession of five trainsets built by Siemens, each of which is comprised of two diesel-electric locomotives and four stainless steel coaches. As ridership ramps up, additional coaches are expected to be added to the trains, such that each train will be comprised of two locomotives, six coaches and a café car for a total capacity of 356 passengers per train.

Construction has been completed in all material respects on the Miami, Fort Lauderdale and West Palm Beach stations.

North Segment Project – West Palm Beach to Orlando

The Company intends to connect West Palm Beach to the Orlando Station. Full service between Miami and Orlando is expected to commence on a limited basis in 2020.

Rail Infrastructure

Rail infrastructure for the South Segment Project has been constructed and includes new track, support structures, ancillary support facilities, civil work and right of way improvements, communications and signalization including positive train control and all professional fees and contingencies associated with the various categories of the work.

Operations & Maintenance

Through All Aboard Florida – Operations Management LLC (d/b/a Brightline – Operations Management LLC), an affiliate, the Company will manage rail service and hospitality operations, sales and marketing, IT,

finance, accounting, human resources, legal and right-of-way functions. As described in more detail below under “—Employees,” the Company has contracted with certain entities, including FECR, which has over 100 years of experience in rail service operations, for the performance of rail service operations and certain other aspects of the Company’s business operations. All agreements with affiliates will be arm’s length and upon terms and conditions substantially similar to those that would be available on an arm’s length basis with unaffiliated third parties.

The Company and FECR have executed a Joint Use Agreement, whereby FECR will perform dispatch functions for the Project’s passenger trains, and will be responsible for maintenance of shared track and signals, as well as track security and bridge tenders, along the shared corridor. FECR currently manages all of these functions for its existing freight rail business. Since these types of services are common to both the Company’s business and FECR’s business, the Company believes that partnering with FECR enables the Company to achieve lower costs than either conducting the services itself or outsourcing to another party that does not share the Company’s corridor.

The Company has also executed a maintenance agreement with Siemens, the rolling stock provider, for all warranty repairs and maintenance on the rolling stock. The Company’s 30-year agreement with the rolling stock manufacturer ensures regular preventive maintenance, as well as capital maintenance over the life of the agreement at a set price with an established cost escalator, thereby making these large costs more easily predictable. The maintenance for the rolling stock will be performed at a maintenance facility [to be] constructed south of the Orlando International Airport. In addition to the Orlando maintenance facility, there will be a running repair facility in West Palm Beach to provide maintenance during the initial operations phase. After commencement of the expanded service, the West Palm Beach facility will be used for nightly layover, lighter maintenance, emergency repairs, cleaning and refueling. Chief Mechanical Officer Tom Rutkowski will provide oversight and management of the Siemens contract. Mr. Rutkowski, who will be based out of the Orlando maintenance facility, has over 20 years of railroad experience, including, most recently, responsibility for New Jersey Transit rolling stock fleet of 1,150 coaches and 205 locomotives.

Employees

The Company does not expect to have any employees. Services of the Project’s senior management team, as well as other personnel described below, will be made available to the Company by All Aboard Florida – Operations Management LLC (d/b/a Brightline – Operations Management LLC), an affiliate of the Company.

Passenger rail operations will be led by Eugene Skoropowski, Senior Vice President of Passenger Rail Operations, who is based in Orlando and has over 40 years of railroad industry experience, including most recently serving as Managing Director of Northern California’s Capitol Corridor Intercity Rail Service. At stabilized operations, rail operations is expected to have approximately _____ full-time equivalent employees (FTE), including on-board staff and maintenance support staff. Each train will be staffed with an engineer, a conductor, three on-board attendants (including a café car attendant) and a utility attendant. The maintenance facilities will be staffed with train cleaning staff, purchasing employee (fuel and other needs specific to maintenance facility), and facility maintainers and cleaners. The FTE count includes additional staff for extra board (i.e., sick time, vacation, training, etc.).

Stations and hospitality operations is expected to have approximately _____ FTE’s, including station managers, security staff, and ticket counter, kiosk, and baggage agents, commissary employees, in-station café staffing and management, public area attendants, concierge/information attendants and executive lounge attendants. The Company’s stations and hospitality operations will be led by David McIntyre, SVP Operations, who has more than nearly 25 years of experience in the hospitality business, most recently serving as Senior Vice President of Food and Beverage Strategy for MGM Resorts International. Mr. McIntyre will be based out of the Company’s corporate office in Miami.

Project operations have approximately _____ FTE’s responsible for sales and marketing, finance, information technology, human resources, legal and safety. Project operations will be based in Miami. The employees expected to be involved in the Project operations do not belong to any labor unions.

The Company believes the insurance coverages are sufficient for the South Segment Project.

Travel Market for the Project

With an estimated population of 6.1 million residents in 2015, South Florida now ranks as the third most populous urbanized area in the United States. The Southeast Florida region represents the most densely populated area within Florida.³ Main cities in the region include Miami, Fort Lauderdale, Pompano Beach, Boca Raton, and West Palm Beach in Southeast Florida. Just under one half of the regional population resides in Miami-Dade County, over 30% live in Broward County and nearly 25% reside in Palm Beach County. As shown in the charts below, the metropolitan areas within the Series 2017 Counties have experienced average annual population and employment gain of 1.9% per year and 2.7% per year since 1975.

In addition to large and growing population centers, Southeast and Central Florida attract millions of domestic and international travelers each year. Miami International Airport is the busiest airport in Florida with approximately 44.5 million passengers annually. Known as the gateway to Latin America, Miami is the second

Environmental

As a landowner, railroad operator and developer of related infrastructure, the Company will be subject to various federal and state laws relating to protection of the environment. These include requirements governing such matters as the management of wastes, the discharge of pollutants into the air and into surface and underground waters, the manufacture and disposal of regulated substances and remediation of soil and ground-water. Failure to comply with applicable requirements can result in fines and penalties and may subject the Company to third-party claims alleging personal injury and/or property damage, among others, and may result in actions that seek to restrict the Company’s operations. Some environmental laws impose strict, and under some circumstances joint and several, liability for costs of investigation and remediation of contaminated sites on current and prior owners or operators of the sites and also impose liability for related damages to natural resources.

The Company plans to operate in material compliance with applicable environmental laws and regulations and estimates that any expenses incurred in maintaining such compliance will not have a material effect on the Company’s earnings or capital expenditures. However, there can be no assurance that new, or more stringent, enforcement of existing requirements or discovery of currently unknown conditions will not result in significant expenditures in the future.

Insurance

The Company’s comprehensive insurance program for the South Segment Project includes the following coverages:

- **Professional Liability:** Protective errors and omissions insurance will be maintained for the Project. This protects against defenses and damages caused by errors in rendering of professional services by the Design and Construction teams.
- **Pollution Legal Liability:** Insurance to protect against claims for loss, environmental damages or emergency response expense arising out of a pollution incident at an insured location arising from a pre-existing pollution condition will be maintained for the Project.
- **Contractors Pollution Liability:** Insurance to pay those sums that the insured or any contractor (or subcontractor) becomes legally obligated to pay as damages because of bodily injury, property damage, environmental damage (including mold), emergency response expense, and associated defense costs, arising out of a pollution incident caused by the Company’s work will also be maintained.
- **General and Rail Excess Liability:** Liability insurance coverage will be maintained, including defense costs that the Company may be legally obligated to pay as damages resulting from bodily injury (including death), property damage, personal injury or advertising injury resulting from the Company’s railroad operations. This would include employee injury, passenger injury and accidents involving train stations, crossings, trespassers, maintenance activities, derailments, and terrorism. This rail insurance will have a minimum \$200 million combined single limit for bodily injury, personal injury and property damage per occurrence, which limit may be provided by a combination of primary and excess/umbrella coverage.
- **Property and Casualty:** Property insurance will also be maintained for physical damage to assets owned, leased or used by it, including buildings, contents, rolling stock equipment, and certain infrastructure assets, which include track and bridges or tunnel structures. Due to the location of Project assets on Florida’s eastern seaboard, windstorm coverage will be maintained. Coverage will include the loss of business income following an insured event. Insured events would be on an “all risks” basis, including collision, upset and overturn, flood, earthquake, and terrorism.
- **Corporate:** Various other policies are expected to be in place, including workers compensation, pollution liability, cyber security, food borne illness, crime and fiduciary liability, auto liability and director and officer protection.

largest international tourist destination in the United States⁴ and home to PortMiami, the largest passenger cruise port in the world (followed by Port Canaveral and Port Everglades, both in Florida).⁵

Overall, a total of 14.6% of overseas non-resident travelers enter the United States through one of two main South Florida airports: Miami International Airport (12.4%) and Fort Lauderdale International Airport (2.2%).

Existing Modes of Travel

Today, automobiles represent the dominant mode of intercity travel in Southeast Florida. The two main routes by auto between Miami and West Palm Beach are the I-95 interstate highway and the Florida Turnpike. Driving times between Miami and West Palm Beach are estimated at approximately one hour 17 minutes on I-95 and one hour and 27 minutes on the Florida Turnpike during non-peak hours and substantially greater during peak periods. Driving times between Miami and Fort Lauderdale are estimated at approximately 35 minutes and approximately 50 minutes between Fort Lauderdale and West Palm Beach during non-peak hours and substantially greater during peak periods. According to the 2016 INRIX Global Traffic Scorecard, Southeast Florida ranks globally as the tenth most congested urban areas in terms of peak hours spent in congestion and fifth within the U.S. for traffic congestion.⁶ State and local agencies have been active in evaluating alternatives to relieve congestion on north-south roadway links. In June 2010, FDOT prepared the I-95 Transportation Alternatives Study, in consultation with the Department of Law Enforcement, the Department of Environmental Protection, the Division of Emergency Management, the Office of Tourism, Trade and Economic Development and affected metropolitan planning organizations and regional planning councils located along the corridor. The study, which provides an assessment of concerns and proposed solutions related to I-95, found that “I-95 is overwhelmed with traffic demand” and that “[t]ravel within specific urban areas along the I-95 corridor is highly congested in peak travel periods due to single driver automobile use.”

Other modes of transportation available to travelers in the region include rail, bus and shared ride. Tri-Rail, a commuter rail line run by South Florida Regional Transportation Authority (SFRTA) links Miami, Fort Lauderdale and West Palm Beach. Total travel times on Tri-Rail’s service are approximately two hours. Additionally, Amtrak service exists within Southeast Florida. Amtrak mainly provides services for the long-distance market. In addition, there are intercity buses with service between Miami, Fort Lauderdale and West Palm Beach and shared ride services such as Uber and Lyft.

PASSENGER RIDERSHIP ESTIMATES FOR THE SOUTH SEGMENT PROJECT

All Aboard Florida – Operations LLC (d/b/a Brightline – Operations LLC) commissioned Louis Berger U.S., Inc. or “LB” to develop an investment grade ridership and revenue forecast for the re-introduction of passenger rail service on its existing right of way. The Project, will be a privately owned and operated, intercity service connecting key cities in Southeast Florida (Miami, Fort Lauderdale, and West Palm Beach) with Orlando in Central Florida.

Brightline Service

The objective of this study is to provide an independent overview of ridership and revenue for the South Segment Project corridor, consisting of trips between West Palm Beach, Fort Lauderdale, and Miami. This study will inform and advance the project planning efforts and decisions of potential investors and funding partners.

Each year, travelers make hundreds of millions of trips between the communities in Southeast Florida that will be served by the South Segment Project, making the region one of the most actively traveled areas in the United States. The proposed service will operate on an existing transportation corridor running directly through some of the most densely populated communities in the State of Florida with stations located at key downtown areas or major sites and connected to local transit hubs (airport, bus, commuter rail, etc.).

Overview of the Investment Grade Study Process

The ridership and fare revenue forecasts presented in the report are characterized as being investment-grade with respect to accuracy, reliability and credibility.⁷ The integrity of the study is underpinned by the following key features:

⁷ The key features noted in this section ensure highly reliable forecasts. However, it is not possible to forecast future events with certainty. Assumptions regarding economic growth, competition between modes and external factors affecting overall travel demand and Brightline usage may prove inaccurate. Changes from these assumptions could produce lower or higher ridership than the estimates contained in this report. Please see our disclaimer for more information.

Study Process

To determine the extent and magnitude of the demand for a new mode of intercity travel in Southeast Florida, LB undertook a thorough assessment of the existing and potential future intercity travel market, the attributes of the current modes of travel in the corridor, and prospects for future growth. The study included the following key activities.

- **Research to Establish Market Size and Catchment Area** – Residents and visitors to cities in the corridor make hundreds of millions of trips per year, but only a select portion of these trips involve travel between the central business districts and surrounding activity centers that would be served by South Segment Project stations. To identify the addressable market, LB gathered extensive data on current levels of travel between the city pairs by mode, trip purpose, and time (time of day, day of week). LB used vendor-provided mobile phone data and findings from recent primary research on traveler preferences to determine the size of the market. The research established an addressable market of over 365 million intercity trips per year in areas reasonably served by the Southeast Florida stations. These findings on the size and characteristics of the market are consistent with previous studies undertaken for rail projects in Florida, and provide a conservative base for the demand forecast.
- **Identification of Travel Network and Competing Modes of Travel** – The demand forecasting process also requires a thorough understanding of the travel network and the schedule, journey time, and cost attributes of all modes of travel using the network. This report outlines the assumptions and data sources LB used to establish the highway, rail, and air travel network. The report also documents the attributes of each mode of travel used as inputs to the demand forecast.
- **Assessment of the Prospect for Growth in Travel** – An investment grade forecast requires thorough examination of the prospect for growth in the overall travel market. By gathering data from regional transportation planning agencies and other accepted public and commercial sources, LB established conservative and reasonable growth rates for the overall market based on observed trends in each segment. Based on observed trends in each of the metropolitan regions within the corridor, LB expects the overall number of trips between the cities in Southeast Florida to grow by 0.74% per year.
- **Primary Research on Traveler Preferences and Willingness to Pay** – When travelers choose to make a journey by auto or by rail they weigh the time and money cost of travel and make a choice based in part on their travel budget and willingness to pay. Travel behavior is also influenced by trip purpose (e.g., business, leisure, commute, airport access) and other factors such as party size and need for a vehicle at the destination. The South Segment Project system is an entirely new type of service for the region whose unique features can only be tested in hypothetical scenarios that place the South Segment Project against other competing modes. The current state-of-the-practice uses mode choice stated preference survey as the basis for understanding how individuals (or groups of individuals) value individual attributes, such as access time, in-vehicle travel time, headways, and cost - of a transportation choice. LB also reviewed findings from a recent Pricing Research survey conducted by Integrated Insights to benchmark data on traveler trip purpose, travel frequency, and willingness to pay.
- **Demand Forecasting** – The LB study team employed best practices in discrete choice analysis and network travel demand forecasting to determine diversions from existing modes of travel to the South Segment Project and ridership volumes on the South Segment Project system by city-pair segment. The stated preference survey responses were used to develop a statistical model of mode choice and estimates of the passenger rail market share and is the basis of the South Segment Project ridership forecast.
- **Sensitivity Testing** – The report provides the findings of sensitivity tests demonstrating the effect of changes in key forecast assumptions on ridership and revenue. These sensitivity tests are used to establish the stability of the forecast model and inform project planning.

This study was carried out in the context of previous public and private sector sponsored rail implementation studies in Florida that attempted to better understand the potential of passenger rail to relieve

- Independent approach by experienced travel demand forecasting consultants.
- Forecasting model constructed from the bottom up using data gathered from regional planning agencies, stakeholder organizations, and recognized commercial sources.
- The use of independent and experienced travel demand forecasting consultants.
- Stated preference survey designed to measure characteristics of existing intercity travel demand in Southeast Florida.
- Pricing research survey data to support findings on willingness to pay and induced demand
- A critical, benchmarked assessment of economic growth projections that are used to estimate the overall future growth in travel demand.
- The development of a forecasting model for South Segment Project based on current travel, transport system and economic growth data.
- The adoption of conservative assumptions regarding factors affecting the South Segment Project usage.
- Alternative model estimates (sensitivity testing) intended to quantify the impacts of different assumptions of key forecasting inputs on forecast results.
- Emphasis on near term forecasts—investment decision makers commonly place greater emphasis on the early years of operation than the later years (which include growth that is expected, but not certain, to occur).

Outputs of the investment-grade forecast that were used to determine the economic, financial, and business planning dimensions of the proposed investment include the following:

- Overall ridership demand estimates
- Station-station segment ridership estimates
- Market share analysis
- Market breakdown by user type (business/non-business, etc.) and geography
- Ridership demand elasticity with respect to fare
- Ridership demand with respect to level of service
- User benefit metrics (values-of-time)

LB segmented its technical approach and analysis into four distinct areas of study outlined below. Each of these study areas are discussed in greater detail within their respective chapters of this report.

- Market assessment
- Travel demand model development and calibration
- Ridership and revenue forecast
- Sensitivity testing

congestion and promote mobility and economic development. LB evaluated the following studies and used them as benchmarking references for the findings in this analysis:

- **Florida Overland Express:** Public-private partnership between FDOT and Florida Overland Express for high speed rail connecting Tampa, Orlando, and Miami. The State withdrew support for the project in 1999.
- **Investment Grade Ridership Study for the Tampa-Orlando corridor:** Performed in 2002 on behalf of the Florida High Speed Rail Authority. The Florida High Speed Rail Enterprise published a two-page update to that forecast in September 2009.
- In 2006, FDOT prepared the Florida Intercity Passenger Rail Vision Plan, a plan that builds upon previous studies exploring the potential of high speed rail to assist in meeting the State's mobility needs.

Overview of the South Segment Project Rail Service

The South Segment Project service will provide new express passenger rail service initially connecting three key urban areas in Southeast Florida – West Palm Beach, Fort Lauderdale, and Miami. The South Segment Project service will be privately owned and operated by All Aboard Florida – Operations LLC (d/b/a Brightline – Operations LLC) and will run along the existing rail corridor currently used for freight rail operations by FECR. Special features include the following:

- **Travel time savings:** Substantial time savings to current users of auto, bus and traditional rail
- **Frequency:** Consistent, hourly departures seven days per week to fit the schedules of both business and leisure travelers
- **Booking:** Online and mobile booking with reserved coach and business class seating for easy boarding
- **Amenities:** Free Wi-Fi, convenient outlets, comfortable seating, food and beverage service and related amenities on board
- **Stations:** Modern, centrally located stations in Southeast Florida cities, with good intermodal connectivity (i.e. connections to Metrorail, Metromover, Tri-Rail – with direct connection to Miami International Airport – Broward County Transit, and The WAVE Streetcar.), parking and ridesharing services available

In addition to the travel time savings offered by the South Segment Project, the ease of travel and related amenities to the service described above are expected to draw a substantial number of travelers who attribute a high value to comfort, productivity, and efficiency.

Proposed Route and Stations

Planned improvements to the transit network will also bring value added to the South Segment Project and enhance its ridership by offering added convenience and potential for travel time savings. For instance, in Fort Lauderdale the WAVE Streetcar system is part of an integrated approach to public transit that will complement and enhance other mobility options including Tri-Rail, Sun Trolley, buses, ride-share services, biking and walking. The WAVE streetcar will have direct connection to the Fort Lauderdale station, with anticipated daily boardings of over 1,300 passengers per day.⁹ The service includes a proposed extension to Fort Lauderdale Airport. The project is on schedule to be awarded to a contractor this fall 2017, and initiate construction in 2018.

Relevant Market for High Speed Rail

With a population of 6.01 million in 2015, the South Florida metropolitan area is the most populous metropolitan area in the Southeastern United States and the fourth most populous urbanized area in the United States. Main cities include Miami, Fort Lauderdale, Pompano Beach, West Palm Beach, and Boca Raton. Miami International Airport is the busiest airport in Florida (44.5 million passengers in 2016) and ranks second in the United States in terms of international passenger count, with 21.2 million international passengers annually. A total of 14.6% of overseas non-resident travelers enter the United States through one of the two main South Florida airports: Miami International Airport (12.4%) and Fort Lauderdale International Airport (2.2%).

⁹ Data Source: Downtown Transit Circulator Project Alternatives Analysis /Environmental Assessment, 2012.

- The forecast study area is limited to the extent of metropolitan Southeast Florida. Station market catchment areas and trip filters were developed to establish reasonable boundaries for the addressable market and to eliminate illogical station access patterns. As described in the report, this is the basis for establishing the size of the candidate market at over 365 million trips per year for the journey between the three cities in Southeast Florida.
- Base year trip tables used in the model were developed separately for each mode available between each city pair. For the auto market, which is predominant in size, LB developed the estimates using third-party vendor provided mobile-phone based location data of trips carried out between origins and destinations within the addressable market geography. The data was adjusted downward to account for captive auto users. Trip tables for other modes of travel were based on information obtained from relevant planning agencies and operators.
- The South Segment Project fares assumed in the modeling process were provided by All Aboard Florida – Operations LLC (d/b/a Brightline – Operations LLC) and validated by LB. All fares and competing mode costs were fixed in real terms. For purposes of estimating the future cost of auto travel, gas prices were set at future levels estimated by the U.S. Energy Information Administration (EIA) reference case forecast (2017).
- Growth estimates for the South Florida auto market are based on the growth rates modeled in the Southeast Florida Regional Planning Model, maintained by the Florida Department of Transportation. This regional planning model accounts for a 1.2% annual growth rate in travel in the Southeast Florida region, broadly in line with regional employment growth forecasts. Rail forecasts for Tri-Rail were developed using trend lines based on official historical data. These are conservative assumptions for the growth outlook that are based on current fundamentals of the travel market. Future growth in income that outpaces the demographic rate of change, would most likely result in increased intercity travel overall and increased ridership for the South Segment Project in particular.
- The estimation of the future travel market does not include any changes in the location of households or employment related to transit-oriented development in the areas surrounding the stations.
- The South Segment Project presents users with a premium service unlike any other service in the State of Florida. It is often the case that stated preference surveys which underlie the mode choice model and forecast do not fully capture the value that users attribute to the premium nature of services such as the South Segment Project. Our survey research and fare price benchmarking was designed to compensate for this providing the basis for a comprehensive view on traveler willingness to pay.
- Induced demand potential was based on a method of evaluating the improvement in the generalized cost of travel that has been accepted in other studies for high speed transportation in the U.S. As a novel form of transportation in Florida, the South Segment Project is likely to experience ridership demand for tourism and leisure travel based on its convenience and amenities.

Assumptions regarding economic growth, competition between modes and external factors affecting overall travel demand and the South Segment Project usage are subject to uncertainty and may prove inaccurate. Changes from these assumptions could produce lower or higher ridership than the estimates contained in this report. Please see our disclaimer for more information.

Key Findings and Ridership and Revenue Forecast

Our analysis in this investment grade traffic and revenue forecast revealed that introduction of the South Segment Project service would complement existing modes of travel and draw a substantial number of business and non-business travelers. Station locations offered by the South Segment Project in Miami, Ft. Lauderdale, and West Palm Beach will provide an alternative source of transportation for travelers with origins or destinations at or near these urban cores. The thorough study effort resulted in the following key findings:

Travel within Southeast Florida is primarily by automobile. Between Miami and West Palm Beach the Florida Turnpike runs parallel with I-95. Driving from Miami to West Palm Beach takes about 1 hour 17 minutes on the I-95 and 1 hour 27 minutes on the Turnpike under free flow traffic conditions. Driving time with free flow conditions between Miami and Fort Lauderdale is about 35 minutes and about 50 minutes from Fort Lauderdale to West Palm Beach. During congested peak periods it is not uncommon for these travel times to increase by 30 to 100 percent due to incidents or weather making journey and arrival times during these key periods unreliable. The main alternative mode of transportation is rail. Tri Rail, a commuter rail line run by the South Florida Regional Transportation Authority (SFRTA) links Miami, Fort Lauderdale, and West Palm Beach. The 71-mile line has 18 stops, total travel times of approximately two hours, and an annual ridership of 4.2 million.

According to the 2016 INRIX Global Traffic Scorecard, South Florida highways are among the most congested in the State, which results in millions of hours of travel delay and excessive fuel consumption and pollutant emissions. Southeast Florida is ranked as the 10th most congested urban area globally in terms of peak hours spent in congestion and has the 5th worst traffic congestion in the United States.¹⁰ State and local agencies have been active in evaluating alternatives to the severe congestion on north-south roadway links. In June 2010, FDOT prepared the I-95 Transportation Alternatives Study, in consultation with the Department of Law Enforcement, the Department of Environmental Protection, the Division of Emergency Management, the Office of Tourism, Trade and Economic Development and affected metropolitan planning offices and regional planning councils located along the corridor. The study, which provides an assessment of concerns and proposed solutions related to I-95, found that “I-95 is overwhelmed with traffic demand” and that “[t]ravel within specific urban areas along the I-95 corridor is highly congested in peak travel periods due to single driver automobile use.” This study concluded, among other things, that “[p]assenger rail service presents a mobility option to serve Florida’s East Coast along the I-95 corridor” with multiple benefits including the reduction of “fossil fuel use and greenhouse gases (GHGs); job creation and economic development around station locations; and, better connectivity between northern and southern sections of Florida.”

The potential for intercity rail as a viable alternative has long been recognized by many, including FDOT, which developed the Florida Intercity Passenger Rail “Vision Plan.”¹¹ Among other things, the plan found that the state’s intercity travel market would grow at an average annual rate of 3.5% from 2006 to 2040.¹¹ This increase will exacerbate existing transportation problems and require significant development of new infrastructure to meet the needs of this market. In June 2009, FDOT released the 2009 Florida Rail System Plan: Policy Element¹², which updated the 2006 Florida Freight and Passenger Rail Plan and built upon previous rail planning efforts, including the 2006 Florida Intercity Passenger Rail Vision Plan to show that:

- There is a rising public interest in rail options to meet intercity and regional mobility needs;
- The existing congestion on Florida’s highways may be mitigated by a passenger rail alternative, which would also serve to increase the mobility of tourists, business travelers, and citizens – especially older Floridians; and
- Reliance on alternate transit options is expected to increase in light of growing concerns over dependence on foreign oil, fluctuating gas prices, and fuel supply disruptions as a result of natural disasters.

Key Assumptions

In order to develop a conservative approach for forecasting the South Segment Project ridership that is appropriate for evaluation by lenders and investors during the planning stage of project development, LB made several key assumptions, as follows:

⁹ Data Source: LB’s analysis of the 2016 INRIX Global Traffic Scorecard.
¹⁰ Data Source: FDOT, August 2006
¹¹ Data Source: FDOT, August 2006
¹² Data Source: FDOT, March 2009

- **Substantial “Addressable Market”** – Hundreds of millions of trips are taken annually between the three Southeast cities that will be served by the South Segment Project. LB’s study included a determination of the portion of these total trips that both originate and terminate within a defined distance of a South Segment Project station. The South Segment Project addressable market is assumed to include only those trips beginning and ending within a South Segment Project station. Based upon detailed analysis, LB concluded that the addressable market for the South Segment Project intercity service amounts to over 365 million trips made by individuals in the Southeast annually.
- **Demonstrated Market Demographic Growth** – In the past 40 years, population in Southeast Florida has grown by an annual average of 1.9% and employment has grown by an annual average of 2.7%. In recent years, the areas within ten miles of the South Segment Project stations have shown growth in both population and employment.
- **No Comparable Service** – The South Segment Project can provide travel time savings of 25% to 50% when compared to existing surface modes (auto, bus and rail). There is no comparable service to the South Segment Project for intercity travel in the existing market.
- **Established Willingness to Pay** – The fares used in this study are backed up by two primary research efforts – a stated preference survey and a pricing research study commissioned by the project sponsor – which confirmed willingness to pay for the South Segment Project service at the price points utilized. Fares are highly competitive with existing modes of travel when time, tolls, and travel costs are considered and are comparable to other successful rail services in the U.S.
- **Long-Standing Interest** – Given the profile of the travel market and the central location of the rail line, there has been interest among stakeholders and the public in developing passenger service on the Florida East Coast corridor for decades.

Estimated Ridership

For the purpose of this report, LB prepared estimates for annual ridership and farebox revenue for the South Florida market of the South Segment Project service, which is comprised of three intercity trips: Miami – Fort Lauderdale, Miami-West Palm Beach, and Fort Lauderdale – West Palm Beach. This forecast accounts for all elements important to future ridership potential including targeted market segments and induced ridership. Table I-1 summarizes ridership and revenue for 2020, the first year after stabilized ridership is achieved.

South Segment Project Ridership and Revenue Forecast, 2020 (2016 \$)

Ridership	2,936,800
Fare Revenue	\$96,046,300

Ridership and revenue for the initial years of the South Segment Project is expected to start at relatively low levels and grow to a stabilized volume by 2020. The low levels represent the time it takes for ridership to build up to long-term forecast levels as travelers become acquainted with the new rail service and adjust their trip-making habits. During 2017, management has made substantial investment in marketing, pre-launch ticket sales, and corporate block sales prior to the anticipated commencement of revenue service in the fourth quarter. LB assumed, therefore, ridership volumes for 2017 are 5% of forecasted volumes (reflecting a 30% discount prorated to partial year of operation), 40% of forecasted volumes in 2018, and 80% forecasted volumes in 2019. The forecasts include the assumption that the passenger rail revenue service will not be fully operational until the middle of fourth quarter of 2017.

Ridership and revenue is summarized in the two figures below. The values for 2018 and 2019 account for ramp-up reductions.

Estimated Market Share

The forecast indicates that after the initial ramp up period, the South Segment Project will serve approximately 0.74% of the overall market for South Florida.

History and Current Operations of Florida East Coast Industries, LLC

The Company is an indirect wholly-owned subsidiary of FECI, a diversified transportation, infrastructure and commercial real estate company and one of Florida's oldest and largest businesses. FECI has a rich history, dating back over a century when its founder, Henry Flagler, first built the Florida East Coast Railway to move passengers and freight throughout the State of Florida's entire east coast. At the time, Florida was almost entirely undeveloped and had a total population of fewer than 400,000 people, approximately two percent of what it is today. Through the construction of the railroad, Flagler catalyzed extensive development along Florida's east coast, transforming Southeast Florida ultimately in to one of the largest urbanized areas in the United States as well as a popular destination for tourists. Over time, large communities—including Miami, Fort Lauderdale and West Palm Beach—developed around the railroad, and today approximately 50% of the State's population lives along our rail corridor. Today, FECI, together with its subsidiaries, owns substantial assets in key markets along Florida's east coast including a large and valuable portfolio of real estate assets (including buildings and land) as well as other businesses. Within Florida, FECI's subsidiaries have owned, built and managed over 29 million square feet of real

such amount so received in error to the Collateral Agent to be applied in accordance with the terms of the Collateral Agency Agreement.

ESTIMATED SOURCES AND USES OF FUNDS

Total costs of the South Segment Project borne by the Company are currently estimated to be approximately \$_____ billion and include (a) construction costs for new rail infrastructure, maintenance and running repair facilities, including maintenance mobilization and station facilities; (b) funding of capitalized interest and debt service reserves; (c) paying certain costs of issuing the Series 2017 Bonds and redemption in full of the principal and the premium plus accrued and unpaid interest, on AAF Holdings LLC (d/b/a Brightline Holdings LLC)'s currently outstanding senior secured PIK toggle notes referred to below; and (d) funding cash reserves for Project contingencies and pre-opening costs. Proceeds of the Series 2017 Bonds will only be expended to finance or refinance those portions of the South Segment Project located within the jurisdictional limits of the Series 2017 Counties, and the presentation of the South Segment Project sources and uses below is detailed to illustrate that fact.

The Company expects to fund such costs of the South Segment Project through a combination of (i) approximately \$_____ million in proceeds from the issuance of the Series 2017 Bonds, (ii) approximately [\$_____ million in public contributions from Tri-Rail and (iii) approximately \$_____ million in corridor and station land and approximately \$_____ million in cash equity, in each case contributed, or to be contributed, to the Company by FECI].

Company has acquired rolling stock for use in the South Segment Project for approximately \$_____ million, which was initially seller financed. Such seller financing was repaid in _____, 2017 with _____.]

The Company has invested approximately \$1.8 billion in the development and construction of the South Segment Project. This amount includes approximately \$700 million in corridor and station land, \$595 million in rail infrastructure, \$260 million in new rolling stock assets, and \$250 million in stations. Amounts were funded by a combination of cash and assets from FECI and third party debt and vendor financing. At the Closing, FECI will contribute, directly or indirectly, \$_____ in cash to the South Segment Project. This amount will be used for _____.

PROJECTED DEBT SERVICE COVERAGE

The Company has prepared the financial projections set forth below. The projections are based on certain assumptions and expectations currently held by the Company, several of which are set forth below and in the Ridership and Revenue Study and which the Company believes are reasonable. A number of important factors affecting the Company's projections could cause actual results to differ materially from those stated in the projections, including those set out under the captions "FORWARD-LOOKING STATEMENTS" and "RISK FACTORS" in this Limited Offering Memorandum.

The Projected Debt Service Coverage for the Project is based on a number of estimates and assumptions that, while presented with numerical specificity and considered reasonable by the Company, are inherently subject to significant business, economic, competitive, regulatory and other uncertainties and contingencies, all of which are difficult to predict and many of which are beyond the Company's control, and on estimates and assumptions with respect to future business decisions that are subject to change. The assumptions disclosed herein are those that the Company believes are significant to the Projected Debt Service Coverage for the Project and reflect its judgment as of the date hereof.

The following table outlines the projected cash flows and Projected Debt Service Coverage Ratios for the Project. Using the projected revenues and expenses, the resulting debt service coverage ranges from _____x in [2018] (including Ramp-up Reserve) to _____x in 20___. All amounts are in millions except for total passenger and ratio amounts.

THE ISSUER

General

The Issuer is a public body corporate and politic of the State of Florida created pursuant to the Florida Development Finance Corporation Act of 1993 (Chapter 288, Part X, Florida Statutes) (the "Issuer Act"). The Issuer Act provides that the Issuer may, among other things, issue revenue bonds and loan the proceeds to approved applicants to finance and refinance projects relating to the economic development of the State of Florida, provided that the Issuer has entered into an interlocal agreement with a local government agency having jurisdiction over the location of the South Segment Project. The powers of the Issuer are vested in a board of directors appointed by the Governor of the State of Florida, subject to confirmation by the Florida Senate. The Issuer Act provides that the board of directors shall have a total of five directors, that at least three of the directors shall be bankers, and that one Director shall be an economic development specialist. The Issuer Act further provides that a majority of the directors constitutes a quorum for the purposes of conducting business and exercising the powers of the corporation and for all other purposes.

The Series 2017 Bonds will be special, limited obligations of the Issuer as described in the section captioned "SECURITY AND SOURCES OF REPAYMENT FOR THE SERIES 2017 BONDS."

The Issuer has not participated in the preparation of this Limited Offering Memorandum and makes no representation with respect to the accuracy or completeness of any of the material contained in this Limited Offering Memorandum other than in this section entitled "THE ISSUER." The Issuer is not responsible for providing any purchaser of the Series 2017 Bonds with any information relating to the Series 2017 Bonds or any of the parties or transactions referred to in this Limited Offering Memorandum or for the accuracy or completeness of any such information obtained by any purchaser.

Larson Consulting Services, LLC, Orlando, Florida, is serving as financial advisor to the Issuer in connection with the issuance of the Series 2017 Bonds.

Disclosure Required by Section 517.051, Florida Statutes

Section 517.051, Florida Statutes, as amended, provides for the exemption from registration of certain governmental securities, provided that if an issuer or guarantor of governmental securities has been in default at any time after December 31, 1975 as to principal and interest on any obligation, its securities may not be offered or sold in Florida pursuant to the exemption except by means of an offering circular containing full and fair disclosure, as prescribed by the rules of the Florida Department of Banking and Finance (the "Department"), Rule 69W-400.003, Rules for Government Securities, promulgated by the Financial Services Commission ("Rule 69W-400.03"), requires the Issuer to disclose each and every default as to the payment of principal and interest with respect to an obligation issued by the Issuer after December 31, 1975. Rule 69W-400.03 further provides, however, that if the Issuer in good faith believes that such disclosures would not be considered material by a reasonable investor, such disclosures may be omitted.

The Issuer, in the case of the Series 2017 Bonds, is merely a conduit for payment, in that the Series 2017 Bonds do not constitute a general debt, liability or obligation of the Issuer, but are instead secured by and payable solely from payments of the Company under the Senior Loan Agreement and by other security discussed herein. The Series 2017 Bonds are not being offered on the basis of the financial strength or condition of the Issuer. The Issuer believes, therefore, that disclosure of any default related to a financing not involving the Company would not be material to a reasonable investor. Accordingly, the Issuer has not taken affirmative steps to contact any trustee of any other conduit bond issue of the Issuer not involving the Company to determine the existence of prior defaults. The Issuer has not been a party to any other financing involving the Company or, to the Issuer's knowledge, any person or entity related to the Company.

RISK FACTORS

A purchase of the Series 2017 Bonds involves significant risks. Some of these risks are described below. You should carefully consider these risks, as well as other information contained in this Limited Offering Memorandum before deciding to purchase any of the Series 2017 Bonds. Any of the following risks could materially adversely affect the Company's business, financial condition or the completion or operation of the Project. In addition, there may be risks and uncertainties not currently known to the Company or that the Company currently regards as immaterial based on the information available to the Company that later prove to be material. These risks may adversely affect the Company's business, financial condition or the completion or operation of the Project. In any such case, you may lose all or part of your investment in the Series 2017 Bonds.

Risks related to the Company's business

The Company currently has no revenues or cash flows and has never constructed or managed a passenger railroad. There can be no guarantee that the Company will achieve profitability and generate positive operating cash flows in the future.

The Company has never independently constructed or managed a passenger railroad. The Company will be subject to all the risks inherent in the establishment of a passenger railroad. In addition, the Company will continue to incur significant capital and operating expenditures while the Company develops and constructs its passenger rail system and the related facilities for the North Segment Project. The Company does not currently expect to receive any significant cash flows from operations until the first quarter of 2018. In addition, the Company's current projections of future revenues are based on numerous assumptions that may prove to be inaccurate. The Company's future liquidity may also be affected by the timing of construction financing availability in relation to the incurrence of construction costs and other outflows and by the timing of receipt of cash flows in relation to the incurrence of project and operating expenses. Moreover, many factors (including factors beyond the Company's control) could result in a disparity between liquidity sources and cash needs, including factors such as breaches of agreements. In addition, if the Company's actual capital or operating costs are higher than anticipated, or the Company's revenues are lower than currently anticipated, the profitability of the Company's operations will be harmed, which could adversely affect the Company's ability to satisfy its obligations under the Senior Loan Agreement, and thereby adversely impact the payment of debt service on the Series 2017 Bonds.

If the Company is not successful with the Project, the Company may not have other means of deriving revenue to satisfy the Company's obligations under the Senior Loan Agreement, thereby adversely impacting payments of debt services on the Series 2017 Bonds.

The Project is the only business activity that the Company intends to undertake and will be the Company's principal means of generating revenue. Virtually all of the Company's assets and resources will be employed in the development and operation of the Project. If the South Segment Project is not operational in the manner anticipated or the North Segment Project is not completed or operational on the schedule and in the manner anticipated, the Company may be unable to make payments under the Senior Loan Agreement for the payment of principal, premium, if any, and interest on the Series 2017 Bonds when due.

The Company may not be successful in implementing its proposed business strategy.

The South Segment Project is subject to the operating risks described herein, including, but not limited to, the Company's ability to attract passengers, pre-sell tickets through a wholesale channel or generate revenues from ancillary sources. Accordingly, there are many risks associated with the South Segment Project, and if the Company is not successful in implementing the Company's business strategy, the Company may not be able to generate cash flows, which could have a material adverse impact on the Company's business, contracts, financial condition, operating results, liquidity and prospects and thereby adversely impact the Company's ability to pay debt service on the Series 2017 Bonds.

Investors' ability to evaluate the Company's prospects will be limited because the Company does not have any operating history.

The Company's lack of operating history may limit the ability of investors to evaluate the Company's prospects because of:

- lack of historical financial data;
- unproven potential to generate profits; and
- limited experience as a new company in addressing issues that may affect the Company's ability to manage the construction, operation or maintenance of a passenger rail service.

If the Company is unable to use budgeted contingencies, or if such contingencies are not sufficient to cover any unexpected expenses, the Company may not have access to the funds required to pay the unexpected expenses. The Company's inability to pay operational costs as they are incurred could negatively affect the South Segment Project.

Adverse macroeconomic and business conditions could have an adverse impact on the Company's business.

Given the localized nature of the South Segment Project and the services the Company intends to provide, the Project's ridership will generally be affected by overall economic conditions in Florida and the Southeastern United States. The Company's ridership will be dependent on the employment and disposable income of the South Segment Project's passengers. The condition of international economies, including the Caribbean, South America, Europe and Asian economies, may also affect the Company's revenues, as it may lead to a decreased number of tourists in Florida from these regions. Adverse economic conditions could also affect the Company's costs for insurance and the Company's ability to acquire and maintain adequate insurance coverage for risks associated with the passenger rail line business if insurance companies experience credit downgrades or bankruptcies.

Furthermore, the South Segment Project will compete directly with other modes of transportation, including cars, buses, other passenger rail services, and air travel. If these alternative methods of transportation become more cost-effective or attractive to the Company's customers due to macroeconomic or legislative changes, the Company's operating results, financial condition and liquidity could be materially adversely affected.

A deterioration of macroeconomic, business and financial conditions, particularly in Florida and the Southeastern United States, could have a material adverse effect on the Company's operating results, financial condition and liquidity and thereby adversely affect the Company's ability to pay debt service on the Series 2017 Bonds.

Rising fuel costs could materially adversely affect the Company's business.

Fuel prices and supplies are influenced significantly by international, political and economic circumstances. If fuel supply shortages or unusual price volatility were to arise for any reason, the resulting higher fuel prices would significantly increase the Company's operating costs. Increases in fuel price may only be passed along to the Company's customers through increased ticket prices, which is often with delayed effect. In addition, the Company may elect not to pass along such increases because they could result in a decrease in ridership. Moreover, there are no assurances that these increases would cover the entire fuel price increase for a given period, or that competitive market conditions will effectively allow the Company to pass along this cost. If so, the Company may not be able to generate cash flows, which could have a material adverse impact on the Company's business, contracts, financial condition, operating results, liquidity and prospects and thereby adversely impact the Company's ability to pay debt service on the Series 2017 Bonds.

66

1511236.06-NYCSR03A - MSW

Laws and regulations governing operation of the South Segment Project may be subject to differing interpretations and may be amended from time to time. The Company may not be able to comply with all such interpretations and such newly-adopted laws and regulations in the future. Any failure by the Company to comply may increase the cost to, or delay the Company's ability to operate the South Segment Project.

The Company is subject to governmental regulations relating to the South Segment Project, which could impose significant costs on the South Segment Project and could impede operation of the South Segment Project, which would have a material adverse effect on the Company.

The Company is subject to the jurisdiction of various regulatory agencies, including the FRA and other state and federal regulatory agencies for a variety of economic, health, safety, labor, tax, legal and other matters. New rules or regulations by these agencies could increase the Company's operating costs or reduce operating efficiencies. For example, the Rail Safety Improvement Act of 2008 mandated that the installation of an interoperable Positive Train Control system ("PTC") be completed by December 31, 2015 on main lines that carry certain hazardous materials and on lines that have commuter or passenger operations. The Surface Transportation Extension Act of 2015 amended the Rail Safety Improvement Act to require implementation of PTC by the end of 2018, which deadline may be extended to December 31, 2020, provided certain other criteria are satisfied. However, even if either the regulatory requirements or the implementation date are further revised, the rule will continue to impose significant new costs on the Company and the rail industry. Noncompliance with these and other applicable laws or regulations could affect operations, erode public confidence in the Company and can subject the Company to fines, penalties and other legal or regulatory sanctions.

In addition, under the Americans with Disabilities Act ("ADA"), all public accommodations must meet various federal requirements related to access and use by disabled persons. Compliance with the ADA's requirements could require costs to attain compliance including removal of access barriers, and non-compliance could result in the imposition fines or in private litigants winning damages. Although the Company believes that the Project's trains and stations comply with the present requirements of the ADA, the Project may be subject to audits or investigations to determine compliance with the ADA.

Moreover, the Company's properties and operations are subject to federal and state environmental laws and regulations that impose strict, and in certain cases joint and several, liability for such costs, including, among other things, discharge of pollutants into the air, water and soil, the generation, handling, storage, transportation, treatment and disposal of waste and other regulated materials, and the cleanup of contaminated properties and human health and safety. The failure to comply with environmental and other governmental regulations could have a material adverse effect on the Company. The Company could incur significant costs, fines and penalties as a result of any allegations or findings to the effect that the Company has violated or is strictly liable under these laws or regulations. The Company may be required to incur significant expenses to investigate and remediate environmental contamination and these expenses could have an adverse impact on the Company's business, contracts, financial condition, operating results, liquidity and prospects and thereby adversely impact the Company's ability to pay debt service on the Series 2017 Bonds.

Railroad regulations and legislative amendments may impose costs and restrictions that could adversely affect the Company's operations.

[Under current Florida law, the Project is exempt from sales taxes with regard to the purchase of certain materials. The Florida legislature may amend current law, including the Florida Revenue Act and/or the Florida Rail Enterprise Act, in a manner that adversely affects the tax, regulatory, operational or other aspects of the Project and accordingly increases the Company's cost of conducting business or reduces the volume of the Company's business. For example, amendments to Florida Statute 212.08(7)(bbb) (2013) and/or Florida Statute 341.840 (2013) could subject the Project to sales taxes that are now exempt with regard to the purchase of certain materials.

Based on the current decision of the Surface Transportation Board, a federal economic regulatory agency that is charged with resolving railroad rate and service disputes and reviewing proposed railroad mergers, that the Project is not subject to its regulatory jurisdiction under Title 49 of the United States Code, there are no Surface Transportation Board regulatory laws or issues that could impact claims of the Owners of Series 2017 Bonds. However, if the Surface Transportation Board were to assert jurisdiction over the Project in the future, then advance

68

1511236.06-NYCSR03A - MSW

The Company is relying on estimates of third-party consultants regarding the future ridership and revenue of the Company's proposed passenger rail service to build Company's projections, and these estimates may prove to be inaccurate. Actual results could differ from the projections and other estimates contained in this Limited Offering Memorandum.

The projections and other estimates relating to the South Segment Project contained elsewhere in this Limited Offering Memorandum have not been prepared in compliance with the published guidelines of the American Institute of Certified Public Accountants. The Company is relying on third parties, principally Louis Berger U.S., Inc., for the estimates of the future ridership and revenue forecasts of the Company's proposed passenger rail service on which Company's projections are based. Such forecasts are based on several assumptions, which may prove to be inaccurate. These estimates and assumptions are inherently subject to significant uncertainties, the degree of which increases with each successive period presented. Experience from actual operation of the railroad and construction of the South Segment Project may identify new or unexpected conditions that could reduce production below, or increase capital or operating costs above, current estimates for the South Segment Project. Any significant negative discrepancy between actual ridership and revenue and the forecasts the Company has used to build the Company's projections and business plan could have a material adverse effect on the Company's profitability, business, contracts, results of operations, financial condition, cash flows, liquidity and prospects and the Company's ability to repay the Series 2017 Bonds. If actual results are less favorable than the projections or the estimates and assumptions contained in the Ridership and Revenue Study, or the Company's estimates of capital and operating costs turn out to be inaccurate, the South Segment Project could be materially adversely affected.

The market data the Company has relied upon may be inaccurate or incomplete and is subject to change, which could change the Company's business plan or financial performance.

The Company has based market data and certain other data provided in this Limited Offering Memorandum with respect to the South Segment Project on information supplied by Louis Berger U.S., Inc. in the Ridership and Revenue Study and other sources that the Company believes are reliable. However, the Company has not independently verified any such information, and it is possible that the market data and information may not be accurate in all material respects. In addition, there is currently no express passenger railroad serving the Miami to West Palm Beach corridor and the revenue and ridership forecasts included in this Limited Offering Memorandum may prove to be inaccurate or incomplete, including as a result of changes in market trends or passenger preferences. Accordingly, you should not place undue reliance on such data when making your investment decision. The number of riders on the railroad and the costs of operating the railroad are subject to continual change. For these and other reasons discussed in this Limited Offering Memorandum, the Company's estimates of the South Segment Project's future revenues, cost and performance could prove to be inaccurate and such inaccuracy could adversely impact the Company's ability to pay debt service on the Series 2017 Bonds.

The Company may not be able to maintain the required permits, consents, approvals, licenses, entitlements and other authorizations for certain components of the operation of the South Segment Project, which could have a material adverse effect on the Company.

In particular, the Company will be required to maintain certain approvals for the operation of the South Segment Project. The authorizations obtained to date from federal and state regulatory agencies contain ongoing conditions to be fulfilled and allow for additional approval and permit requirements to be imposed. The Company has no control over the outcome of these permit processes and the Company does not know whether or when any such approvals or permits can be obtained, or whether or not any existing or potential interventions or other actions by third parties will interfere with the Company's ability to obtain and maintain such permits or approvals. There is no assurance that the Company will maintain the needed governmental permits, approvals and authorizations and failure to maintain any of these permits, approvals or authorizations could have a material adverse effect on the Company's business, financial condition, operating results, cash flows, liquidity and prospects. If the Company does not maintain these approvals, licenses, permits, entitlements, consents or other authorizations in a timely manner or on favorable terms and conditions or at all, the Company's ability to operate the South Segment Project may be materially adversely affected, thereby materially impairing the Company's ability to satisfy its obligations under the Series 2017 Bonds.

67

1511236.06-NYCSR03A - MSW

approval or exemption would be required before the property could be liquidated. The proceeding before the Surface Transportation Board would be subject to public comment and an independent analysis by the Surface Transportation Board of the viability of the railroad. The Surface Transportation Board could also require the property to be kept in service after authorizing abandonment if a third party offered a subsidy to make the Company whole during such subsidy period. The Surface Transportation Board also has the power to order the sale of the property of a regulated carrier to a financially responsible third party for the net liquidation value, which consists of the current value of the track and materials less the cost of removal and transportation, plus the across-the-fence value of real estate owned in fee simple, less the usual and customary costs of the sale of real estate.

In addition, if the Surface Transportation Board were to assert jurisdiction over the Project in the future, then advance approval or exemption might be required for the passenger railroad operations and/or the construction and operation of the Project. Because of the projected number of trains to be operated daily by the Company, the Surface Transportation Board might also require an environmental review separate or different from that review currently being conducted by the FRA. That review could be either an environmental assessment or environmental impact statement for the new passenger operations, and would most likely be an environmental impact statement with respect to any new construction. The environmental review process could take up to three years and might result in conditions ranging from pro forma to onerous, including a requirement that the Company construct one or more grade separations along the line at a potentially significant cost. While not likely, there is also a risk of denial or conditions so costly that the Project does not proceed at all. The Surface Transportation Board would also have the power to regulate fares and service while the Project is operating.]

Severe weather, including hurricanes, and natural disasters could disrupt normal business operations, which could result in increased costs and liabilities and decreases in revenues.

The Company's operating assets are located on Florida's eastern seaboard, which has experienced severe weather periodically in the past and may continue to experience severe weather in the future. Severe weather conditions and other natural phenomena, including hurricanes and other severe storms, fires and floods, may cause significant damage, destruction and business interruptions and result in increased costs, increased liabilities and decreased revenue. For example, in September 2017, Hurricane Irma caused significant damage and disrupted normal business operations in Florida, including [To come.]. The occurrence of a major natural disaster could have a material adverse effect on the Company's business, financial condition, operating results, cash flows, liquidity and prospects and thereby adversely affecting the ability of the Company to pay debt service on the Series 2017 Bonds.

The Company faces possible catastrophic loss and liability and the Company's insurance may not be sufficient to cover the Company's damages or liability to others.

The operation of any railroad carries with it an inherent risk of catastrophe, mechanical failure, collision and property loss. In the course of the construction and operation of the Company's passenger rail service, spills or other environmental mishaps, cargo loss or damage, as well as labor disputes or strikes and adverse weather conditions, could result in a loss of revenues or increased liabilities and costs. Collisions, derailments, leaks, explosions, environmental mishaps, or other accidents can cause serious bodily injury, death and extensive property damage, particularly when such accidents occur in heavily populated areas. The Company intends to maintain insurance or otherwise insure against hazards in a manner that is consistent with industry practice against the accident-related risks involved in the conduct of the Company's business and business interruption due to natural disaster. In addition, due to the location of the Company's assets on Florida's eastern seaboard, the Company also intends to maintain windstorm coverage. However, the Company expects that this insurance will be subject to a number of limitations on coverage and substantial deductibles or self-insured retentions, depending on the nature of the risk insured against. This insurance may not be sufficient to cover the Company's damages or damages to others and this insurance may not continue to be available at commercially reasonable rates. In particular, the market for windstorm coverage remains very limited and costly. It is unknown how much windstorm coverage the Company will purchase in the future and it is possible that the Company's property will experience windstorm damage and utility service interruption in excess of insurance limits. In addition, the Company is subject to the risk that one or more of the Company's insurers may become insolvent and would be unable to pay a claim that may be made in the future. Even with insurance, if any catastrophic interruption of service occurs, the Company may not be able to restore service without a significant interruption to operations which could have an adverse effect on the Company's

69

1511236.06-NYCSR03A - MSW

financial condition. For additional information regarding the Company's insurance program, please see "PROJECT PARTICIPANTS AND THIRD PARTY AGREEMENTS—Insurance" herein.

In addition, certain losses may be either uninsurable or not economically insurable, in whole or in part. Insurance proceeds may not compensate the Company fully for the Company's losses. If there is a complete or partial loss of any of the Collateral securing the Series 2017 Bonds, the insurance proceeds may not be sufficient to satisfy all of the secured obligations, including the Series 2017 Bonds and the guarantees thereof. In the event of a total or partial loss to any of the mortgaged facilities, certain items of equipment may not be easily replaced.

There are no assurances that Company's operations will extend beyond the South Segment Project.

There are no assurances that the North Segment Project will commence operations in 2020, or at all. The Company may face difficulties in obtaining or maintaining certain land rights or obtaining or maintaining required permits, consents, approvals, licenses, entitlements and other authorizations from governmental agencies and third parties. Additionally, the completion of the North Segment Project is dependent on the Company's ability to raise funds through various potential sources, including debt financing. These factors, among others, could affect the timing of the Company's ability to complete construction of the North Segment Project at all.

Delays in the completion of, or the failure to complete, the remainder of the Project may prevent the Company from commencing operations when anticipated, which could cause a delay in the Company's receipt of revenues and have a material adverse effect on its business, financial condition, operating results, cash flows, liquidity and prospects.

The Company is dependent on third-party suppliers for the success of the South Segment Project.

The Company may face increased prices or significant shortages of locomotive and rail supplies, since the Company is dependent on certain key suppliers of locomotives and rail who are in short supply. The capital-intensive nature, as well as the industry-specific requirements of the rail industry, limits the number of suppliers of core railroad items, such as locomotives and rolling stock equipment. If any of the current manufacturers stops production or experiences a supply shortage, the Company could experience a significant cost increase or material shortage. [For example, new regulations enacted by the Federal Railroad Administration ("FRA") pursuant to the Passenger Rail Investment and Improvement Act of 2008 relating to advanced safety requirements for passenger rail cars, as well as the Environmental Protection Agency Tier 4 requirements for reduced locomotive engine emissions, may cause a delay in the Project's rolling stock manufacturer's ability to produce and deliver compliant rolling stock.]

Any changes in the competitive landscapes of these limited supplier markets could also result in increased prices or significant shortages of materials. Additionally, the Company competes with other industries for available capacity and raw materials used in the production of locomotives and certain track and rolling stock materials.

Adverse developments in international relations, new trade regulations, disruptions in international shipping or increases in global demand could make procurement of supplies more difficult or increase the Company's operating costs. Any delay in the receipt of key equipment may impede the Company's ability to operate South Segment Project in a timely and cost-efficient manner, which could have a material adverse effect on the Company's business, financial condition, operating results, cash flows, liquidity and prospects and thereby adversely impact its ability to pay debt service on the Series 2017 Bonds.

Shared use of the Company's corridor with freight operations could have an adverse effect on the Company's ability to utilize the Company's railway efficiently, which could impact the Company's operations and financial condition.

FECR owns the fee simple title in the existing rail right-of-way along Florida's east coast from Miami to Jacksonville and owns the existing railroad infrastructure within the Company's corridor. The Company owns the permanent, perpetual and exclusive rights, privileges and easement over and across all of the real property within FECR's main line right-of-way located in Florida for passenger rail purposes. If FECR's freight operations grow

may divert management's attention away from the operation of the Company's passenger rail line, any one of which could materially and adversely affect the Company's business. In addition, any events which impact the rail or travel industry more generally may negatively impact guests' ability or desire to travel on the Company's passenger rail line, or interrupt the Company's ability to obtain services and goods from key vendors in the Company's supply chain. Any of the foregoing could have an adverse impact on the Company's results of operations and on future industry performance.

Maintaining a good reputation is critical to the Company's business. Reports and media coverage of rail incidents, including improper conduct by the Company's employees, passengers or agents, crimes, security breaches, terrorist threats and attacks, derailments and other adverse events can result in negative publicity, which could lead to a negative perception regarding the safety of the Company's passenger rail line and the satisfaction of the Company's passengers. Anything that damages the Company's reputation, whether or not justified, could have an adverse impact on demand, which could lead to a reduction in the Company's sales and profitability.

The Company may incur liability under environmental laws relating to the development of the Project.

The Company's assets, the development of the Project and operations are subject to a variety of federal, state and local environmental, health and safety rules and regulations. Noncompliance with these rules and regulations could result in significant fines or penalties, delays in completing the Project or additional costs, including liability for investigation, remediation or mitigation costs or any related claims alleging personal injury, property or natural resource damages.

At any time, the Company may be responsible for remediation costs or other liabilities (including liability for contamination at third-party contaminated sites where the Company has sent waste for treatment or disposal) as a result of the use, presence, release or disposal of regulated substances at or from these sites. Liability may be imposed without regard to whether the Company knew of, or caused, the contamination and, in some cases, liability may be joint or several. The Company may also face additional costs, liabilities or delays as a result of any proposed or actual impact or damages to any protected species or habitats.

While the Company currently does not anticipate that any known environmental liability or obligation will cause the Company to incur material costs outside of the current development budget for the Project or result in material delays, undiscovered contamination, changes in law or governmental enforcement or oversight, unforeseen environmental liabilities or any environmental claims or challenges by interested parties may result in additional, unexpected costs or could cause significant delays in the completion of the Project or prevent the Company from completing the Project at all.

Future acts of terrorism or war, as well as the threat of war, may cause significant disruptions in the Company's business operations.

Terrorist attacks, such as those that occurred on September 11, 2001, as well as the more recent attacks on the transportation systems in Madrid and London, and government response to those types of attacks and war or risk of war may adversely affect the Company's results of operations, financial condition or liquidity. The Project could be direct targets or indirect casualties of an act or acts of terror. Such acts could cause significant business interruption and result in increased costs and liabilities and decreased revenues, which could have an adverse effect on the Company's operating results and financial condition. Any act of terror, retaliatory strike, sustained military campaign or war or risk of war may have an adverse effect on the Company's operating results and financial condition by causing or resulting in unpredictable operating or financial conditions, including disruptions of rail lines, volatility or sustained increase of fuel prices, fuel shortages, general economic decline and instability or weakness of financial markets which could restrict the Company's ability to raise capital. In addition, insurance premiums charged for some or all of the Company's coverage could increase dramatically or certain coverage may not be available to the Company in the future. Any such terrorist attack, whether or not insured, could materially and adversely affect the Company's business, contracts, financial condition, operating results, cash flows, liquidity and prospects and thereby adversely impact the Company's ability to pay debt service on the Series 2017 Bonds.

faster than anticipated, the Company's ability to grow the Company's service could be impacted and the Company's level of on-time performance and the reliability of the Company's passenger service could be affected as a result of the Company's shared use of the corridor. The Company may also incur additional liability, casualty and property risks as a result of shared use of the corridor with freight railroad operations and, in the event that FECR is unable to pay any maintenance or repair costs, the Company may be required to pay such costs to maintain its services, which could adversely affect the Company's operations and financial condition.

Shared use of the Company's corridor with Tri-Rail could have an adverse effect on the Company's ability to utilize the Company's railway efficiently, which could impact the Company's operations and financial condition.

The Company is [currently planning to construct/ has constructed] incremental infrastructure at its Miami station that will allow the South Florida Regional Transportation Authority (SFRTA) to provide commuter rail service. The Company estimates the cost for this additional construction to be approximately \$ _____ million. The Company [will enter/has entered] into a loan agreement with SFRTA that will obligate the public agency to reimburse the incremental infrastructure costs over a fixed period of time. The Company's ability to receive the full reimbursement is contingent on SFRTA receiving funds from several other local and state public agencies. SFRTA is negotiating agreements with these relevant local and state agencies, but each agency will have to appropriate the funds annually according to a funding schedule. There is a risk that a public agency's revenues will not provide coverage for its funding commitments in a future fiscal year.

The Company may experience increased labor costs and the unavailability of skilled workers or the Company's failure to attract and retain key personnel could adversely affect us.

The Company is dependent upon the available labor pool of skilled employees. The Company competes with other infrastructure and transportation companies and other employers for qualified personnel with the technical skills and experience required to construct and operate a passenger rail line and to provide the Company's customers with the highest quality service. The Company is also subject to the Fair Labor Standards Act, which governs such matters as minimum wage, overtime and other working conditions. A shortage in the labor pool of skilled workers or other general inflationary pressures or changes in applicable laws and regulations could make it more difficult for the Company to attract and retain personnel and could require an increase in the wage and benefits packages that the Company offers, thereby increasing the Company's operating costs. In addition, the rail industry in general is heavily unionized, which could increase the Company's labor costs substantially. Any increase in the Company's labor costs could materially and adversely affect the Company's business, contracts, financial condition, operating results, cash flows, liquidity and prospects and thereby adversely impact the Company's ability to pay debt service on the Series 2017 Bonds.

If the Company is unable to retain the services of key managers, the Company's business might be harmed.

The Company's development to date has depended, and in the future will continue to depend, on the efforts of the senior management. Departures by members of senior management could have a negative impact on the Company's business, as the Company may not have access to suitable personnel to replace departing management on a timely basis or at all. The loss of access to a skilled management team could impair the Company's ability to execute the Company's business plan and could therefore have a material adverse effect on the Company's business, results of operations and financial condition.

The Company is at risk of losses and adverse publicity stemming from accidents or service disruptions involving passenger rail travel.

Incidents involving passenger rail travel, and, in particular the Company's passenger rail service, media coverage thereof, as well as adverse media publicity concerning the rail industry in general, could impact demand for the Company's service. If the Company experiences any equipment failures, delays, temporary cancellations of schedules, collisions, derailments, collisions with FECR freight trains or cars, or any deterioration in the performance or quality of any of the Company's services, it could result in personal injuries, damage of goods, customer claims of damages, customer refunds, significant tort liability and loss of goodwill. These problems may also lead to decreases in passengers and revenue, damage to the Company's reputation and unexpected expenses or

If the Company fails to maintain the security of information relating to its passengers, employees, contractors or others, whether as a result of cybersecurity attacks or otherwise, the Company could be exposed to data loss, litigation, government investigations and costly response measures, which could disrupt its operations and harm its reputation.

From time to time, the Company will have access to, collect, maintain or transmit private or confidential information regarding its passengers, employees, contractors and others, as well as its business. Although the Company intends to have procedures in place to safeguard such data and information, cyber-attacks are rapidly evolving and becoming increasingly sophisticated. It is possible that computer hackers and others might compromise the Company's security measures or those that it does business with and obtain the personal information of its passengers, employees, contractors and others or its business information. A security breach of any kind could expose the Company to the risk of data loss, litigation, government investigations and costly response measures, and could disrupt its operations. Any resulting negative publicity could significantly harm the Company's reputation, which could in turn cause it to lose passengers and have an adverse effect on its business and operating results.

The Company's reliance on technology and technology improvements may negatively impact Company.

The Company relies on technology and technology improvements in its business operations. If the Company experiences significant disruption or failure of one or more of our information technology systems, including computer hardware, software, and communications equipment, it could experience a service interruption, a security breach, or other operational difficulties. Additionally, if the Company does not have sufficient capital to acquire new technology or is unable to implement new technology, it may suffer a competitive disadvantage within the rail industry and with companies providing other modes of transportation service.

The Company may be subject to federal, state and local taxes on the Company's income and property and, since the Company has no operating history, the impact of such taxes on the Company is currently unknown.

The Company may be subject to federal, state and local taxes on the Company's income and property, including the Company's real estate assets. However, since the Company has no operating history, the impact of such taxes on the Company is currently unknown. In particular, the Company may be subject to taxes from authorities in various jurisdictions and can give no assurance as to how such authorities will assess taxes on the Company's income and/or properties. Any tax liability could be substantial and would reduce the amount of cash available for making payments on the Series 2017 Bonds, which in turn could have an adverse impact on the value of, and trading prices for, the Series 2017 Bonds.

The Company is not providing all of the information that would be required if this offering were being registered with the Securities and Exchange Commission.

This Limited Offering Memorandum does not include all of the information that would be required if the Company were registering this offering of the Series 2017 Bonds with the Securities and Exchange Commission. Among the information not included is three years of audited financial statements of the Company, unaudited interim financial statements covering historical comparative interim periods of the Company or five years of selected financial information of the Company, and certain information regarding the Company's executive compensation policies and practices. The absence of such information could impair the ability to evaluate making an investment in the Series 2017 Bonds. Further, there is no assurance that the Company's financial information as set forth in this Limited Offering Memorandum will be indicative of its future financial performance or its ability to meet its financial obligations, including repayment of the Series 2017 Bonds.

Risks related to this offering

The Company does not currently have any revenue and may not be able to generate sufficient cash to service the Series 2017 Bonds or the Company's other indebtedness, and may be forced to take other actions to satisfy the Company's obligations under the Company's indebtedness, which may not be successful.

The Company is a relatively newly formed company, formed for the purpose of developing and operating the Project and has limited revenue. The Company will not have any significant revenue until the Project is operational and the Company begins collecting fares from riders. The Company's ability to make scheduled payments on or to refinance the Company's debt obligations depends on the Company's financial condition and operating performance, which will be subject to consummation of the Project, profitability of the Project and prevailing economic and competitive conditions and to certain financial, business and other factors beyond the Company's control as well as the commercial viability of the Project, which will be substantially dependent upon its completion, commissioning and successful operation. There can be no guarantee that the Company will be able to commission or sustain successful operation of the Project, or that the Company will achieve Project completion or commercial viability. The Company may not be able to maintain a level of cash flow from operating activities sufficient to permit the Company to satisfy its obligations under the Senior Loan Agreement and the payment of the principal, premium, if any, and interest on the Series 2017 Bonds or the Company's other indebtedness.

If the Company's cash flows and capital resources are insufficient to fund the Company's debt service obligations, the Company may be forced to reduce or delay investments, capital expenditures or the development of the Company's real estate, or to sell assets, seek additional capital or restructure or refinance the Series 2017 Loan and the Series 2017 Bonds or the Company's other indebtedness. The Company's ability to restructure or refinance its debt will depend on the condition of the capital markets and the Company's financial condition at such time. Any refinancing of the Company's debt could be at higher interest rates and may require the Company to comply with more onerous covenants, which could further restrict the Company's business operations. The terms of the Senior Loan Agreement, the indenture governing the Series 2017 Bonds and existing or future debt instruments may restrict the Company from adopting some of these alternatives. These alternative measures may not be successful and may not permit the Company to meet the Company's scheduled debt service obligations.

The Company may not have access to sufficient funds to remarket the Series 2017 Bonds at the end of the initial Term Rate Period. Under the Indenture, failure to pay the purchase price of the Series 2017 Bonds at the end of the initial Term Rate Period will be a default that could result in the acceleration of the payment of all principal and interest on the Series 2017 Bonds.

The Series 2017 Bonds are subject to mandatory tender at the end of the initial Term Rate Period. The Company expects to fund this mandatory tender with the proceeds of a remarketing of the Series 2017 Bonds. However, there is no assurance that the Company will be successful in its efforts to remarket the Series 2017 Bonds the end of the initial Term Rate Period. In addition, any remarketing of the Series 2017 Bonds will have to be in compliance with all then-applicable federal and state laws and regulations.

The Company will have a substantial amount of indebtedness, which could adversely affect the Company's ability to satisfy its obligations under the Senior Loan Agreement to pay debt service on the Series 2017 Bonds and could impair the Company's financial condition in the future.

On an as adjusted basis, after giving effect to the sale of the Series 2017 Bonds and the intended use of proceeds, as of the closing of the Series 2017 Bonds, the total indebtedness of the Company will be approximately \$_____, consisting of indebtedness represented by the Series 2017 Loan related to the Series 2017 Bonds.

The Company's substantial indebtedness could have important consequences for you, including:

- increasing the Company's vulnerability to adverse economic, industry or competitive developments;
- requiring a substantial portion of cash flow from operations to be dedicated to the payment of principal and interest on the Company's indebtedness;

74

A breach of any of these covenants or covenants contained in future agreements could result in a default under the Senior Loan Agreement or such future agreements. In addition, any debt agreements the Company enters into in the future may further limit the Company's ability to enter into certain types of transactions. Upon the occurrence of an event of default under any of the agreements governing the Company's indebtedness, the lenders and holders of the Series 2017 Bonds could elect to declare all amounts outstanding to be due and payable and exercise other remedies as set forth in the applicable agreements. If any of the Company's indebtedness were to be accelerated, there can be no assurance that the Company's assets would be sufficient to repay this indebtedness in full, which could have a material adverse effect on the Company's ability to continue to operate as a going concern. See "APPENDIX C—FORM SENIOR LOAN AGREEMENT."

The value of the Collateral securing the Series 2017 Bonds may not be sufficient to satisfy the Company's obligations under the Senior Loan Agreement and the Series 2017 Bonds.

No appraisal of the overall value of the Collateral securing the Series 2017 Bonds has been made in connection with this offering, or will be made upon completion of the Project. The fair market value of the Collateral securing the Series 2017 Bonds is subject to fluctuations based on factors that include, among others, general economic conditions and similar factors. The amount to be received upon a sale of the Collateral securing the Series 2017 Bonds would be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral securing the Series 2017 Bonds at such time, the timing and the manner of the sale and the availability of buyers. By its nature, portions of the Collateral securing the Series 2017 Bonds may be illiquid and may have no readily ascertainable market value. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, the Collateral securing the Series 2017 Bonds may not be sold in a timely or orderly manner and the proceeds from any sale or liquidation of the Collateral securing the Series 2017 Bonds may not be sufficient to pay the Company's obligations under the Series 2017 Bonds. Based on the current decision of the Surface Transportation Board that the Project is not subject to the jurisdiction or regulation by the Surface Transportation Board, there are no Surface Transportation Board regulations that would treat the Project differently than any other foreclosure, liquidation, bankruptcy or similar proceeding. If the Surface Transportation Board were to reverse its conclusion and take jurisdiction over the Project, or if the Project were determined to constitute a "railroad" within the meaning of the U.S. federal bankruptcy laws notwithstanding the decision of the Surface Transportation Board that the Project is not subject to its jurisdiction, then the bankruptcy court would have to consider the public interest in continuing passenger service and would be required to refer the request to terminate service to the Surface Transportation Board. No foreclosure could occur prior to action approving the termination of service by the bankruptcy court. The proceeding before the Surface Transportation Board would be subject to public comment and an independent analysis by the Surface Transportation Board of the viability of the railroad.

In addition, the security interest of the Collateral Agent will be subject to practical challenges generally associated with the realization of security interests in the Collateral. For example, the Collateral Agent may need to obtain the consent of third parties and make additional filings. If the Company is unable to obtain these consents or make these filings, the security interests may be invalid and the holders of the Series 2017 Bonds will not be entitled to the Collateral or any recovery with respect thereto. The Company cannot assure that the Collateral Agent will be able to obtain any such consent. The Company also cannot assure that the consents of any third parties will be given when required to facilitate a foreclosure on such assets. Accordingly, the Collateral Agent may not have the ability to foreclose upon those assets and the value of the Collateral may significantly decrease.

To the extent that pre-existing liens, liens permitted under the indenture and other rights, including liens on excluded assets, such as those securing purchase money obligations and capital lease obligations granted to other parties, encumber any of the Collateral securing the Series 2017 Bonds, those parties holding such liens or rights have or may exercise rights and remedies with respect to the Collateral securing the Series 2017 Bonds that could adversely affect the value of the Collateral securing the Series 2017 Bonds and the ability of the Collateral Agent, the Trustee or the holders of the Series 2017 Bonds to realize or foreclose on the Collateral securing the Series 2017 Bonds.

If the proceeds of any sale of the Collateral securing the Series 2017 Bonds are not sufficient to repay all amounts due on the Series 2017 Bonds, the holders of the Series 2017 Bonds (to the extent not repaid from the proceeds of the sale of Collateral securing the Series 2017 Bonds) would have only an unsecured, unsubordinated

- limiting the Company's ability to obtain additional financing for working capital, capital expenditures, debt service requirements and general corporate or other purposes; and
- limiting the Company's flexibility in planning for, or reacting to, changes in its business or the industry in which it operates.

Despite the Company's substantial indebtedness level, the Company and the Company's subsidiaries will still be able to incur significant additional amounts of debt, which could further enhance the risks associated with the Company's substantial indebtedness.

The Company may be able to incur substantial additional indebtedness in the future. Although the Senior Loan Agreement and the indenture governing the Series 2017 Bonds will contain restrictions on the incurrence of additional indebtedness, these restrictions will be subject to a number of significant qualifications and exceptions and, under certain circumstances, the amount of indebtedness that could be incurred in compliance with these restrictions could be substantial. If new debt, including future Additional Parity Bonds or Additional Senior Indebtedness is added to the Company's existing debt levels, the related risks that the Company now faces would increase. Furthermore, any Additional Parity Bonds or Additional Senior Secured Indebtedness will be secured equally and ratably with the Series 2017 Bonds, thereby having the effect of diluting the security interest in the Collateral securing the Series 2017 Bonds. In addition, neither the Senior Loan Agreement nor the indenture governing the Series 2017 Bonds will prevent the Company from incurring obligations that do not constitute indebtedness under the Senior Loan Agreement and the indenture.

The Company's debt agreements will contain restrictions that will limit the Company's activities.

The Senior Loan Agreement will contain various covenants that limit the Company's ability to engage in specified types of transactions. The Senior Loan Agreement will limit the Company's ability to, among other things:

- create liens on certain assets to secure debt;
- pay dividends or make other equity distributions;
- purchase or redeem capital stock;
- make certain investments;
- sell, transfer, lease (including any ground lease) or otherwise dispose of assets;
- consolidate, merge, sell or otherwise dispose of all or substantially all of its assets;
- engage in transactions with affiliates, except on terms and conditions that are substantially similar to those that would be available on an arm's length basis with unaffiliated third parties;
- maintain books and records that are not separate from any other Person;
- commingle its funds or assets with any other Person;
- engage in any business or own any assets other than the Project and activities and assets incidental thereto;
- maintain its assets in such a manner that it will be costly or difficult to segregate, ascertain or identify its individual assets from those of any other Person;
- fail to allocate shared expenses; and
- have any of its obligations guaranteed by an affiliate.

claim against the Company's remaining assets, and there may not be sufficient assets remaining to repay any or all amounts due on the Series 2017 Bonds.

Parties who have provided services or supplies in connection with the construction of the Project may have a lien on the Project senior to the security interests securing the Series 2017 Bonds.

Florida law provides design professionals, contractors, subcontractors and material suppliers with rights to record a lien on the property improved by their services or supplies in order to secure their right to be paid. If these parties are not paid in full, they may seek foreclosure on their liens. In Florida, the priority of certain construction liens related to a particular construction project relate back to the date on which the notice of commencement of the work was first recorded for a project. Accordingly, certain parties providing labor, material or services in connection with the design or construction of the Project who otherwise comply with the applicable requirements of Florida law may have a lien on the Project senior in priority to the security interests securing the Series 2017 Bonds until they are paid in full. The Collateral Agency Agreement requires compliance with procedures intended to ensure the proper payment to parties performing work after the date of this offering. Additionally, as a condition to the disbursement of escrow property, lien releases are required to be obtained from all contractors, subcontractors and suppliers who have provided work, materials and services and have complied with all legal requirements related to obtaining a construction lien. Nevertheless, in the event of a liquidation, proceeds from the sale of Collateral may be used to pay the holders of any construction liens then in existence before holders of the Series 2017 Bonds.

There are certain other categories of property that are also excluded from the Collateral.

Certain categories of assets are excluded from the Collateral securing the Series 2017 Bonds. Excluded Assets include, among other categories, assets in which the grant of a security interest is prohibited by law, and assets in which the Company is contractually obligated not to create a security interest and other Excluded Assets. See "SECURITY AND SOURCES OF REPAYMENT FOR THE SERIES 2017 BONDS." If an event of default occurs and the Series 2017 Bonds are accelerated, the Series 2017 Bonds will rank equally with the holders of other unsubordinated and unsecured indebtedness of the relevant entity with respect to such excluded property.

Rights of holders of the Series 2017 Bonds in the Collateral may be adversely affected by the failure to perfect security interests in the Collateral.

Applicable law requires that a security interest in certain tangible and intangible assets can only be properly perfected and its priority retained through certain actions undertaken by the secured party. The liens in the Collateral may not be perfected with respect to the claims of the Series 2017 Bonds if the Collateral Agent does not take the actions necessary to perfect any of these liens. Specifically, the Company does not expect the Collateral Agent to have completed all the actions necessary to perfect the liens in any real property by the time of completion of this offering, including, without limitation, recording of the mortgages over the real property intended to constitute Collateral for the Series 2017 Bonds. The recording of such mortgages may be subject to delays as a result of illegible legal descriptions or delays at the county recording office. In addition, applicable law requires that certain property and rights acquired after the grant of a general security interest, such as real property, equipment subject to a certificate of title and certain proceeds, can only be perfected at the time such property and rights are acquired and identified. The Company has limited obligations to perfect the security interest of the holders of the Series 2017 Bonds in specified Collateral. There can be no assurance that the trustee or the Collateral Agent will monitor, or that the Company will inform such trustee or Collateral Agent of, the future acquisition of property and rights that constitute Collateral, and that the necessary action will be taken to properly perfect the security interest in such after-acquired Collateral. Neither the trustee nor the Collateral Agent has an obligation to monitor the acquisition of additional property or rights that constitute Collateral or the perfection of any security interest. Such failure may result in the loss of the security interest in the Collateral or the priority of the security interest in favor of the Series 2017 Bonds against third parties.

Lien searches on certain of the real property have not been and will not be conducted.

The Company will not conduct complete lien searches on any portion of the Collateral that constitutes rail lands and other real property, other than (i) on owned real property or air rights underlying the stations located at Miami, West Palm Beach and Fort Lauderdale and (ii) certain limited title reports with respect to certain portions of

77

1511236.06-NYCSR03A - MSW

the Miami to West Palm Beach Passenger Easement. Such lien searches could reveal a prior lien or multiple prior liens on such portion of the Collateral, and such liens may prevent or inhibit the Collateral Agent from foreclosing on the liens on such Collateral securing the Series 2017 Bonds, adversely affect the Company's ability to complete the Project in the manner contemplated herein or impair the value of such Collateral. The Company cannot guarantee that if lien searches were to have been conducted that such lien searches would not reveal any prior liens on such Collateral. Any such prior lien could be significant, could be prior to the liens securing the notes and could have an adverse effect on the ability of the Collateral Agent to realize or foreclose upon such Collateral.

Title insurance policies will only be obtained on the owned real property underlying the stations located at West Palm Beach and Fort Lauderdale and the owned air rights underlying the station located at Miami and will not be obtained for any other real property interests.

Title insurance policies will not be obtained in connection with the mortgages against any of the Company's real property other than owned real property underlying the stations located in Fort Lauderdale and West Palm Beach and the owned air rights underlying the station located in Miami. Accordingly, any mortgages securing such property as to which title insurance is not obtained will not have the benefit of title insurance policies insuring the Company's title to and the first priority of the liens in favor of the Collateral Agent for the benefit of the holders of the Series 2017 Bonds with respect to such real property owned, leased or otherwise held by the Company. There can be no assurance that there does not exist a mechanics' judgment, tax or other lien encumbering such real properties that is senior to the lien (or a portion of the lien) of any such mortgage. The existence of such liens could adversely affect the value of such real property securing the Series 2017 Bonds as well as the ability of the Collateral Agent to realize or foreclose on such real property.

Surveys will not be obtained for any real property other than the owned real property underlying the stations located at West Palm Beach and Fort Lauderdale and the owned air rights underlying the station located at Miami.

Surveys will not be obtained in connection with the mortgages against any of the Company's real property, lease or easements interests other than for owned real property underlying the stations located at Fort Lauderdale and West Palm Beach and the owned air rights underlying the station located at Miami. Accordingly, the mortgages securing such non-surveyed property will not have the benefit of any surveys that would reveal encroachments, adverse possession claims, zoning or other restrictions that exist with respect to such real properties which could adversely affect the value or utility of such property securing the Series 2017 Bonds, as well as the ability of the Collateral Agent to realize or foreclose on such real property.

In addition, there can be no assurance that the legal descriptions attached to the mortgages for such non-surveyed real properties, lease or easements interests (i) accurately describe and encumber the property intended to be mortgaged as security for the Series 2017 Bonds, (ii) include all real property owned, leased or otherwise held by the Company intended to constitute Collateral or (iii) do not include real property not owned, lease or otherwise held by the Company.

The existence or imposition of certain permitted liens could adversely affect the value of the Collateral.

The Collateral securing the Series 2017 Bonds will be subject to liens permitted under the terms of the Senior Loan Agreement and the indenture governing the Series 2017 Bonds, whether arising on or after the date the Series 2017 Bonds are issued. The existence of any permitted liens could adversely affect the value of the Collateral as well as the ability of the Collateral Agent to realize or foreclose on such Collateral. The Collateral that will secure the Series 2017 Bonds may also secure future indebtedness and other obligations of the Issuer to the extent permitted by the indenture and the security documents. Rights of holders of the Series 2017 Bonds to the Collateral would be diluted by any increase in the indebtedness secured by the Collateral.

Remedies available to the Collateral Agent may be limited by state law, practicability and lease provisions.

Several states have laws that prohibit more than one "judicial action" or "one form of action" to enforce a mortgage obligation, and some courts have construed the term "judicial action" broadly. In addition, the Collateral

In the event of the Company's bankruptcy, the ability of the Owners of the Series 2017 Bonds to realize upon the Collateral securing the Series 2017 Bonds will be subject to certain limitations under U.S. federal bankruptcy laws.

The ability of Owners of the Series 2017 Bonds to realize upon the Collateral securing the Series 2017 Bonds will be subject to certain limitations under U.S. federal bankruptcy laws in the event of the Company's bankruptcy.

Under U.S. federal bankruptcy law, secured creditors are prohibited from repossessing their collateral from a debtor in bankruptcy, or from disposing of collateral in the secured creditors' possession, without bankruptcy court approval, which may or may not be given. Moreover, applicable U.S. federal bankruptcy laws generally permit the debtor to continue to use and expend collateral, including cash collateral, and to provide senior liens on the secured creditor's existing collateral to secure indebtedness incurred after the commencement of a bankruptcy case, provided that the secured creditor either consents or is given "adequate protection." "Adequate protection" could include cash payments or the granting of replacement liens on additional collateral and/or super priority claim status, to extent and in such amounts as the presiding court in its discretion determines is necessary to compensate the secured creditor for the risk of any diminution in the value of the collateral as a result of the stay of repossession or disposition of the collateral during the pendency of the bankruptcy case. In view of the broad discretionary powers of a U.S. federal bankruptcy court, the Company cannot predict whether or when the trustee under the indenture for the Series 2017 Bonds could foreclose upon or sell the collateral or whether or to what extent holders of notes would receive "adequate protection" or whether such "adequate protection" would in fact fully compensate them for any delay in payment or loss of value of the collateral during a bankruptcy case.

Moreover, the Collateral Agent and the trustee may need to evaluate the impact of the potential liabilities before determining to foreclose on Collateral consisting of real property because secured creditors that hold a security interest in real property may be held liable under environmental laws for the costs of remediating or preventing the release or threatened releases of hazardous substances at such real property. Consequently, the Collateral Agent may decline to foreclose on such Collateral or exercise remedies available in respect thereof if it does not receive indemnification to its satisfaction from the Owners of the Series 2017 Bonds.

In addition, the Company may be a railroad within the meaning of the U.S. federal bankruptcy laws, in which case certain special provisions of the U.S. federal bankruptcy laws would apply. In particular, the Secretary of Transportation would be required to submit names of potential trustees for the Company as a debtor, and the United States Trustee would be required to choose one of those parties to serve as a trustee for such a case. Moreover, the court would be required to consider the "public interest" in making certain decisions during such a bankruptcy case. Each of these special provisions for railroad bankruptcy cases could adversely affect the ability of the Owners of the Series 2017 Bonds to seek repayment of the Series 2017 Bonds or to realize on the Collateral securing the Series 2017 Bonds in a timely fashion.

Further, if the Company was determined to be a railroad within the meaning of the U.S. bankruptcy laws, section 1168 of the U.S. Bankruptcy Code would likely provide protections to rolling stock equipment lenders that may be unavailable to the Owners of the Series 2017 Bonds. In particular, section 1168 of the U.S. Bankruptcy Code provides that the right of a secured party with a security interest in "equipment" (as defined in section 1168(a)(2) of the Bankruptcy Code), or of a lessor or conditional vendor of such equipment, to take possession of such equipment, and to enforce any of its other rights and remedies to sell, lease or otherwise retain or dispose of such equipment, including railcars, under or in accordance with the terms of a security agreement, lease or conditional sale contract, is not limited or otherwise affected by any other provision of the U.S. bankruptcy laws or by any power of the bankruptcy court, except that such rights shall be subject to the automatic stay of section 362 of the U.S. Bankruptcy Code if (A) before the date that is 60 days after the date of commencement of the case under chapter 11 of the U.S. Bankruptcy Code, the trustee, subject to the approval of the bankruptcy court, agrees to perform all obligations of the debtor under such security agreement, lease or conditional sale contract and (B) any default (other than a default that is a breach of a provision relating to the financial condition, bankruptcy, insolvency or reorganization of the debtor) under such security agreement, lease or conditional sale contract (x) is cured before the expiration of such 60-day period in the case of a default that occurs before the date of commencement of the case, (y) is cured before the later of the date that is 30 days after the date of such default or the expiration of such 60-day period in the case of a default that occurs after the date of the commencement of the case and before the expiration of such 60-day period,

Agent may be required to foreclose first on real property located in states where such "one action" rules apply (and where non-judicial foreclosure is permitted) before foreclosing on properties located in states where judicial foreclosure is the only permitted method of foreclosure. As a result of the foregoing considerations, among others, the ability of the Collateral Agent to realize upon the mortgages may be limited by the application of state laws.

In addition, the fact that the corridor and the real properties cover numerous counties may render mortgage foreclosure impracticable. The Collateral Agent may elect to forego foreclosure on the individual real properties and foreclose on the equity interests of the Company instead. A foreclosure on the equity interests of the Company could violate provisions of certain leases, easements, rights of way and other contractual arrangements entered into by such entities that contain certain change of control provisions and could result in early termination of such arrangements.

In addition, a foreclosure of the equity of the Company, rather than of the liens of the mortgages, will leave in place any junior liens that may have been recorded subsequent to the recording of the mortgages.

The Company does not own all of the property on which the Project is located. Certain of such real property constituting Collateral for the Series 2017 Bonds is held pursuant to leases, easement agreements and other use arrangements. There is a risk that such leases, easement agreements and other use arrangements may terminate and no longer constitute Collateral for the Series 2017 Bonds.

The track for the passenger railway was constructed on owned land and land not owned by the Company that is held pursuant to leases, easement agreements and other use arrangements. Debt secured by a lien on an easement interest, lease or other use arrangement is subject to risks not associated with debt secured by a mortgage lien on a fee interest in real estate. The most significant of these risks is that such interest could be terminated before the debt secured by the mortgage is paid in full. In addition, if a mortgage on the third party's fee interest in the property is recorded prior to the recordation of a memorandum of the Company's interest, as easement holder, tenant or other right holder (or if the easement, lease, or other use arrangement, by its terms, is subordinate to the fee holder's mortgage), the holder of such fee mortgage could, in the event of the foreclosure of such fee mortgage, elect to terminate the applicable easement, lease or other use arrangement, and, thereby, the mortgage lien on such easement, lease or other use arrangement constituting Collateral would terminate and no longer constitute Collateral for the Series 2017 Bonds. In addition, the Company's development of the Project and release of proceeds from the escrow accounts requires modification to such agreements and failure to obtain such modifications could lead to delays in the completion of the Project and impact the Company's ability to complete the Project at all.

Some of the leases, easements agreements and other use arrangements require satisfaction of certain conditions, including certain consents of the landlord or other grantor. Until such time as such items are delivered, if at all, to the extent that the requisite consents of any landlords or other grantors are obtained, a substantial portion of that part of the collateral package consisting of the Company's real property interests will not constitute Collateral securing the Series 2017 Bonds. Further, to the extent the landlord of any lease or other grantor shall fail or refuse to grant such consent after the Company has used commercially reasonable efforts to obtain such consent, the leasehold interest or joint venture interest in the applicable real property shall not constitute Collateral securing the Series 2017 Bonds.

With respect to some of the Collateral, the Collateral Agent's security interest and ability to foreclose will also be limited by the need to meet certain requirements, such as obtaining third-party consents and making additional filings. If the Company is unable to obtain these consents or make these filings, the security interests may be invalid and the holders of the Series 2017 Bonds will not be entitled to the Collateral or any recovery with respect thereto. The Company cannot assure you that any such required consents can be obtained on a timely basis or at all. These requirements may limit the number of potential bidders for certain Collateral in any foreclosure and may delay any sale, either of which events may have an adverse effect on the sale price of the Collateral. Therefore, the practical value of realizing on the Collateral may, without the appropriate consents and filings be limited.

or (z) is cured in compliance with the terms of the security agreement, lease or conditional sale agreement in the case of a default that occurs on or after the expiration of such 60-day period. "Equipment" is defined in Section 1168(a)(2) of the U.S. Bankruptcy Code, in part, as "rolling stock equipment or accessories used on rolling stock equipment, including superstructures or racks, that is subject to a security interest granted by, leased to, or conditionally sold to a debtor...."

Accordingly, in the event of the Company's bankruptcy and if the Company were determined to be a railroad within the meaning of the U.S. bankruptcy laws, rolling stock equipment lenders may be entitled to, among other things, repossess railcars and other equipment (within the meaning of section 1168(a)(2) of the Bankruptcy Code) in accordance with section 1168, which could potentially impair the Company's ability to continue to operate in bankruptcy and adversely affect the value of the Collateral securing the Series 2017 Bonds.

In the event of a bankruptcy of the Company, holders of the Series 2017 Bonds may be deemed to have an unsecured claim to the extent that the Company's obligations in respect of the Series 2017 Bonds exceed the value of the Collateral securing the Series 2017 Bonds, in which case Owners will not be entitled to post-petition interest.

In any bankruptcy proceeding with respect to the Company, it is possible that the bankruptcy trustee, the debtor-in-possession or competing creditors will assert that the value of the Collateral with respect to the Series 2017 Bonds is less than the outstanding amount of the Series 2017 Bonds. In the event a bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Series 2017 Bonds, the indebtedness under the Series 2017 Bonds would be "unsecured." In such circumstances, U.S. federal bankruptcy laws do not permit the payment or accrual of post-petition interest (as discussed below) or any costs or fees (including attorneys' fees), even if provided for by contract, during the debtor's bankruptcy proceeding. Other consequences of a finding of under-collateralization would be a lack of entitlement on the part of the unsecured portion of the Series 2017 Bonds to receive "adequate protection" under U.S. federal bankruptcy laws. In addition, if the proceeds of any sale of the Collateral securing the Series 2017 Bonds are not sufficient to repay all amounts due on the Series 2017 Bonds, the Owners of the Series 2017 Bonds (to the extent not repaid from the proceeds of the sale of Collateral securing the Series 2017 Bonds) would have only an unsecured, unsubordinated claim against the Company's and the guarantors' remaining assets, and there may not be sufficient assets remaining to repay any or all amounts due on the Series 2017 Bonds.

Holders of the Series 2017 Bonds that have a security interest in Collateral with a value equal to or less than their pre-bankruptcy claim will not be entitled to post-petition interest under U.S. federal bankruptcy laws. In addition, if any payments of post-petition interest had been made at any time prior to such a finding of under-collateralization, the Company's ability to continue to pay post-petition interest on the Series 2017 Bonds would cease and any prior payments would be recharacterized by the bankruptcy court as a reduction of the principal amount of the secured claim with respect to the Series 2017 Bonds. No appraisal of the value of the Collateral has been prepared in connection with this offering or will be prepared upon completion of the Project and therefore the value of the interest of the Owners of the Series 2017 Bonds in the Collateral may not equal or exceed the principal amount of the Series 2017 Bonds and accordingly holders of notes may not be entitled to post-petition interest in all or part of a bankruptcy proceeding.

The perfection of security interests in the Collateral securing the Series 2017 Bonds could be wholly or partially voided as a preferential transfer.

Any future pledge of Collateral in favor of the Collateral Agent for its benefit and for the benefit of the trustee and the Owners of the Series 2017 Bonds, including pursuant to the mortgages, which will not be recorded until after the closing date, and the other security documents delivered after the date of the indenture governing the Series 2017 Bonds, could be avoidable in bankruptcy. If the Company was to become subject to a bankruptcy proceeding after the issue date of the Series 2017 Bonds, any mortgage or security interest in other collateral perfected after the issue date of the Series 2017 Bonds would face a greater risk than security interests in place on the issue date of being avoided by the pledgor (as a debtor in possession) or by its trustee in bankruptcy as a preference under U.S. federal bankruptcy law if certain events or circumstances exist or occur, including if the pledgor is insolvent at the time of the pledge, the pledge permits the holders of the Series 2017 Bonds to receive a greater recovery than if the pledge had not been given and a bankruptcy proceeding in respect of the pledgor is

1511236.06-NYCSR03A - MSW

commenced within 90 days following the pledge, or, in certain circumstances, a longer period. To the extent that the grant of any such mortgage or other security interest is avoided as a preference, Owners of the Series 2017 Bonds would lose the benefit of such mortgage or security interest.

Federal and state fraudulent transfer laws may permit a court to void the Series 2017 Bonds, subordinate claims in respect of the Series 2017 Bonds and/or require Owners of Series 2017 Bonds to return payments received and, if that occurs, Owners of the Series 2017 Bonds may not receive any payments on the Series 2017 Bonds.

Federal and state fraudulent transfer and fraudulent conveyance statutes may apply to the issuance of the Series 2017 Bonds and the granting of liens to secure the Series 2017 Bonds. Under U.S. federal bankruptcy laws and comparable provisions of state fraudulent transfer or fraudulent conveyance laws, which vary from state to state, the Series 2017 Bonds or any of the liens securing the Series 2017 Bonds could be voided as a fraudulent transfer or fraudulent conveyance, if (1) the Company issued the Series 2017 Bonds or granted the liens with the intent of hindering, delaying or defrauding creditors or (2) the Company received less than reasonably equivalent value or fair consideration in return for issuing the Series 2017 Bonds or granting the liens and, in the case of (2) any one of the following is also true at the time thereof:

- the Company was insolvent or rendered insolvent by reason of the issuance of the Series 2017 Bonds or the granting of the liens;
- the issuance of the Series 2017 Bonds or the granting of the liens left the Company with an unreasonably small amount of capital to carry on its business; or
- the Company intended to, or believed that the Company would, incur debts beyond the Company's ability to pay such debts as they mature.

A court would likely find that the Company did not receive reasonably equivalent value or fair consideration for the Series 2017 Bonds if the Company did not substantially benefit directly or indirectly from the issuance of the Series 2017 Bonds. As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or antecedent debt is secured or satisfied. The Company cannot be certain as to the standards a court would use to determine whether or not the Company was solvent at the relevant time. Generally, however, an entity would be considered insolvent if, at the time it incurred indebtedness:

- the sum of its debts, including contingent liabilities, was greater than the fair value of all its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they become due.

If a court were to find that the issuance of the Series 2017 Bonds was a fraudulent transfer or fraudulent conveyance, the court could void the payment obligations under the Series 2017 Bonds or subordinate the Series 2017 Bonds to presently existing and future indebtedness of the Company, or require the Owners of the Series 2017 Bonds to repay any amounts received with respect to such Series 2017 Bonds. In addition, the court may avoid and set aside the liens securing the Collateral. In the event of a finding that a fraudulent transfer or fraudulent conveyance occurred, Owners of the Series 2017 Bonds may not receive any repayment on the Series 2017 Bonds or may be required to repay any amounts received with respect to such Series 2017 Bonds.

The ability to transfer the Series 2017 Bonds may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the Series 2017 Bonds.

The Series 2017 Bonds are new issues of securities for which there is no established public market. The Underwriters have advised the Company that they currently intend to make a market in the Series 2017 Bonds as

permitted by applicable laws and regulations. However, the Underwriters are not obligated to do so, and it may discontinue any market-making activities with respect to the Series 2017 Bonds at any time without notice. The liquidity of any market for the Series 2017 Bonds will depend upon the number of holders of the Series 2017 Bonds, the Company's performance, the market for similar securities, the interest of securities dealers in making a market in the Series 2017 Bonds and other factors. If a market develops, the Series 2017 Bonds could trade at prices that may be lower than the initial offering price of the Series 2017 Bonds. If an active market does not develop or is not maintained, the price and liquidity of the Series 2017 Bonds may be adversely affected. Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the Series 2017 Bonds. The market, if any, for any of the Series 2017 Bonds may not be free from similar disruptions and any such disruptions may adversely affect the prices at which you may sell your Series 2017 Bonds. In addition, subsequent to their initial issuance, the Series 2017 Bonds may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar notes, the Company's performance and other factors.

The Company's failure to comply with certain covenants may jeopardize the tax-exempt status of the Series 2017 Bonds.

The Indenture, the Senior Loan Agreement and the Federal Tax Certificate for the Series 2017 Bonds contain various covenants and agreements on the part of the Company and the Issuer, as applicable, that are intended to establish and maintain the excludability of interest on the Series 2017 Bonds from gross income for federal income tax purposes. A failure by the Issuer or the Company to comply with such covenants and agreements, including their respective remediation obligations could, directly or indirectly, cause the interest on the Series 2017 Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Series 2017 Bonds. See "TAX MATTERS—Opinions." Neither the Issuer nor the Company is required to redeem the Series 2017 Bonds should interest thereon no longer be excludable from gross income for federal income tax purposes.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Series 2017 Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Series 2017 Bonds. Prospective purchasers of the Series 2017 Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, and regarding the impact of future legislation, regulations or litigation, as to which Bond Counsel express no opinion.

The Project and the Company may be subject to future litigation, which could have a material adverse effect on the Company, its ability to complete the Project in a timely manner or at all or, once the Project is complete, on the Company's business, financial condition, operating results, cash flows, liquidity and prospects.

From time to time, the Company, the Issuer, the Project and the proposed issuance of the Series 2017 Bonds may be involved in or subject to claims, litigation or other proceedings. Such claims, if adversely determined, could have a material adverse effect on the Company, its ability to complete the Project in a timely manner or at all or on the Owners' investment in the Series 2017 Bonds.

In addition to the claims and potential claims described above, the Company may also subject to claims in the ordinary course of business during the construction of the Project by contractors, construction workers or others who may be injured during the construction phase of the Project. Once operation of the Project has commenced, the Company may also be subject to claims by the Company's customers as result of any accidents or other incidents that may occur in connection with rail travel or by employees of the Manager. Risks associated with legal liability are often difficult to assess or quantify and their existence and magnitude may not be known for significant periods of time. While the Company maintains insurance policies that it believes are appropriate for purposes of the construction of the Project and the operation of the railroad, the amount of insurance coverage may not cover, or be sufficient to cover, individually or in the aggregate, any pending, threatened or potential future claims involving, or related to, the Project or the operation of the railroad.

Any future claims or proceedings, may cause the Company to expend substantial time and resources and the Project and the Company's business, financial condition, operating results, cash flows, liquidity and prospects could be materially adversely affected.

CONTINUING DISCLOSURE OF INFORMATION

Pursuant to the requirements of the Securities and Exchange Commission Rule 15c2-12 (17 C.F.R. Part 240, § 240.15c2-12) ("Rule 15c2-12"), the Company has agreed in a Disclosure Dissemination Agent Agreement, dated as of the Closing Date (the "Disclosure Dissemination Agent Agreement"), between the Company and the Dissemination Agent, to provide certain financial information, other operating data and notices of material events for the benefit of the Owners of the Series 2017 Bonds. A form of the Disclosure Dissemination Agent Agreement is attached hereto as APPENDIX H. A failure by the Company, the Dissemination Agent or the Trustee to comply with the requirements of the Disclosure Dissemination Agent Agreement does not in and of itself constitute an Event of Default under the Indenture. Nevertheless, such a failure must be reported in accordance with Rule 15c2-12 and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Series 2017 Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Series 2017 Bonds and their market price. The Company has not previously been subject to any disclosure dissemination agent agreement under Rule 15c2-12.

LEGAL MATTERS

The Issuer will furnish the Underwriters a transcript of certain proceedings incident to the authorization and issuance of the Series 2017 Bonds. The Issuer will also furnish, at the Company's expense, the approving legal opinion of Bond Counsel substantially in the form set forth in "APPENDIX F — FORM OF BOND COUNSEL OPINION."

The various legal opinions to be delivered concurrently with the delivery of the Series 2017 Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

The Series 2017 Bonds are offered when, as and if executed and delivered and accepted by the Underwriters and subject to receipt of the approving legal opinions on certain legal matters of Greenberg Traurig, P.A., Miami, Florida, as Bond Counsel, and to certain other conditions. Certain legal matters will be passed upon for the Issuer by its special counsel Broad and Cassel, Attorneys at Law, Orlando, Florida; for the Company by its counsel, Skadden, Arps, Slate, Meagher & Flom LLP and Greenberg Traurig, P.A., Miami, Florida; and for the Underwriters by their special counsel, Mayer Brown LLP, Chicago, Illinois.

TAX MATTERS

Opinions

Assuming the accuracy of the certifications of the Issuer and the Company and their continued compliance with their respective covenants in the Indenture, the Senior Loan Agreement and the Federal Tax Certificate for the Series 2017 Bonds pertaining to the requirements of the Code, Bond Counsel is of the opinion that (i) interest on the Series 2017 Bonds is excludable from gross income for purposes of federal income taxation under existing laws as enacted and construed on the date hereof (except for interest on any Series 2017 Bonds while held by a substantial user of the South Segment Project or a related person as defined in Section 147(a) of the Code), (ii) interest on the Series 2017 Bonds will be a preference item for purposes of determining individual and corporate federal alternative minimum tax, and (iii) the Series 2017 Bonds and the interest thereon are not subject to taxation under the laws of the State of Florida, except as to estate taxes and taxes under Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations as defined therein. A copy of the substantially final form of the opinion of Bond Counsel is included in APPENDIX G hereto.

General Requirements

The Code contains various requirements pertaining to the exclusion of interest on Series 2017 Bonds from the gross income of the holders thereof, including numerous requirements pertaining to (a) use of the proceeds of the Series 2017 Bonds, (b) the maturity of, and security for, the Series 2017 Bonds, (c) the payment to the United States of certain amounts earned from the investment of proceeds of the Series 2017 Bonds, (d) the procedure for issuance of the Series 2017 Bonds, and (e) filings with the Internal Revenue Service in respect of the Series 2017 Bonds. The exclusion from gross income of the interest on the Series 2017 Bonds depends upon and is subject to the accuracy of the certifications made by the Issuer and the Company with respect to the use of proceeds, investment of proceeds and rebate of earnings on the proceeds of the Series 2017 Bonds and present and continuing compliance with the requirements of the Code. Failure to comply with these requirements could cause interest on the Series 2017 Bonds to become required to be included in gross income as of the date of original issuance and delivery of the Series 2017 Bonds or as of some later date.

An officer of the Issuer responsible for issuing the Series 2017 Bonds and an authorized representative of the Company have executed the Federal Tax Certificate for the Series 2017 Bonds stating the reasonable expectations of the Issuer and the Company on the date hereof as to future events that are material for purposes of Section 148 of the Code pertaining to arbitrage and certain other matters (the "Tax Certificate"). Therein and in the Indenture and the Senior Loan Agreement, the Issuer and the Company have covenanted that they will not use the proceeds of the Series 2017 Bonds or any moneys derived, directly or indirectly, from the use or investment thereof in a manner which would cause the Series 2017 Bonds to be "arbitrage bonds" as that term is defined in Section 148(a) of the Code. The Issuer and the Company have certified that the Series 2017 Bonds meet the requirements of the Code on the date hereof, and they have covenanted that the requirements of the Code will be met as long as any of the Series 2017 Bonds are outstanding. Also, the Issuer will file with the Internal Revenue Service a report of the issuance of the Series 2017 Bonds as required by Section 149(e) of the Code as a condition of the exclusion from gross income of the interest on the Series 2017 Bonds.

Under the Indenture, the Senior Loan Agreement and the Federal Tax Certificate for the Series 2017 Bonds, as applicable, the Issuer and the Company have covenanted that they will not take any action, or fail to take any action, if any such action or failure to take action would adversely affect the exclusion from gross income of the interest on the Series 2017 Bonds for federal income tax purposes. Interest on the Series 2017 Bonds may become subject to federal income taxation retroactively to the date hereof if such representations or assumptions are determined to have been inaccurate or if the Issuer or the Company fails to comply with such covenants. Bond Counsel has not undertaken to monitor compliance with such covenants or to advise any party as to changes in law or events that may take place after the date hereof that may affect the tax status of interest on the Series 2017 Bonds.

Opinions Are Not a Guarantee

The opinions of Bond Counsel described herein do not constitute a guarantee that a particular federal or state court or any administrative tribunal or agency would reach the same conclusion if it were to consider the

UNDERWRITING

The Series 2017 Bonds are expected to be purchased by _____ (the "Representative") on behalf of itself and the other underwriters described on the cover page of this Limited Offering Memorandum (collectively, the "Underwriters") pursuant to a Bond Purchase Agreement among the Issuer, the Company and the Representative on behalf of the Underwriters. The Underwriters will agree to purchase the Series 2017 Bonds at an aggregate purchase price of \$__ (representing the \$__ aggregate original principal amount of the Series 2017 Bonds less an underwriting discount of \$__ plus a net original issue premium of \$__). The expenses associated with the issuance of the Series 2017 Bonds are being paid by the Company from proceeds of the Series 2017 Bonds and other available funds. The right of the Underwriters to receive compensation in connection with the Series 2017 Bonds is contingent upon the actual sale and delivery of the Series 2017 Bonds. The Underwriters will initially offer the Series 2017 Bonds for sale at the price or yield set forth on the inside cover of this Limited Offering Memorandum. Such price or yield may subsequently change in connection with the marketing of the Series 2017 Bonds. The Underwriters may offer and sell the Series 2017 Bonds to certain dealers (including dealers depositing the Series 2017 Bonds into investment trusts) and others at prices lower than the initial public offering price or prices set forth in this Limited Offering Memorandum. The Underwriters reserve the right to join with dealers and other investment banking firms in offering the Series 2017 Bonds for sale.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Under certain circumstances, the Underwriters and their affiliates may have certain creditor and/or other rights against the Issuer and the Company and its affiliates in connection with such activities. In the various course of their various business activities, the Underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the Issuer and the Company (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the Issuer and the Company. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

question. We have neither applied for nor received a ruling from the Internal Revenue Service with respect to these conclusions, and there is no guarantee that the Internal Revenue Service would reach the same conclusions if it were to audit the Series 2017 Bonds. In particular, we note that, upon audit, the Internal Revenue Service could conclude that the interest on the Series 2017 Bonds is includable in gross income for federal income tax purposes. In such event, a procedural avenue for judicial review of the Internal Revenue Service's conclusion would be available only if a holder refuses to pay the tax assessed, or a holder pays the tax, files for a refund and the refund request is denied by the Internal Revenue Service.

Future Changes in Law

From time to time, there are legislative proposals suggested, debated, introduced or pending in Congress that, if enacted into law, could alter or amend one or more of the federal tax matters described above including, without limitation, the excludability from gross income of interest on the Series 2017 Bonds, adversely affect the market price or marketability of the Series 2017 Bonds, or otherwise prevent the holders from realizing the full current benefit of the status of the interest thereon. It cannot be predicted whether or in what form any such proposal may be enacted, or whether, if enacted, any such proposal would apply to the Series 2017 Bonds. If enacted into law, such legislative proposals could affect the market price or marketability of the Series 2017 Bonds. Prospective purchasers of the Series 2017 Bonds should consult their tax advisors as to the impact of any proposed or pending legislation.

Information Reporting and Backup Withholding

Interest paid on tax-exempt bonds such as the Series 2017 Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the Series 2017 Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of Series 2017 Bonds, under certain circumstances, to "backup withholding" at the rates set forth in the Code, with respect to payments on the Series 2017 Bonds and proceeds from the sale of Series 2017 Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of Series 2017 Bonds. This withholding generally applies if the owner of Series 2017 Bonds (i) fails to furnish the payor such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnished the payor an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the payor or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. SECTION 9. Disclosure Dissemination Agent. The Company has appointed Digital Assurance Certification, L.L.C. as exclusive Disclosure Dissemination Agent under this Disclosure Agreement. The Company may, upon thirty days written notice to the Disclosure Dissemination Agent and the Trustee, replace or appoint a successor Disclosure Dissemination Agent. Upon termination of DAC's services as Disclosure Dissemination Agent, whether by notice of the Company or DAC, the Company agrees to appoint a successor Disclosure Dissemination Agent or, alternately, agrees to assume all responsibilities of Disclosure Dissemination Agent under this Disclosure Agreement for the benefit of the Holders of the Bonds. The Disclosure Dissemination Agent may resign at any time by providing thirty days' prior written notice to the Company.

SECTION 10. Remedies in Event of Default. In the event of a failure of the Company or the Disclosure Dissemination Agent to comply with any provision of this Disclosure Agreement, the Holders' rights to enforce the provisions of this Agreement shall be limited solely to a right, by action in mandamus or for specific performance, to compel performance of the parties' obligation under this Disclosure Agreement. SECTION 11. Duties, Immunities and Liabilities of Disclosure Dissemination Agent.

(a) The Disclosure Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement. The Disclosure Dissemination Agent's

The reasonable fees and expenses of such counsel shall be payable by the Company.

SECTION 12. Amendment; Waiver.
